

FOR IMMEDIATE RELEASE

Starting today, September 3rd, 2020, all Yankton County Government Buildings will be implementing several changes that you need to be aware of when doing business there.

First, everyone entering the building should utilize the hand sanitizer station before proceeding further into the building.

Secondly, masks will be worn when in the building by both staff and patrons. Please bring your mask with you when doing business there. If you do not have a mask, one will be provided to you at the counter that you are doing business at. All departments have them available for you as needed.

During this pandemic, your safety and the safety of our employees are of the utmost importance to us. The use of masks will continue until further notice.
