### Instructions for Marking No Spray Area

You will need to install (2) two signs, one at the beginning and one at the end of the no spray zone. The signs should be white with black lettering, 12"x18". The signs must be clearly visible and placed on the right-of-way line. Failure to maintain signage may result in inadvertent application of herbicides.

**I accept responsibility for vegetation maintenance and weed control, in accordance with SDCL 38-22. I understand that if I do not control vegetation in the right-of-way, Yankton County may revert back to herbicide application(s).**

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

Please call 605-260-4473 to request a form or visit our website at [www.co.yankton.sd.us/custom/weed](http://www.co.yankton.sd.us/custom/weed) to download this form and email it to [beth@co.yankton.sd.us](mailto:beth@co.yankton.sd.us). You can call us each year to renew, but we will require a new form every (5) five years.

This form is valid for (1) one year only beginning with the signed date and ending in December of that year.
