Re: Live stream for Commissioners meetings

Here is the proposal we discussed with Ryan Heine regarding live streaming the Commissioners meetings.

We (known as 5 Star Streaming) will provide all of the necessary equipment to live stream the meetings to the standards you prefer. We will pay \$50.00 per meeting to the person who runs the livestream each meeting.

We also provide back end troubleshooting and we will train the person who runs the stream.

Yankton County retains the digital rights to the video.

In return for helping put this together and facilitating the meetings we ask that these streams are broadcast on 5 Star Streaming on youtube

Videos will have a timestamp and include presentation views.

We have permission to put an advertisers watermark logo at the bottom of the stream each meeting.

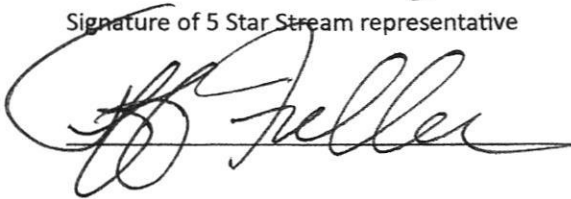

Add a disclaimer splash screen: The Yankton County Commission is not affiliated with or endorsing 5 star Communications or its advertisers. In addition, 5 Star Streaming advertiers do not necessarily agree with the content of information shared during the meetings

Signature of acceptance from Yankton County Commissioners:

Date 2/20/24

Signature of 5 Star Stream representative

Date 2/14/24
