Guidelines for Public Comment Period

Public comment is a time for persons to address this body on any subject. No action may be taken on a matter raised under this item of the agenda until the matter itself has been specifically included on an agenda as an item upon which action will be taken. Each person has up to three minutes to speak. There shall be no personal attacks against the members of this body, County Staff, or any other individual. The Chair has the authority to enforce this policy. Failure to adhere to these rules may result in forfeiture of the remaining speaking time.

YANKTON COUNTY ORDINANCE 2020 ARTICLE 28

(formerly Ordinance #20)

SUBDIVISION REGULATION ORDINANCE YANKTON COUNTY, SOUTH DAKOTA

Yankton County Planning & Zoning Department

April 14, 2014 _____, 2020

DEFINITIONS

- 1. Arterial Road- A principal traffic artery which is more or less continuous across the County.
- 2. Building -
 - A) The word "building" includes the word structure and is a structure that is entirely separate from any other structure by space or by walls in which there is no communicating doors or windows or similar openings. A principle building including covered porches and paved patios, is a building in which is conducted the principle use of the lot on which it is situated. In any residential district, any dwelling shall be deemed to be the principle building on the lot on which the same is situated.
 - B) Building A structure having a roof supported by columns or walls for housing, shelter; or enclosure of persons, animals, movable personal property or property of an kind.
 - C) Building, Principle A building in which is conducted the principle use of the lot on which it is situated. In a residential district any dwelling is deemed to be the principle building on the lot which it is situated. The principle dwelling shall meet Yankton County Zoning Ordinance #16, Article 15, Section 1527 Principle Dwelling Performance Standards.
 - D) Building, Accessory A building which is subordinate, and the use of which is incidental to that of the principle building, structure or use on the same lot.
- 3. Collector Road A road which carries traffic from local roads to arterial roads and highways, including the principle entrance roads of a residential development and roads for circulation in such development.
- 4. Comprehensive Plan Any legally adopted part or element of the Comprehensive Plan of Yankton County.
- 5. County Yankton County, South Dakota.
- 6. County Commission A duly elected governing body of Yankton County.
- 7. Cul-de-sac Road- A local right-of-way with only one outlet that terminates in a vehicular turnaround and having an appropriate terminal for the safe and convenient reversal of traffic turnaround.
- 8. Publically Dedicated Property- A grant of land deeded to the public for their perpetual use.
- 9. Developer The owner of the property being platted or replatted or the person designated by the owner as being responsible for the development of the property. The terms "subdivider" and "developer" are synonymous and used interchangeably, and shall include any person, partnership, firm, association, corporation and/or any officer, agent, employee and trustee thereof who does or participates in the doing of any act toward the subdivision of land within the intent, scope and purview of this Ordinance. The developer shall also be defined as the builder or contractor if they are responsible for the construction of buildings and/or structures or permanent improvements.
- 10. Double Frontage Lot- A lot which abuts a road on two opposite sides (not a corner lot).

- 11. Easement Authorization by a property owner for the use by another, and for a specified purpose, of any designated part of their property. For the purposes of this Ordinance the term shall primarily be used to describe utility access.
- 12. Final Subdivision Plan The plan shall include final drainage and grading plans and an erosion control plan.
- 13. Frontage Road A road generally located adjacent and parallel to an arterial road, used only for access to abutting property providing limited access to the arterial road.
- 14. Highway Superintendent The person appointed by the County Commission to direct the operations of the County Highway Department.
- 15. Local Road A road intended to provide access to arterial and collector roads from individual properties in a subdivision and to provide right-of-way for various utilities but not intended to be used for through traffic.
- 16. Lot A lot is a parcel of land of at least sufficient size to meet minimum zoning requirements for use, coverage, and area, and including such yards and other open spaces as are herein required. Such parcel shall have frontage on an improved public right-of-way, or approved private right-of-way, and may consist of a single lot of record; a portion of a lot of record; a combination of complete lots of record, of complete lots of record and portions of lots of record; in no case of division or combination shall any residual lot or parcel be created which does not meet the requirements of this ordinance, unless approved by the County Commission.
- 17. Major Road Plan The transportation plan adopted as part of the Comprehensive Plan by the County Commission.
- 18. Monument A boundary marker of concrete, enduring stone or material, permanently planted and firmly fixed in the ground placed so that the top of the monument is flush with natural ground. The monument shall meet current professional survey standards.
- 19. Planning Commission The Yankton County Planning Commission, a body of persons having the power to hear and make recommendations to the Board of Adjustment or County Commission, based on Findings of Fact, in accordance with provisions of the Subdivision Ordinance, on requests for conditional use permit, variance, amendment or change in zoning. The term Planning Commission shall be synonymous with Planning and Zoning Commission and Commission, but shall not include Board of Adjustment or Zoning Board.
- 20. Plat A map, or representation on paper, depicting a piece of land subdivided into lots, parcels, tracts or blocks, including roads, right of ways, commons, and public grounds, if any, all drawn to scale and complete and showing all irrevocable offers of dedication.
- 21. Preliminary Plan A map depiction consisting of the preliminary subdivision plan, and showing the preliminary drainage and grading plan.
- 22. Preliminary Subdivision Plan Maps, drawings and /or writings indicating the proposed layout of the lots, blocks, and public rights-of- way within a subdivision.

- 23. Private Roadway An access that has not been dedicated, but rather reserved as private access to property. The access shall be owned and maintained by the property owners which it serves, and shall be the full width of the easement including the driving surface and ditches.
- 24. Replat A map depiction changing an approved or recorded subdivision plat which affects any road layout, area reserved for public use, or lot line.
- 25. Right-of-Way; ROW An area of land that is legally described in a registered deed. The term right-of-way shall include any defined access route or point including but not limited to public and private accesses, road easements, streets, roads, and drives other than a private drive serving a single owner.
- 26. Sketch A rough draft drawing depicting the general layout of roads, reservations of land, road improvements, drainage, and the availability of services. This depiction is intended to provide the Zoning Administrator with a reference point for discussion and review and to make recommendations. The Zoning Administrator shall review the sketches for compliance to a formal subdivision checklist.

27. Structure -

- A) Anything constructed or erected which requires location on the ground, or attached to something having a fixed location on the ground. Among other things, structures include, but are not limited to, buildings and manufactured homes. This definition does not include semi-portable agricultural structures.
- B) Anything manufactured or constructed by humans, as opposed to that occurring in nature, which is affixed, anchored, or otherwise attached to or below surface of the ground.
- C) Anything manufactured or constructed by humans, as opposed to that occurring in nature, which is attached, to something else having been affixed, anchored, or otherwise attached to or below the surface of the ground.
- D) Structure, Accessory A structure which is subordinate to a principle building and the use of which is incidental to that of the principle use on the same lot.
- 28. Subdivision The division of a parcel of land into more than two (2) lots; or parcels less than twenty (20) acres in size platted for the purpose of transfer of ownership, or building development, whether future or immediate; or any division of land involving a new road regardless of parcel size or the number of parcels. (SDCL 11-3-8)
- 29. Unconventional Septic Systems All septic systems which are not defined as "On-site wastewater system a system designed to contain, distribute, or treat wastewater on or near the location where the wastewater is generated, including sewers, septic tanks and absorption fields".
- 30. Zoning Administrator An official of the County, hired by the Yankton County Commission, to administer and enforce the Subdivision Regulations and other provisions of the Yankton County Zoning Ordinance. This official may be given administrative authority to approve future plats in a subdivision after a final subdivision plan has been approved by the Yankton County Board of Adjustment or Yankton County Commission.

ARTICLE 1

GENERAL PROVISIONS

Section 101 2801 Title

These regulations shall be referred to as the Subdivision Regulation Ordinance of Yankton County, South Dakota.

Section 102 2802 Purpose

It is the purpose of this ordinance to regulate the subdivision of land so as to provide coordination of roads with other subdivisions and transportation plans; to set aside adequate areas for public uses, water and sanitation facilities, drainage and flood control; to foster efficient and orderly growth compatible with the natural environment; to prevent unauthorized land subdivision; to protect and provide for the public health, safety, and general welfare of the County; and to conform with the comprehensive plan.

Section 103 2803 Jurisdiction

- A) These subdivision regulations shall apply to all subdivisions of land, as described herein, located within the unincorporated area of the county.
- B) It shall be unlawful for any person having control of any land within the jurisdiction of the County to subdivide or lay-out such land in lots less than twenty (20) acres, unless by plat, in accordance with the laws of the State of South Dakota and the regulations contained herein.
- C) No land shall be subdivided until the owner or developer has submitted the preliminary plan, if required, to the Planning Commission for its approval.
- D) No plat shall be recorded in the office of the Register of Deeds and no lots shall be sold from such plat unless and until approved as herein provided. The Register of Deeds shall not record any document of any sale or transfer of unplatted property except in accordance with this ordinance.

Section 104 2804 Conformity With Other Plans

In addition to the requirements established herein, all subdivision plans and plats shall comply with the following laws, rules, and regulations:

- A) The Comprehensive Plan for the County and the policies set forth therein.
- B) The Zoning Ordinance of the County.
- C) Other plans which may be or have been adopted that would affect the subdivision and use of the land. An example is the Flood Damage Prevention ordinance.

Section 105 2805 Interpretation, Abrogation and Severability

A) In interpreting and applying the provisions of this Ordinance, these regulations are the minimum requirements for the promotion of public safety, health, and general welfare. It is not the intent of this Ordinance to uphold, repeal, abrogate or impair any existing easement, covenant, or deed restriction, or

- non-conforming lots of record at the effective date of adoption or amendment of the Subdivision Ordinance, where these provisions conflict or overlap.
- B) Should any provision of this ordinance be declared invalid by a court of competent jurisdiction, such decision shall not affect the validity of the ordinance as a whole or any portion thereof.

Section 106 2806 Amendments

For the purpose of providing for the health, safety and general welfare of the community, the County Commission may from time to time amend the provisions imposed by these subdivision regulations.(SDCL 11-2-30) Public hearings on all proposed amendments shall be held by the Planning Commission and the County Commission in the manner prescribed by law. (SDCL 11-2-18)

Section 107 2807 Fees (amended YC 03-18-2014)

- A) A fee of \$30.00 as set by the County Commission shall be charged for the filing of a preliminary subdivision plan. The developer shall pay to the Planning Department a fee in the amount of \$100.00 as set by the County Commission for the final subdivision plan, including all plats to be filed with the Register of Deeds at this approval period. All additional plats submitted after the initial final subdivision plan shall pay a fee of \$25.00 as set by the County Commission for each plat shown on the final subdivision plan. Prior to release of the plat, the developer shall also pay for the cost of all road signs as specified in Section 801 2826 (C). (approved YC #20 04 09 2014)
- B) A fee of \$100.00 as set by the County Commission shall be charged for the filing of a subdivision variance.
- B) The developer shall pay to the Planning Department a fee in the amount of \$100.00 for the final subdivision plan, including all plats to be filed with the Register of Deeds at this approval period. All additional plats submitted after the initial final subdivision plan shall pay a fee of \$25.00 as set by the County Commission for each plat shown on the final subdivision plan. Prior to release of the plat, the developer shall also pay for the cost of all road signs as specified in Section 801(C). (approved YC #20 04-09-2014)

ARTICLE 2

ENFORCEMENT

Section 201 2808 Powers and Duties

- A) The Zoning Administrator is hereby authorized to administer and enforce this ordinance. Any appropriate actions may be taken by law or in equity to prevent any violation of this ordinance, to prevent unlawful construction, to recover damages, to correct or abate a violation, or to prevent illegal occupancy of a building, structure, or premises. These remedies shall be in addition to the penalties described below.
- B) In their interpretation and application, the provisions of this ordinance shall be held to be the minimum requirements for the promotion of the public health, safety, and general welfare.

Section 202 2809 Variations and Exceptions

Whenever the tract to be subdivided is of such unusual size or shape, or is surrounded by such development or unusual conditions that the strict application of this ordinance would result in real difficulties or substantial hardship or injustice, the Planning Commission, after a report detailing the exception or variance by the Zoning Administrator, may recommend and the County Commission may approve modifications in the requirements so that the developer may develop the property in a reasonable manner, but so that, at the same time, the public welfare and interests of the County are protected and the general intent and spirit of this ordinance are preserved.

Section 203 2810 Violations

- A) No person, firm, or corporation shall transfer or sell any parcel either by reference to, exhibition of, or by the use of a final subdivision plan before such lot or subdivision has been approved by the County in accordance with this ordinance and has been filed with the County Register of Deeds.
- B) The subdivision of any lot or any parcel of land, by the metes and bounds description for the purpose of sale (pursuant to SDCL 43-21-1), transfer or lease, with the intent of evading the terms of this ordinance shall not be permitted.
- C) No zoning or building permit shall be issued for the construction of any building or structure located on a lot or plat subdivided or sold in violation of the provisions of this ordinance.

Section 204 2811 Penalties

Any person, firm, or corporation violating the provisions of this ordinance shall be guilty of a Class 2 Misdemeanor and shall be punished pursuant to SDCL 7-18A-2. Each and every day that the violation continues may constitute a separate offense.

ARTICLE 3

SUBDIVISION PLANS IN GENERAL

Section 301 2812 Plat Required

Whenever any subdivision of land into a lot or lots less than twenty (20) acres is proposed, before any contract is made for the sale of any part thereof, and before any permit for the erection of a structure in such proposed subdivision shall be granted, the developer, owner, or authorized agent shall apply for and secure approval of such proposed subdivision in accordance with the procedures set forth below.

Section 302 2813 Recording, Use and Selling

- A) No plat of any subdivision shall be allowed to be recorded with the Register of Deeds or have any validity until it has been approved in the manner prescribed by this ordinance. If any such unapproved plat is recorded, it is invalid and the County Commission shall institute proceedings to have the plat stricken from the records.
- B) No owner, or agent of the owner, of any land located within a subdivision shall transfer or sell any land by reference to, exhibition of, or by the use of a subdivision plan before a plat of said land has been approved and recorded in the manner prescribed herein.
- C) No local agency shall issue any permit or grant any approval necessary to develop any real property which has been divided, or which has resulted from a division, in violation of the provisions of this Ordinance if it is found that such real property is contrary to the public health, safety, or welfare. The authority to deny such a permit shall apply whether the applicant was the owner of record at the time of such violation or whether the applicant is the current owner of record or a vendee of the current owner pursuant to a contract of sale with, or without, actual or constructive knowledge of the violations at the time of acquisition of his interest in said real property.

Section 303 2814 Plat Approval Process

All proposed subdivision plats must be approved through a three-phase development process. When there are five or less lots being platted, the requirements for a sketch plan and preliminary plan may be waived by the Zoning Administrator.

- A) Sketch Plan Prior to the submission of the preliminary plan to the Planning Commission, the developer shall present a sketch of the proposed plan to the Zoning Administrator for discussion and comments regarding the requirements for the general layout of roads, reservations of land, road improvements, drainage, and similar matters as well as the availability of services. The Zoning Administrator shall utilize a Yankton County Commission approved subdivision checklist to evaluate all sketch plans and shall require completion of all tasks listed on the subdivision checklist before the sketch plan / preliminary plan is submitted to the Planning Commission.
- B) Preliminary Plan Based on the discussion of the sketch plan, the applicant shall submit the preliminary plan for approval. The preliminary plan shall provide all of the information indicated in Section 401. This plan will be subject to review by the Zoning Administrator and Highway Superintendent, and approval of the Planning Commission and the County Commission.

C) Preliminary and Final Plats/Plans - The final plan shall consist of the proposed plat, Latitude/Longitude on a minimum of two connections to roads or section lines, an electronic submittal of the plat in either AutoCAD (dwg format) or an ESRI (Shapefile format), the final drainage and grading plan, and the final erosion control plan. The plat shall provide the information indicated in Section 502 2820 and shall require the approval of the Zoning Administrator Planning Commission and County Commission. Either all or a portion of the preliminary plan may be platted for approval by the Zoning Administrator.

Flood Designated Areas. When located within flood prone areas as designated on the Flood Insurance Rate Map (FIRM), all subdivision proposals:

- 1. Shall be consistent with the need to minimize flood damage;
- 2. Shall have public utilities and facilities such as sewer, gas, electrical, and water systems located and constructed to minimize flood damage;
- 3. Shall have adequate drainage provided to reduce exposure to flood damage and shall not put additional burden on adjacent land owners; and
- 4. Shall provide base flood elevation data for subdivision proposals and other proposed development which contain at least fifty (50) lots or five (5) acres (whichever is less).

Replats

If the land proposed for platting is a resubdivision, it shall require a preliminary plan and a plat of the resubdivision, requiring the same review and approval procedures as the preliminary plan and the plat, unless the resubdivision meets the requirements set forth in Section 601. The Zoning Administrator may waive the requirements for a preliminary plan.

Filing Fee

The developer shall pay to the Planning Department a fee in the amount of \$100.00 as set by the County Commission for the final subdivision plan, including all plats to be filed with the Register of Deeds at this approval period. All additional plats submitted after the initial final subdivision plan shall pay a fee of \$25.00 as set by the County Commission for each plat shown on the final subdivision plan. Prior to release of the plat, the developer shall also pay for the cost of all road signs as specified in Section 801 2826 (C). (approved YC #20 04-09-2014)

ARTICLE 4

PRELIMINARY PLAN

Section 401 2815 Information Required

Whenever a preliminary plan is proposed, the developer shall submit a plan at standard, defined scale no smaller than 8 ½" X 11" and no larger than 15" X 26". The preliminary plan shall be submitted to the Planning Department and shall contain the following:

- A) Preliminary Subdivision Plan
 - 1) The name of the proposed subdivision and location by quarter section, section, township and range. Subdivision names shall not duplicate, be the same spelling, or alike in pronunciation with

any existing subdivision located in the same section, unless it is an extension of or adjoining an existing subdivision. All subdivision names shall be subject to approval by the Zoning Administrator.

- 2) The names of all adjacent subdivisions and their platting pattern. Adjoining unplatted land shall be labeled as such.
- 3) The correct legal description. Notations stating acreage, scale, and north arrow.
- 4) The owner, developer, and surveyor's names and telephone numbers.
- 5) Vicinity map, showing locations of the preliminary plan and surrounding property.
- 6) Exterior boundaries of the proposed subdivision referenced to a corner marker of the U.S. Public Land Survey, corner marker of adjacent subdivision or existing survey plat and the total acreage encompassed thereby.
- 7) The location and width of all proposed and existing road rights-of-way, existing structures, easements, railroad rights-of-way, standard survey notations, topography and aerial maps/photographs.
- 8) Existing contours at vertical intervals not greater than ten feet. A lesser interval may be required in those cases where the character or topography of the land is difficult to determine.
- 9) A systematic lot and block numbering pattern, lot lines and road names.
- 10) The dimensions and acreage of all lots.
- 11) Latitude/Longitude on a minimum of two connections to roads or section lines, an electronic submittal of the plat in either AutoCAD (dwg format) or an ESRI (Shapefile format)
- B) Other Preliminary Plans.

Generally, the following plans shall be submitted in conjunction with the preliminary plan:

- 1) Preliminary Drainage and Grading. The existing drainage pattern for the area should be generally shown along with any proposed cut and fill operations which would alter the existing drainage patterns.
- 2) Erosion Control. In any proposed subdivision in which an area greater than five acres will be disturbed, or in areas where topographic features are such that erosion, siltation or temporary runoff problems may occur, a site plan shall be required showing how these problems will be resolved.
- 3) Wastewater and Septic System. All unconventional septic systems will provide specific details as required by South Dakota Codified Law (chapter 34A-2) and South Dakota Administrative Rules (chapter 74:53:01).

Section 402 2816 Approval of Preliminary Plan

After the preliminary plan has been recommended for approval or disapproval by the Planning Commission, it shall be kept on file in the office of the Zoning Administrator. Approval of the preliminary plan shall indicate approval of the development concept only, and it does not constitute an acceptance or approval of the subdivision plan; therefore, no zoning or building permits shall be issued based on the approval of the preliminary plan.

Section 403 2817 Effective Period of Preliminary Approval

The approval of a preliminary plan shall be effective for a period of 18 months with a single extension of 18 months, at the end of which time approval of the subdivision plat or a portion thereof must have been obtained from the County Commission. Any plan which has not received approval for all or a portion of it within the period of time set forth herein, shall be null and void, and the developer shall be required to resubmit a new plan for preliminary approval subject to any new subdivision regulations.

Section 404 2818 Revisions to Preliminary Plan

Minor amendments to an approved preliminary plan may be made at the discretion of the Zoning Administrator and Highway Superintendent.

ARTICLE 5

FINAL PLANS AND THE PLAT

Section 501 2819 Final Plans

Following the approval of the Preliminary Plan, if the developer wishes to proceed, final drainage, grading and erosion control plans shall be submitted to the Zoning Administrator and Highway Superintendent for review and approval. Any or all of these plans may be deleted at the Zoning Administrator's discretion.

Section 502 2820 The Plat

Two copies and one reproducible Mylar of the plat shall be submitted to the Zoning Administrator for review and approval. If the plat is not approved by the Zoning Administrator within ten (10) days of submittal, the plat shall be presented to the County Commission for action. The plat should be drawn at a scale of 100 feet to an inch from an accurate survey and on one or more sheets whose dimensions are as required by State Law. If more than two sheets are required, an index sheet of the same dimension shall be attached and filed. Plats which describe large agricultural tracts may be drawn at a scale of 200, 300, 400 or 600 feet to the inch. The plat shall contain the following information:

- A) The name of the proposed subdivision and location by quarter section, section, township and range. Each plat shall be titled as follows: __(Name) _ Addition in the __quarter, Section___, T__N, R__W of the 5th P.M., Yankton County, South Dakota.
- B) Scale and north arrow.
- C) The names of all adjacent subdivisions, all lot and block lines, type of easements, and rights- of-way.

- D) A systematic lot and block numbering pattern, lot lines and road names, and the square footage or acreage of all lots.
- E) The location and width of all proposed and existing rights-of-way, easements and private roadways.
- F) The boundary lines of the area being subdivided with accurate angles or bearings and distances tying the perimeter boundaries to the nearest section corner, other previously described subdivision, or other recognized permanent monuments which shall be accurately described on the plat.
- G) Location of all monuments and permanent control points, and all survey pins, either set or located.
- H) The location and description of any portions of the property intended to be dedicated or granted for public use.
- I) All dimensions, linear and angular, necessary for locating the boundaries of the subdivision lots, roads, easements and type of easement, and any other areas for public or private use. Linear dimensions are to be given to the nearest 1/100 of a foot.
- J) The radii, chords, length of curve, points of tangency, and central angles for all curvilinear roads and radii for rounded corners.
- K) Acknowledgment of the owner or owners of the plat of any restrictions, including dedication of all public roads, alleys, parks, or other open spaces shown thereon and the granting of easements required.
- L) All formal irrevocable offers of dedication for all public roads and other uses as required.
- M) Certificates as specified in Article 11.
- N) Latitude/Longitude on a minimum of two connections to roads or section lines, an electronic submittal of the plat in either AutoCAD (dwg format) or an ESRI (Shapefile format)

Section 503 2821 Road Names

- A) Roads obviously in alignment with existing roads shall bear the names of those roads.
- B) Provisions:

No road names shall be used which duplicate, be the same in spelling or alike in pronunciation with any other existing roads. Road names shall not exceed 12 letters, including spaces. Road name suffixes shall be applied as follows:

Street - a road running east and west

Avenue - a road running north and south

Road - a road running east and west or north and south but which is not appropriate to name as a street or avenue

Lane - a road running northeast to southwest

Drive - a road running northwest to southeast

Trail - a road which wanders in different directions

Circle - all cul-de-sacs

Court - a road with two openings which enters and exits on the same road

Place - all private roads

REPLATS AND PLAT VACATIONS

Section 601 Minor Plats Requirements

The intent of this section is to provide for the timely review of minor plats and replats (including plats for transfer ownership) that do not discernibly impact surrounding properties, environmental resources, or public facilities.

No concept plan, preliminary plan or final plans required. Minor plats and replats are administratively approved by the Zoning Administrator and must comply with all requirements of a plat in Section 502. The Plat.

- A) A minor plat is a plat containing not more than three lots fronting an existing road and shall meet ALL of the following requirements:
 - 1) Does not require the dedication of right-of-way or construction of new roads;
 - 2) Does not require the creation of easements affecting adjacent property;
 - 3) Does not create a lot or tract eligible for any public or private improvements other than sidewalks;
 - 4)Does not landlock or otherwise impair convenient ingress or egress to or from the rear side of the subject tract or any adjacent property;
 - 5) When the grades are changed, a grading plan shall be submitted and approved for the minor plat of replat;
 - 6)Does not significantly change any plans that have been prepared for the placement of any other utilities in the subdivision;
 - 7) Does not adversely affect the remainder of the parcel or adjoining property;
 - 8)Does not conflict with any provision or portion of the comprehensive plan, official map, zoning ordinance or these regulations.

Section 602 2822 Replats

If the land proposed for platting is a resubdivision, it shall require a preliminary plan and a final plan of the subdivision, requiring the same review and approval procedures, including the fees, as the original preliminary

and final plans. However, if the resubdivision meets the following requirements, then it may be submitted as a plat.

- A) The perimeter of the tract being replatted shall not be altered by the replat.
- B) The previous platting lines shall be shown on the plat.
- C) When the grades are changed a grading plan shall be submitted and approved for the minor plat of replat.
- D) Latitude/Longitude on a minimum of two connections to roads or section lines, an electronic submittal of the plat in either AutoCAD (dwg format) or an ESRI (Shapefile format),

Section 603 2823 Vacation of Plats

Any plat or any part of a plat intended to be vacated shall be governed by the requirements of SDCL11-3.

ARTICLE 7

LOTS AND BLOCKS

Section 701 2824 Blocks

- A) The length, width, and shape of blocks shall be determined with regard to:
 - 1) Provision of adequate building sites suitable to the special needs of the type of use contemplated.
 - 2) The need for convenient access, circulation, and safety of traffic.
 - 3) Topographic conditions.
- B) Block lengths shall generally not exceed 1300 feet in length and shall be normally wide enough to provide for two tiers of lots of an appropriate depth.

Section 702 2825 Lots

- A) Lot arrangement shall be such that there will be no foreseeable difficulties, for reasons of topography or other conditions, in securing permits to build on all lots in compliance with the zoning regulations.
- B) The minimum lot width required by the zoning regulations shall be measured along the building setback line.
- C) Corner lots for residential use shall have extra width to permit adequate building setbacks from both roads.
- D) All interior lot lines should be a straight line or a series of straight lines. Curved interior lot lines may be allowed where topography, waterways or other circumstances require curved lot lines.
- E) Side lot lines may be at right angles to roads except on curves where they are radial, or when otherwise approved.

- F) Double frontage and reverse frontage lots shall be avoided except where essential to separate a development from traffic arteries, or to overcome specific disadvantages of topography and orientation. Driveways for such lots shall have access only to an interior subdivision road. Where double frontage lots are used, an extra lot depth or width shall be required to provide for an extra setback to offset the impact of higher traffic volumes.
- G) Plats for residential development adjacent to functioning railroad rights-of-way shall provide additional lot depth or width to provide for sufficient setback to offset the impact of the railroad traffic.
- H) Each lot shall abut a dedicated public right-of-way, approved private roadway or have an appropriate easement to a public road.
- I) Minimum lot size required by the zoning regulations shall not include any public right-of-way.

ARTICLE 8

MINIMUM ROAD IMPROVEMENTS AND DESIGN STANDARDS

Section 801 2826 Arrangement and Design

- A) Roads shall be related appropriately to the topography.
- B) All new subdivision roads shall be properly integrated with the existing system of roads. There should be a road connecting adjacent subdivisions where topographical and land use considerations permit.
- C) In order to maintain consistent signage throughout the County, it shall be the County's responsibility to erect road signs at all road intersections, both public and private, within the new subdivision. The owner or developer shall pay the County for all material and installation costs as determined by the Highway Superintendent.
- D) Proposed collector roads shall be extended to the boundary lines of the tract to be subdivided, unless prevented by topography or other physical conditions.
- E) The arrangement of all collector roads shall be such as not to cause hardship to adjoining landowners when they plat their own land and seek access to the roads.
- F) All subdivision roads shall be permanently dedicated as public rights-of-way or shown as private roadways. For the dedication of public right-of-way, the plat shall include a certificate for township acceptance of the road dedication. An owner's certificate shall describe the legal responsibilities for construction, repair and maintenance of said roads and be filed with the final subdivision plan with the Yankton County Planning Department (see Section 1102-2836).
- G) When the traffic impact of one or more proposed property developments indicates that the public safety can be better served by the use of access easements, the following requirements shall apply:
 - 1) The access easement shall provide for perpetual unobstructed access to the area it serves, and prohibit the erection of any structure within or adjacent to the access area which would interfere with the use of the access easement by the public or any governmental agency.

- 2) Access easements shall be indicated on the plat.
- 3) Any plat which shows an access easement as a means of access shall provide language in the owner's certificate (see Section 1102-2836) reserving the easement area for perpetual unobstructed access.

Section 802 2827 Minimum Road Right-of-Way

- A) Roads shall have a minimum publicly dedicated right-of-way of 66 feet. An easement of 46 feet shall be reserved for private roadways. A maximum right-of-way of 100 feet may be required on roads designated as arterial and collector.
- B) Cul-de-sacs will be required where, due to physical constraints, they are necessary for the reasonable development of the subdivision. The minimum radius of a turnaround at the end of a cul-de-sac shall be within the 66 feet right of way. This shall also apply to private roadways with the minimum radius of a turnaround at the end of a cul-de-sac within the 46 feet right of way.

Section 803 2828 Subdivision Road Standards

- A) Access from individual lots within a subdivision onto an arterial road shall be prohibited. Frontage roads are not encouraged but may be considered when special circumstances exist.
- B) Driveway spacing and sight distance requirements shall be in accordance with SDDOT standards.
- C) Minimum width of the driving surface shall be 24 feet. Ditches and driveways shall have a maximum inslope of 4:1 in accordance with specifications of the Yankton County Highway Department.
- D) The subdivision roads may have a gravel driving surface. The subdivision roads shall be constructed in accordance with the specifications of the Yankton County Highway Department.
- E) Gravel roads shall have an initial three inch lift of gravel spread over the driving surface. This lift shall be allowed to settle over one winter season. A second three inch lift of gravel shall be spread over the driving surface within one year of the first lift. Asphalt and Portland cement concrete surfaces shall be constructed in accordance with specifications of the Yankton County Highway Department.
- F) Culverts under roadways shall be R.C.P. Culverts under driveways shall be either R.C.P. or C.M.P. All culverts shall be in accordance with the specifications of the Yankton County Highway Department.
- G) The minimum culvert diameter shall be 12 inches.
- H) A cross slope (crown) shall be provided on all roads at a rate of .02 feet per foot.
- I) The road ditch shall be constructed in accordance with the specifications of the Yankton County Highway Department.
- J) Seeding of ditches and other erosion protection measures shall be employed after grading is completed to minimize erosion.

- A) Private roadways shall be indicated on the plat.
- B) Any private roadway approved by the County shall provide permanent unobstructed access to the area it serves. The erecting of any structure within the private roadway easement which would in any way interfere with the use of such private roadway by the public or any governmental agency will not be permitted.
- C) The Owner's Certificate in accordance with Section 1102 2836 shall reserve the private road for permanent unobstructed access to abutting property and establishing private responsibility for maintenance of the roads.
- D) All road standards specified in Section 803 2836 shall also apply to private roadways constructed in accordance with the specifications of the Yankton County Highway Department.

Section 805 2830 Intersections

- A) Acute angles at road intersections are to be avoided in so far as possible, but in no case will an angle of less than 80 degrees be permitted.
- B) Not more than two roads shall intersect at one point unless specifically approved.
- C) Intersection offsets of less than 250 feet shall be avoided.

ARTICLE 9

GRADING AND DRAINAGE

Section 901 2831 Grading Plan

The final grading plan for the subdivision shall be submitted to and approved by the Zoning Administrator and Highway Superintendent.

- A) Final Site Grading Plan
 The grading plans shall show the contours with intervals acceptable to the Zoning Administrator. The site
 grading plan shall also show the drainage arrows for each lot.
- B) Final Road Grading Plan
 The road grading plan shall show all proposed roads, drainage arrows, and location and size of culverts.

Section 902 2832 Drainage Plan

- A) All drainage is subject to the approval of the Zoning Administrator and Highway Superintendent. The plan shall provide the following information:
 - 1) Existing contour lines and any major alteration of the existing drainage pattern. The contour interval shall be of such detail that the final drainage pattern is adequately illustrated.
 - 2) The boundaries of all drainage easements.

- 3) Individual lot drainage shall be coordinated with the general surface drainage pattern for the area. Drainage shall be designed so as to avoid a concentration of storm drainage water from each lot to adjacent lots.
- 4) Surface water shall not be carried across or around any intersection.
- 5) Driveways shall not inhibit or restrict the flow of surface water. It shall be the responsibility of each lot owner to install and maintain a culvert under the driveway when construction commences.

ARTICLE 10

EROSION CONTROL PLAN

Section 1001 2833 Specifications

Stripping of vegetation, regrading and cut and fill operations should be kept to a minimum, as should the amount of land and the duration of exposure. Whenever feasible, development plans should be made in conformance with topography in order to create the least erosion potential. Similarly, as much as possible natural vegetation shall be retained, protected and supplemented. Every effort shall be made to retain the natural vegetation on all ditches and drainage ways. Ditches and drainage ways will not be disturbed without the approval of the Zoning Administrator. Erosion control plans shall show:

- A) The Zoning Administrator shall require a "General Permit for Storm Water Discharges Associated with Construction Activities" from South Dakota Department of Environment and Natural Resources when the development creates exposure greater than one (1) acre.
- B) The Zoning Administrator shall require proof of compliance from the South Dakota Department of Environment and Natural Resources before any building permits shall be approved.

Section 1002 2834 Existing Features

Existing natural features which would add value to residential development or to the community as a whole, such as trees, water courses, and similar irreplaceable assets, should be preserved in the design of the subdivision.

CERTIFICATES REQUIRED

Section 1101 2835 Certificates for Preliminary Subdivision Plans

Certificates shall be attached to the preliminary plan in the following form:

OWNER'S CERTIFICATE

We do hereby certify that we are the owners of all land included in the above plat and that said plat has been made at our request and in accordance with our instructions for the purposes <u>(indicated herein)</u>, and that the development of this land shall conform to all existing applicable zoning, subdivision and erosion and sediment control regulations.

We hereby dedicate to the public for public use forever, the streets, roads, alleys and parks and public grounds, if any, as shown on said plat, including all sewers, culverts, bridges, water distribution lines, sidewalks and other improvements on or under the streets, roads, alleys, parks and public grounds, whether such improvements are shown or not. We also hereby grant easements to run with the land for water, drainage, sewer, gas, electric, telephone or other public utility lines or services under, on or over those strips of land designated hereon as easements. If the plat does not include a certificate for Township Acceptance of Road Dedication, include: We also certify that construction and maintenance, including snow removal, of (name of roads) as shown on said plat shall be provided by (name) in accordance with the covenants filed with the Yankton County Register of Deeds, and said roads shall be kept and preserved at all times in a good condition of repair and maintenance. This shall remain in effect until a public entity accepts the maintenance of said roads. Dated this ______ day of _______, 20__. Property Owners Name OWNER'S CERTIFICATE FOR PRIVATE MAINTENANCE OF FACILITIES We do hereby certify that we are the owners of all land included in the above plat and that said plat has been made at our request and in accordance with our instructions for the purposes (indicated herein), and that the development of this land shall conform to all existing applicable zoning, subdivision and erosion and sediment control regulations. We also certify that ownership and maintenance of streets, roads, and alleys, parks and other open space, drainage ways and detention areas, if any, as shown on said plat, and any improvements thereto, shall be provided by the Homeowners Association except those areas, improvements, or facilities with respect to which an offer of dedication to the public has been accepted by the appropriate public authority. We also hereby grant easements to run with the land for water, drainage, sewer, gas, electric, telephone or other public utility lines or services under, on or over those strips of land designated hereon as easements. If private roadways are shown, include: I further grant and certify that the roadway(s) shown as (Names of private roads) are private roadways which are hereby reserved as a permanent unobstructed access. Said roadways are for vehicular and pedestrian travel for the purpose of access to the abutting property. It is understood that the Owner, their lessees and assignees have the responsibility with respect to maintaining said private roadway. Said grant is to run with the land. As no dedication to the public is being made of said private roadways, the Owners, their lessees and assignees, of the property platted as ___(Name of subdivision) , shall at their own cost and expense keep and preserve said private roadways at all times in a good condition of repair and maintenance, and clear of snow and other obstructions and neither erect nor permit erection of any improvements of any kind within said private roadways which might interfere in any way with the proper maintenance, use, repair, reconstruction and patrolling of said private roadways. This shall remain in effect until a public entity accepts the roadways as a

public dedication.

If access easements are shown, include:

We further grant and certify that the access easement is hereby created as a perpetual common unobstructed access in favor of the lots abutting on it. The easement is for vehicular and pedestrian travel for the purpose of access to the abutting property. The owner, their lessees and assignees shall maintain the easement area. They shall, at their own expense, keep the easement area in good repair and maintenance and clear of snow and other obstructions. No improvements of any kind may be erected within the easement area which might interfere in any way with the proper maintenance, use, repair, reconstruction and patrolling of the access easement. This covenant shall run with the land.
