County Commission
Yankton County

RE: Approval of Five-Year County Highway and Bridge Improvement Plan

I am pleased to inform you that your Five-Year County Highway and Bridge Improvement Plan is complete as submitted and is officially approved. A copy of the signed and dated Certification Form is attached for your records. Applications for the Bridge Improvement Grant Program can now be submitted for structures as listed in your approved Plan.

If you have any questions, please call me at 773-3576.

Sincerely,

Wade Dahl
Urban Systems Engineer

MY COMMISSION EXPIRES 10/18/24

LETTER TO THE EDITOR

According to the media, Covid is on the rise in South Dakota.

I recently returned to South Dakota from Arizona where, also according to the media, Covid is on the decline.

In Arizona it is mandatory to wear a mask and signs on door fronts in all businesses state, "A mask must be worn to enter."

All cashiers, serving people, etc. must wear masks. There are also protective plastic shields protecting the cashiers and carts are sanitized by store employees as soon as they are returned from cart racks.

I saw the same protective shields in all the gas station while traveling from Arizona to South Dakota.

On a recent trip to the local grocery store, only 75% of the customers had on masks, there were no protective shields protecting the cashiers, the only sign on the door was to practice social distancing, and the cart sanitizing was left to the customer with the cleaner and paper towels provided.

Thank you

Your many acts of kindness and sympathy continue to be a great comfort to us in our time of sorrow.

To the family and many friends of the late Filmore Mutschelknaus, we wish to extend our sincere thanks for the many acts of kindness, condolences, and support we received before and after his going to Heaven. Thank you for the cards for Filmore's 90th birthday and our 70th anniversary. Thank you all for the calls, cards, money, visits, flowers, condolences, support, prayers, hugs, food, and memorials you have shown and given our family.

We also send our gratitude and appreciation to Pastor Dean Schroeder for always being there, providing a very wonderful and meaningful service, and all of our church family. Also we wish to thank Lesterville EMTs and the Fire Dept. for always being there when needed, Dr. Megard and nurse Teresa, Dr. Neilson and the dialysis staff at Avera, and the staff of Goglin Funeral Home.

We also wish to send a big thank you and heartfelt gratification to Sharon Marie Dvoracek for organizing and all of the Martinus church members who helped make the Prayer service and Funeral lunch possible.

Gods Blessings

The family of Filmore Mutschelknaus

5 – Year Plan Public Meeting For 2021-2025

September 23, 2020

6:00 PM

Notes & Public Input

Road Improvement

- Mike, Yankton County Superintendent, started the meeting by saying the reason Yankton County Highway Department does a 5 year plan is so Yankton County can apply for grant money and also it makes for a good plan for the roads and the road system in the county.
- The Revenue Source Table was discussed first. It shows the breakdown of the various sources of incoming money comes for the budget aspect of the plan.
- There was a question on 303 as this road was ground up and the person was asking when the roads would be paved again.
- Cheri Loest, Chair for last year's road Task Force, talked about how the roads were categorized as "A" "B" or "C" roads for the purpose of simplifying the maintenance of all roads. This Task Force held numerous public meetings throughout the county last year to find out what the public wanted.
- Next Mike present the County Project Plan on the roads for each year. He went through large maps that showed the roads being Chip Sealed, Asphalt Patch/Edge Repair or Crack Sealed. The connection between what was done for each year to the next was discussed and how this created a maintenance and repair plan for the road system. The roads scheduled in each of these categories for each year were discussed.
- This year (2020) 46 ½ miles of road were chip sealed.
- Next year (2021) the plan is to chip seal 52 mile s of roads.
- In 2022 the plan is to chip seal 53 miles of road.

Bridge Repair/Replacement

- A map showing all the bridges that needed repair or replacement during the next five years was presented. The type of project each bridge would require was discussed.
- Specifically Stone Church Bridge, Johnson Bridge and Fleeg's Bridge were discussed.
- Cheri Loest said the state has rules on whether a bridge can be a rehab bridge or a replacement bridge. We need to follow the rules if Yankton County wants to be awarded any money.
- Several pages on all the Yankton County bridges showed the reduction for the number of bridges with load limits. The goal is to work towards bridges with a sufficiency rating above 60.
- The last item presented was a Project Status List showing the items completed or incomplete. Two full reclamation projects have been completed.

One Last Item

- The Bike Trail along Hwy 52 was brought as there were questions as to whether any further work is scheduled.
