STRANGE BUT TRUE

* The Grand Canyon is so big that it creates its own weather.

* The blood in that infamous "Psycho" shower scene was actually chocolate syrup.

* Hungarian composer Franz Liszt received so many requests for locks of his hair that he bought a dog and sent fur clippings instead.

* The Bible is the most commonly stolen book in the world.

* Pill bugs, also known as roly-polys, are not insects but rather crustaceans. They breathe through gills and are more closely related to shrimp and lobsters than other bugs.

COVID

From Page 1

The University of South Dakota online portal Monday showed seven active cases (5 students, 2 staff), down seven from Friday. The number in quarantine/isolation dropped by six to 20, including one on campus (5).

Late Monday, Mount Marty University reported no active cases, which was unchanged from Thursday.

In the weekly update of community spread levels across the state, Turner County's level was lowered from high to substantial community spread. In the area, Bon Homme County is also at substantial community spread, while all other counties are in the high category.

Statewide, 33 of the state's 66 counties were shown with high community spread, down two from last week.

Lorraine Dorothy Guthmiller was born on July 16, 1928 in rural Hutchinson County near Freeman, South Dakota to Albert and Mabel (Gulickson) Guthmiller. She attended rural country school and Menno High School. Lorraine was united in marriage to Elmer Baltzer on December 29, 1946 in Parker,

Lorraine Baltzer

South Dakota. She was a lifelong farmer's wife and in later years worked in food service at the Scotland Good Samaritan Society and Landmann-Jungman Memorial Hospital as the dietary manager. She also owned and operated the Sportsman Cafe in

Scotland for seven years. Lorraine took pride in hosting family gatherings and cherished the time she spent with her children, grandchildren and great grandchildren. She was a wonderful cook and enjoyed preparing her family's favorites. Lorraine was a member of the Scotland Community Church and was active with the women's fellowship. Elmer was a WWII veteran and Lorraine was a member of the Paul Grosshuesch VFW Post #226 women's auxiliary of Scotland and she took great pride in serving as a color bearer for many years. Lorraine will live on in the hearts of her four children: Dale (Lori) Baltzer of Scotland,

Peggy (Ron) Zink of Sterling, Colorado, James Baltzer of Madison and Jerry Baltzer of Scotland; eight grandchildren: Jason (Kristi) Baltzer, Ryan Kronaiz, Anthony Baltzer, Nicole (Jerry) Caton, Andrea (Aaron) Logband, Ashley (Frank) Doerksen, Cody (Stacey) Zink, and Haley (Tyler) Vandenberg; 13 great-grandchildren; daughter-in-law Linda Ulmer; sister Marge Sorenson; sister-in-law Betty Guthmiller, and numerous nieces and nephews.

In addition to her parents Albert and Mabel Guthmiller, she was preceded in death by Elmer her husband of 66 years; her son Terry Baltzer; her daughter

Kathy (Baltzer) Kronaiz; one sister Irene Inig; three brothers: Mervin, Emmett (Marguerite), and Laverne (Marge) Guthmiller; and in-laws Heins Heinsohn and Lorrel Sorenson, Eugene (Elda), Gilbert (Bertha), Rueben (Ruth) Baltzer, and Oliva (Albert) Hoff.

John Hess

John Saver Hess was born July 21, 1941 to Lowell M and Laura (Hase) Hess at Scotland, South Dakota. John graduated from Scotland High School in 1959. Following high school he attended college at Southern State Teachers College in Springfield, MO. He graduated with a Bachelor's Degree in Secondary Education. He taught school in Indiana and one year in Scotland prior to moving to the family farm. He loved farming and being back on the family dairy farm and had said many times, "There was nothing he would rather do."

John married the love of his life, Mehta Winkler Anderson on August 5, 1981 at Sioux Falls, SD. John and Mehta celebrated 40 years of marriage August 5, 2021.

John Hess

After his retirement from farming, John enjoyed helping Mehta with their craft business and did all the wood working for her crafts.

John always looked forward to visits from the grandkids and their trips with them out west. He was a history buff and loved South Dakota old west history. He also treasured

the family trips in the fall to Wisconsin Dells or Rapid City. He had a unique sense of humor, that he inherited from his dad, and always had a joke ready to tell.

In addition to being the best husband, father and grandfather, John was a devout Christian and dedicated his life to Jesus.

John passed away Wednesday, September 8, 2021 at Menno-Olivet Care Center at the age of 80.

John is preceded in death by his parents, Lowell and Laura Hess and Joseph and Martha Winkler.

Surviving, in addition to his wife, Mehta Hess are his three daughters, Lana (Tad) Kasten and children, Jennifer Langley and Joshua Kasten; Shawna (Dave) Saurmeier and children

Melissa Tucker and Jaymie Bloch; Catherine (James) Hunt and children, Jimmy Hunt and Alison Hunt; one son, John (Stacy) Hess and children Mercedes and Dawson Hess along with step-daughters, Savannah, Samantha and Sierra Sioux Deutscher; three step-sons, Perry (Mary) Anderson and children Christopher Anderson, Dustin Anderson, and Jordan Anderson; Bruce (Linda) Anderson and children Adam Anderson and Ashley Anderson, and Mark (Pat) Anderson and children Brett Anderson and Eric Anderson; one step-daughter, Tracy Hill (Barry Wiens) and children Billy Pritchard, Dean Pritchard, Michaela Hill and Dakota Hill; 18 great-grandchildren; one brother, James (Karen) Hess; one sister, Donna Muhmel and

many nieces and nephews. In lieu of flowers, memorials may be made in John's honor, to Salem Reformed Youth and Menno-Olivet Care Center. A private family service will be held for John Hess on Saturday, September 18, 2021 at Salem Reformed Church in Menno, SD.

5 – Year Plan Public Meeting For 2022-2026

September 15, 2021

10:00AM

Notes & Public Input

Road Improvement

- Mike, Yankton County Superintendent, started the meeting by saying Yankton County Highway Department does a 5-Year Plan each year so that Yankton County can apply for grant money.
- The first item discussed was the Revenue Table which shows the breakdown of the various sources of income for budgeting for the plan.
- Mike discussed the roads being worked on for each year. He used maps of Yankton County showing which category of work the roads were assigned for each year. The roads fell into three basic groups: Crack Seal, Asphalt Overlay, and Chip Seal. The order these categories needed to be followed was pointed out.
- A Project Plan for each year was also provided. The data on these sheets listed the specific areas on the roads being repaired. This information provides the county residents with information on planned upcoming work.
- There was a question on 294th Street as this road was ground up and the dust is bad. The person wanted to know what could be done and if the road would be hard surfaced again. Also there was a question on 304th as to whether this would become a hard surface road again.
- One person asked about the shoulders on the roads as they are needing attention from when larger equipment has to pull over onto the shoulder to allow traffic to pass.
- There was a question on micro surfacing and if it could be used. The cost and benefits of this type of road maintenance were compared to chip sealing.
- A Project Status List for roads showed where the county is on the chip seal, edge repair/patch and crack seal. It shows the number of completed projects and those in progress or cancelled.

Bridge Repair/Replacement

- Mike said the goal was to replace 1-2 bridges every year if possible.
- The use of steel structures was discussed in conjunction with the impact that weather, water and salt have on them.
- Mike said that using concrete bridges for hard surface roads and steel culverts on gravel roads is the plan. Also the use of hydraulic studies and 2 year inspections were mentioned as factors in determining bridge replacements
- Two bridges have already been replaced by using multiple culverts and rip rap per bridge.
- The Sufficiency Rating information on the Yankton County bridges showed which bridges had a sufficiency rating above 60. The list indicated the number of bridges with this higher rating is increasing. The goal is to continue to increase the number of bridges to this level or above.
- The Project Status List for Bridges showed the status on bridges replaced or to be replaced. This list showed which bridges could be eligible for grants.
