RESOLUTION 2022-04
A RESOLUTION SUPPORTING LEGISLATION TO MOVE SOUTH DAKOTA 911
DISPATCHERS FROM CLASS A TO CLASS B (PUBLIC SAFETY) WITHIN THE SOUTH
DAKOTA RETIREMENT SYSTEM

WHEREAS, criteria for Class B Membership in the South Dakota Retirement System include the following:

- 1) The primary duty must be to preserve the safety of the general public and the protection of human life and both private and public property.
- 2) The duties of the group must be such that age reduces the capacity to perform at an acceptable level. The result of the reduced capacity must be that safety of individual citizens and/or their property is substantially reduced.
- 3) The appointing authority (typically a County Commission or City Council) must approve the request and make a judgment that the reduced capacity brought about by age will result in increased danger to individual citizens and their property, declare there is justification to the taxpayers to include this group of public safety employees in Class B, and declare they are willing to pay the increased costs of Class B.
- 4) The duties must be hazardous, stressful, and physically demanding.
- 5) The individual is responsible for the safety of individuals and their property.
- 6) Statutes for the group define responsibility for the safety of individuals and their property.

NOW, THEREFORE, BE IT RESOLVED that the Lake County Commission finds that South Dakota 911 Dispatchers meet the criteria for Class B membership in the South Dakota Retirement System, that there is justification to taxpayers to include South Dakota 911 Dispatchers in the group of public safety employees in Class B, and that the County is willing to pay the increased costs of Class B membership for South Dakota 911 Dispatchers employed by the County.

BE IT FURTHER RESOLVED that the Lake County Commission supports legislation to move South Dakota 911 Dispatchers from Class A to Class B (Public Safety) within the South Dakota Retirement System and encourages the Ninety-Seventh Legislature of the State of South Dakota to pass such legislation during the 2022 legislative session.

Dated at Madison, South Dakota this 18th day of January, 2022.

2022 SPRING LOAD LIMITS:

Highway Superintendent, Nels Nelson, was present to discuss the possibility of putting a 7 ton per axle load limit on the by-pass (CR38). Commissioner Slaughter told Nelson that he appreciated his concern on the matter, but as this route is a major artery to Madison, he would like to wait until after the road has been rebuilt. Commissioner Reinicke and Chair Wollmann spoke of their concern with land locking the different businesses on that road. James Callahan, Resykle, spoke about his concerns if the by-pass had load limits: land locking the hospital, how would the hospital get their gas, send traffic through town, and moving pre-built houses through town instead of using the by-pass. Terry Schultz, Mustang Seeds, spoke regarding expanding his business, seed delivery in the spring if load limits were applied, planning ahead is not feasible. Schultz wants the commission to agree that the by-pass will never be posted with weight limits. If it is posted, his company will not be able to expand and they will have to look elsewhere to relocate. Jay Mennis, Manitou, via Zoom, also spoke to the commission on the possibility of expanding and the negative issues they would have. Justin Cole, Cole's Petroleum, told the board that his company is market driven, possibly losing up to \$24,000 a month, and he would also like to expand his business. Kelly Koch, Interlakes Sports Center, via Zoom, told the board that he would be one of the land locked businesses and would be unable to get any parts, accessories, etc for potentially 60 days. They would have to relocate. Commissioner Reinicke asked Supt. Nelson if Lake County issues over-weight and over-width permits. Nelson said that was correct. Those permits are issued on each instance and not annually as previously done. Jay Mennis asked about the possibility of developing a TID. Commissioner Reinicke said they were looking into it. The commissioners were in agreement to not post a weight limit on the by-pass road.

CHIP SEALING/CITY OF MADISON:

Supt. Nelson expressed his desire to discontinue working with the City of Madison regarding the annual chip sealing project. His entire crew works the two weeks to sand seal the City of Madison's chosen streets. Lake County has joint ownership of the chip sealer with McCook County. Nelson said the McCook County Highway Superintendent does not want to tie up the chip sealer doing Madison's work when it could be used for McCook County projects. All commissioners were in agreement with Nelson's request.

HIGHWAY EQUIPMENT:

Supt. Nelson told the board TR036 will need to be retired. The cost to repair exceeds the cost of the equipment.

SURPLUS PROPERTY/TIRES:

Supt. Nelson informed the board he has an opportunity to trade four used tires to Tire Motive in exchange for the labor to install four newly purchased tires. Motion by Reinicke, second by Leighton, to declare surplus four used 23.5-25 tires and approve Highway Superintendent Nels Nelson to trade the tires to Tire Motive in exchange for labor to install four newly purchased tires. Motion carried.

Becker checked with Brookings County Equalization and confirmed it was assessed in Brookings County for the 2021 payable 2022 year. Motion by Slaughter, second by Leighton, to approve Abatement 2022-04 in the amount \$105.48. Motion carried.

AMERICAN RESCUE PLAN (ARPA) & STATE/LOCAL FISCAL RECOVERY FUNDS-AWARDS:

- 1) Lake County is a recipient of funds through the Coronavirus State and Local Fiscal Recovery Funds program (SLFRF) authorized by sections 602 and 603 of the Social Security Act as added by section 9901 of the American Rescue Plan Act of 2021.
- 2) Recipients may use the SLFRF funds for any eligible expenses, which includes responding to the public health emergency with respect to COVID-19 or its negative economic impacts through assistance to nonprofits.
- 3) Lake County desires to allocate a portion of its share of the SLFRF fund allocation to assist nonprofit organizations within Lake County in responding to the public health emergency or its negative economic impacts.
- 4) Lake County established a nonprofit grant program to allow area nonprofits to apply for SLFRF funds for eligible uses to respond to the public health emergency or its negative economic impacts. Eight nonprofits presented applications for uses which were found to be eligible.
- 5) Subrecipients are entities that receive a subaward to carry out a project funded by SLFRF funds on behalf of the recipient. Subrecipients are subject to monitoring and reporting requirements. Recipients are accountable to the U.S. Department of the Treasury for oversight of the subrecipients.
- 6) Beneficiaries are entities that receive a subaward to carry out a project funded by SLFRF for the purpose of directly benefitting the entity as a result of experiencing a public health impact or negative economic impacts. Beneficiaries are not subject to monitoring and reporting requirements.
- 7) Lake County finds that the nonprofits receiving a subaward to assist them in responding to the public health emergency with respect to COVID-19 or its negative economic impacts are beneficiaries.
- 8) Recipients are allowed to provide for more oversight and monitoring for beneficiaries than the law requires. Oversight and accountability on the use of SLFRF funds is necessary for effective stewardship of these funds, and Lake County will be providing that oversight of the beneficiaries of these funds.
- 9) Lake County hereby finds that the following nonprofits are eligible to receive ARPA SLFRF funds and finds sufficient justification for providing assistance to these nonprofits to respond to the public health emergency with respect to COVID-19 or its negative economic impacts. Justification is based on the nonprofit's application and Lake County's analysis of the Treasury's Final Rule.
- 10) Awards of ARPA SLFRF funds are contingent upon the nonprofit's acceptance of the award and execution of an agreement between Lake County and the nonprofit outlining the terms and conditions of the funding award.

COMMUNITY COMMENTS: NONE

COUNTY BOARD OF EQUALIZATION:

The commissioners took their oaths of office.

ELDERLY/DISABLED ASSESSMENT FREEZE SDCL 10-6A:

Debra Walburg, Treasurer, was present to discuss the 64 approved applications for the elderly/disabled assessment freeze. There were 17 new applications and 10 applications not renewed. The assessment freeze is based on income, ownership, age or disability, and property value. Director Becker told the board the valuation discount due to the freeze is \$2,194,410. Motion by Reinicke, second by Johnson, to approve the 64 applications for the elderly/disabled assessment freeze SDCL 10-6A. Motion carried.

OWNER-OCCUPIED STATUS SDCL 10-13-39:

Becker discussed the 2022 owner-occupied listing. There were nine new applications for owner-occupied status and one removal that were received after assessment notices were mailed and before the March 15th deadline. Motion by Johnson, second by Leighton, to approve the owner-occupied listing including the nine new applications and one removal. Motion carried.

CB 22-01: Kathleen Welch Patterson was present to discuss her property at 6305 Lakeview Dr, Wentworth, SD 57075 (06285-10652-03015). Patterson presented a letter stating her belief that she has been overpaying her taxes since 2017. She stated the Equalization Office removed the owner-occupied status from her after she added her son to the title of her property. Patterson didn't have an issue with the value of her property, just the owner-occupied status that had allegedly been taken off without her knowledge. Director Becker said an owner-occupied application had never been received from Patterson for the years she had lived there. Becker referred to SD Codified Law 10-13-40.4 stating the only time an abatement or refund of tax where failure to meet application deadline for classification of owner-occupied single-family dwelling is due to military service. This is not the case. Becker reviewed his comparables with the board. Motion by Reinicke, second by Johnson, based on the recommendation of the director and codified law 10-13-40.4, to make no change and approve land value \$159,900 and building value \$283,800 for total value \$443,700. Motion carried.

CB 22-02: Helen Madsen, property located at 6799 Zimmermann Dr, Wentworth, SD 57075 (02280-10651-26015). She stated in her appeal letter her current assessed value is significantly higher than the sale amounts of comparable properties on Lake Madison. She enclosed two recent similar sales for comparison. Director Becker reviewed his comparables with the commission. Motion by Johnson, second by Slaughter, based on the recommendation of the director, to make no change and approve land value of \$465,300 and building value of \$604,100 for total value \$1,069,400. Motion carried.

2022 AG/COMMERCIAL DISCRETIONARY EXEMPTIONS:

Director Becker explained the discretionary exemptions, SDCL 10-6-35.1, for ag and commercial property. The 2022 ag buildings with discretionary and exempt total \$2,352,300 and properties on the commercial listing total \$5,894,100. Motion by Reinicke, second by Leighton, to approve the ag discretionary exemptions and the commercial discretionary exemptions for 2022. Motion carried.

DISABLED VETERAN SDCL 10-4-40:

Becker discussed the 2022 disabled veteran property exemption list. He discussed four new applications, one removed for sale of property or death and one application came in after the Nov 1st deadline. Applications for Veterans exemption are confidential. The total 21 applications for Disabled Veteran total \$2,693,654 in exempt valuation. Motion by Reinicke, second by Slaughter, to approve the Disabled Veteran exemptions. Motion carried.

TAX EXEMPT PROPERTIES SDCL 10-4-15:

Becker discussed the 2022 applications of tax-exempt properties. Churches, church parking lots, church education centers, and cemeteries are exempt from annual applications once the initial application has been approved and property is used for that purpose. Churches only need to annually apply for extra property such as a parsonage occupied by the pastor. Becker told the board there was one new parcel and four parcels removed. Motion by Reinicke, second by Johnson, on the recommendation of the director of equalization to approve the new tax-exempt property list for 2022. Motion carried.

MULTI-TENANT BUSINESS INCUBATOR SDCL 10-4-39:

Becker told the board there were no multi-tenant business incubator for 2022.

CB 22-03 Genia Vagnino was present to her property at 45016 222nd St, Ramona, SD 57054 (12000-10853-09310). She told the board that she is appealing the increase in her valuation due to her opinion her property has dilapidated buildings and a 640 square foot house that will never be fixed up with any improvements. Vagnino stated she legally does not own her property, but is able to live there and pay the property taxes. After she moves off the property, it will be destroyed and turned into farmland. Becker reviewed his comparables with the commission. Motion by Slaughter, second by Leighton, based on the recommendation of the director of equalization, to make no change and approve the land value of \$76,100 and building value of \$34,700 for total value of \$110,800. Motion carried.

INDUSTRIAL DEV CORP EXEMPTION:

Becker discussed SDCL 10-4-8.1; Seven hundred fifty thousand dollars (\$750,000) of the full and true value of the total amount of real property or portion thereof owned by a local industrial development corporation is exempt from property taxation. There were two applications: the application of the **Lake Area Improvement Corp.**, Lakeview Industrial Park, Tract 1 Berthers 2nd Add exc Lot A Lakeview Ind Park 11th Add, Tract 2 Berthers 2nd Add exc Lakeview Ind Park & exc Lot H-1, Lot 4 exc Lot A-B&C in Block 2 Lakeview Ind Park 18th Add, and NW1/4 Sec 17-106-52 exc streets and exc hwy and exc platted area for a land exemption of \$449,900, and the application of **WNP Development Corporation Inc**, Lot 2 Block 1 Northwestern Estates 1st Addition, Lot 2 Block 2 Northwestern Estates 2nd Addition, Lot 3 Block 2 Northwestern Estates 2nd Addition, and unplotted portion of SW1/4 9-106-51 being 19'8" wide bordered on the east by Lots 1, 2, and 3, Block 1 Northwestern Estates 2nd Addition for a land exemption of \$12,600. Motion by Slaughter, second by Reinicke, to approve both Local Industrial Development Corporation applications with total exemption of \$462,500. Motion carried.

HISTORICAL MORATORIUM SDCL 1-19A-20:

Becker told the board there are no properties on the historical moratorium for 2022.

TOWNSHIP APPEALS:

Nine townships had appeals. The City of Madison had seven appeals.

TAX INCREMENT DISTRICTS:

Becker reviewed the four TIF'S of Lake County and two TIF's of the City of Madison.

COUNTY WIDE VALUATIONS:

Becker told the board the ag land value per acre increased from \$2,475 to \$2,481 for 2022. The county growth before exemptions, discounts, and factors is \$23,345,885.

CB 22-05 Seth Major, property located 6318 Harbor Way, Wentworth, SD 57075 (06935-10652-40010). Major's appeal letter stated after this property was sitting on the market for three years, he

purchased it one year ago for \$405,000. He also provided four comparables. Becker stated Major's purchase price a year ago is lower than his assessed value. He wouldn't have a problem with going down with his value. Becker review his comparables with the board. Motion by Reinicke, second by Leighton, based on the recommendation of the director, to lower the building value \$230,300 to \$170,600 and to lower the land value \$321,400 to \$247,200 for a total \$417,800. Motion carried.

Motion by Reinicke, second by Slaughter, based upon the recommendation of the director, to add the building values of \$13,100 and the house value of \$43,400 for a total \$56,500 to his property valuation. Motion carried.

CB 22-04 Jerome Smith, property located 6649 Wentworth Park, Wentworth, SD 57075 (02080-00800-17010). Smith's appeal letter gave the following reasons asking for a reduction in his valuation: 300-400 sq feet of his house is uninhabitable in the winter, he wasn't happy with the results from local boards, and Minnehaha County's assessments only went up 18.3%. Director Becker provided comparables for this property. Motion by Reinicke, second by Johnson, based upon the recommendation of the director, to make no change and approve land value of \$88,000 and building value of \$189,000 for total value of \$277,000. Motion carried.

Upon review, DeAngelo's bid was for just one side of the center line not both sides as was the bid from Ditch Weed LLC. With DeAngelo's bid quoting that way, it was double of what was initially taken as. Auditor Barrick checked with Department of Legislative Audit to see how to correct this. It was recommended from Legislative Audit the Commission rescind the previous motion and make a motion to accept the low bid. Motion by Slaughter, second by Johnson, to rescind the Commission's previous motion on April 5, 2022, awarding the bid for spraying of county right-of-way and riprap for noxious weed to DeAngelo Contracting Services, as they were not the low bid. Motion carried. Motion by Reinicke, second by Leighton, to approve the low bid of Ditch Weed LLC for \$24,438 per application for spraying of county right-of-way and riprap for noxious weeds and authorize the chair to sign the contract with the vendor. UTILITY OCCUPANCY APPLICATION/PERMIT:

CAO Gust presented utility occupancy application 2022-13 of Sioux Valley Energy, Kim Brendsel, PO Box 216, Colman, SD. Work to be done-directionally bore under 461A Ave, from east to west, approximately 80' from 237th St. intersection. Highway Superintendent Nels Nelson has reviewed this application and has recommended approval. Motion by Slaughter, second by Reinicke, to approve Utility Occupancy Application and Permit #2022-13 of Sioux Valley Energy and authorize the chair to sign. Motion carried.

ARPA FUNDS/WAGE DISCUSSION:

Shelli Gust, Human Resource Specialist, informed the board the wage committee (Commissioner Johnson, Commissioner Slaughter, and Gust) met to discuss the possibility of using ARPA funds to increase Lake County employee wages. Gust explained the difference between the interim rule and the final rule. The final rule being, since Lake County received less than \$10 million, Lake County can be more flexible in what can be done with the proceeds. The ARPA money can be categorized as revenue lost. First District has recommended using the money towards public safety salaries. The wage committee conclusions are: they agree with using the money toward public safety salaries, numerous Lake County positions are vacant and the increase in a starting wage will help recruit good workers, using the money to increase wages to current workers will hopefully retain them. Sheriff Tim Walburg told the board that he would like to see a \$2 an hour increase starting as soon as possible. 911 Supervisor April Denholm appeared via Zoom to agree with Walburg. Discussion was held. The board will take action at the July 5th meeting.

Chris Hintz appeared via Zoom to ask if any businesses would be located in this development. Chair Wollmann called for any opponents. Terry Mehlbrech stated this development will increase traffic and had flooding concerns. JoAnn Alverson said there are existing easements, the 14 driveways that would be created were not discussed, and adding a road will change existing drainage flow. Brian Ackerman gave the board pictures of his property after the 2019 flood. He believes the development will cause extra run off that isn't there now. Russ Mettler expressed his concerns regarding a possible berm will flood his property, increase traffic, and he wants his property safe from run off. Brian VanLiere appeared via Zoom and told the board he has the same concerns regarding drainage. Motion by Reinicke, second by Johnson, to approve and move forward with the preliminary plat and development plan of St. Clair's Addition, which contains the following described property: Tract One (1), Gov't Lot Three (3), Section Ten (10), Township One Hundred Five (105) North, Range Fifty-One (51) West of the 5th P.M., Lake County, SD; and Tract One (1), Gov't Lot Four (4), Section Ten (10), Township One Hundred Five (105) North, Range Fifty-One (51) West of the 5th P.M., Lake County, SD; and Tract (1), Gov't Lot Five (5), Section (10), Township One Hundred Five (105) North, Range Fifty-One (51) West of the 5th P.M., Lake County, SD as it meets county regulations. APPLICATION FOR HIGHWAY ACCESS PERMIT:

Nels Nelson, Hwy Superintendent and Matthew Weiss, Architect with designArc Group, appeared before the board regarding the application for highway access that was denied July 5th. CAO Gust gave an overview of the proposed permit and outlined the board's possible actions. Weiss told the board the benefits of two entrances: prevent traffic buildup on both turning lanes, it is their understanding the proposed design meets the requirements of all relevant ordinances, the north field approach off the by-pass is currently only used for agricultural purposes and only seldom used, a site visibility triangle study suggests that the proposed drive locations do provide adequate visibility, and the Madison Fire Department has approved of the two access entrances. Jay deBlonk, HME Engineer, told the board in case of fire, two accesses will make it easier for the fire department to do their job, a project of this size needs two approaches, and it just makes more sense for two approaches. He thought the approving authority was the City of Madison. Jerry Svennes, HME Project Manager, wanted the board to know that no disrespect was intended, this is a good development for Madison, and asked the board to do what is best for the project going forth. The

board discussed the matter. Motion by Johnson, second by Reinicke, to deny PP6 Madison, LLC's request to reconsider its double approach application for highway access permit. Chair Wollmann called for a roll call vote. Johnson-aye, Leighton-aye, Reinicke-aye, Slaughter-aye, Wollmann-aye. Motion passed. WELFARE/INDIGENT:

CAO Gust presented the following application from Avera McKennan Hospital to the board.

INDIGENT #22-07:

Motion by Reinicke, second by Leighton, to deny Application 22-07 based on the following findings and conclusions:

- 1) An Application for Assistance was received from Avera McKennan on 4/29/2022.
- 2) To assist the County in determining whether 22-07 is a medically indigent person that qualifies for county poor relief, a letter was sent to 22-07 on 5/3/2022 inviting 22-07 to make application for assistance. The County received a response.
- 3) Based on the information provided by 22-07 in their incomplete application, the County finds that:
 - a. Patient 22-07 is not a US Citizen and is here on a work permit.

- b. A “work ability form” was completed by 22-07’s physician stating the patient was able to work prior to the onset of illness and has no work restrictions prior to or currently.
 - c. Patient 22-07 neglected to apply for or obtain major medical insurance.
- 4) Based on the documentation provided by Avera McKennan to the County, the County finds that:
- a. Patient 22-07 is a 35-year-old female who is presumed to be able to work.
 - b. Inconsistent DOB on documents provided could indicate inaccurate medical records for this patient.
 - c. The actual cost of hospitalization is low enough that Patient 22-07 is presumed to have the ability to make reasonable monthly payments and pay the debt for hospitalization over a period of 5 years.
 - d. Patient 22-07 was hospitalized as an outpatient which may indicate the hospital services received did not constitute emergency hospital services as that term is defined in SDCL 28-13-27(2).
- 5) No evidence or documentation supporting that 22-07 is a medically indigent person that qualifies for county poor relief has been provided to the County.
- 6) The County is able to determine that 22-07 is not a medically indigent person, as that term is defined in SDCL 28-13-1.3, 22-07 is indigent by design by failing to purchase major health insurance and choosing not to work, the hospital services received did not constitute emergency hospital services as that term is defined in SDCL 28-13-27(1); therefore 22-07 does not qualify for county poor relief under SDCL 28-13.

Motion carried.

SECOND READING & HEARING/ORDINANCE #22-81:

Three concerned Lake County residents were in attendance for the hearing on Ordinance #22-81, An Ordinance Establishing A Speed Zone On A Part Of County Road 41 (451st Ave) And For The Repeal Of All Ordinances In Conflict Herewith. Sheriff Tim Walburg gave a brief overview of how this ordinance developed. John Doblar questioned the need for a reduced speed limit, and it would be better to put a 4-way stop at the golf course road and 451st St. Vincent Gabrielson has lived on 451st all his life and uses the road 365 days out of the year. He said the road was not designed for pavement. Bikers and walkers should not be on the road as the road has no shoulders. Fred Janke asked the board: how many people live on the road, how many people use the road daily, what are the county's guidelines to justify changing the speed limit, how many pedestrian or bikers have been hit, what was the speed limit when the people in the new developments moved in, and when do people, that move into the new developments, trump the people who use the road daily. Vice-Chair Johnson read Ordinance #22-81. Motion by Slaughter, second by Leighton, to approve the second reading of Ordinance #22-81 and adopt Ordinance #22-81. Motion carried.

Commissioner Reinicke would like to visit the idea of adding a part-time assistant for the Zoning Office. During the discussion, CAO Gust told the board she had just received a text from the Moody County Administrative Assistant, stating the Moody County Commission has passed a motion to continue with the 40% Moody County-60% Lake County agreement for the 4-H Advisor. DEF FUEL/ERROR:

CAO Shelli Gust told the board Vollan Oil had a clerical error within their system that led to 77 gallons of DEF fluid being delivered to Lake County. As it wouldn't have been cost effective to return the oil, and the highway department will need it in the future, Highway Superintendent Nels Nelson decided to keep the fluid. Motion by Leighton, second by Slaughter, to acknowledge the delivery of 77 gallons of DEF at a rate of \$2.39/gallon due to a clerical error by the vendor, Vollan Oil. Motion carried. Gust informed the board DEF fuel, by state statute, does not need to come before the board for approval. The board agreed Superintendent Nels Nelson should get competitive bids, and the quotes do not need to be brought before the commission.

FUEL QUOTES:

The board reviewed the following fuel quotes of August 25, 2022.

	10% Ethanol	#2 Diesel
Cole's Petroleum	\$2.7818	\$4.1443
Vollan Oil	\$2.8400	\$4.1745

Motion by Johnson, second by Reinicke, to approve the low quote of Cole's Petroleum of August 25, 2022. Motion carried.

FEDERAL BRIDGE PROGRAM GRANT RECIPIENTS:

CAO Gust told the board Lake County was not chosen for a federal bridge program grant for bridge #40-200-185 (structure on 462nd Ave, 0.5 miles north of 239 Street between Round Lake and Brant Lake).

BRIDGE IMPROVEMENT GRANT RECIPIENTS:

Lake County was chosen as a 2023 Preliminary Engineering Bridge Improvement Grant recipient for bridge #40-071-210 (structure 2W of Orland on 449th Ave over creek SN40-071-210). Total cost of preliminary engineering for this project is estimated at \$39,000 with Lake County receiving \$31,200 in grant proceeds.

5-YEAR TRANSPORTATION MEETING:

CAO Gust told the board the open house for the 5-year transportation plan will be in the commission room, September 26th at 6 p.m.

MEETINGS ATTENDED:

Commissioner Wollman and Commissioner Reinicke attended CHN interviews.

TRAVEL REQUESTS:

Motion by Slaughter, second by Leighton, to approve the August 2022 travel requests. Motion carried.

PERSONNEL: None**2023 PROVISIONAL BUDGET:**

Auditor Barrick told the board there had been a clerical error in the published provisional budget on the cash applied line. Barrick will have the lower part of the provisional budget reprinted in the paper with the correct amount. Motion by Reinicke, second by Johnson, to approve the Provisional Budget for the year 2023 with the correction to the cash balance line. Motion carried. Chair Wollmann read the provisional budget notice. Chair Wollmann called for anyone who would like to speak in the audience or on Zoom about the provisional budget.

2023 PROVISIONAL BUDGET DISCUSSION:

Brooke Rollag, LAIC Executive Director, appeared before the board asking them to reconsider the reduction in the amount LAIC requested for 2023. Rollag said the money allocated to LAIC helps to bring businesses in and increases the tax base. Tammy Miller, CEO Madison Regional Health System, asked the board to reconsider the reduction in the Ambulance's request. Miller said with the cuts made the hospital may be forced to establish an ambulance district and she hasn't asked the city for an allocation due to the fact the city is a part of the county.

SMITH'S COVE ROAD DISTRICT:

Glenn Boomsma, representing Smith's Cove Road District, presented a petition, verification of surveyor, and plat of the proposed Smith's Cove Road District. Boomsma is asking for an election to take place so Smith's Cove Road District can be incorporated. Motion by Reinicke, second by Leighton, to acknowledge receipt of the petition and with the assent of a majority of the registered voters within the proposed district issue an order declaring that the area be an incorporated road district. Motion carried.

PROPOSED TID/TIF FINANCING:

Toby Morris, Colliers Securities, appeared before the board to discuss a potential TIF being established for Manitou Group's expansion, which could include the by-pass road starting at Pizza Ranch and ending at the Prostrullo Corner. Morris told the board: a TIF is possible, a TIF can last as long as 20 years, this TIF would be designated industrial, and if the TIF doesn't work it can be dissolved. Motion by Reinicke, second by Leighton, to authorize Toby Morris, Colliers Securities, to

move forward with a prospective TIF starting at Pizza Ranch and ending at the Prostrollo Corner. Motion carried.

2023 BUDGET DISCUSSION:

Nels Nelson, Highway Superintendent, was present to discuss his 2023 budget. Nelson provided quotes to lease and quotes to purchase a John Deere loader and a John Deere motor grader from RDO Equipment and Butler Machinery. He also provided a proposal to lease or to purchase a Ram 2500 Tradesman Crew Cab 4X4. After much discussion, the board would like to see Nelson lease the loader and motor grader and purchase the pick-up. The Highway budget will see a \$100,000 decrease in the equipment line by leasing the loader and motor grader and purchasing the pickup. Motion by Reinicke, second by Leighton, to lower the highway machinery/equipment line (20100X4340311) from \$300,000 to \$200,000. Motion carried.

A short break was held before the next appointment.

MAY 12TH STORM DAMAGE UPDATE/RAMONA & 4-H BARN:

Dave Hare, Buildings & Grounds Superintendent, gave an update on the buildings needing repair from the May 12th storm. Hare contacted three construction companies asking for a quote to repair the damaged roof on the Ramona shop building. Barger Construction won't quote, Amert's gave a quote of \$15,645 but will not be able to complete the work until summer 2023, and DeCurtins & Sons quoted \$10,076.14 and would be able to complete the work this fall. Lake County's insurance will pay \$2,935 to repair the roof. The board agreed that \$2,935 isn't enough to complete the repairs. Hare was asked to meet with the insurance adjuster at the same time with the contractor to see if more money can be received from insurance for the damages. Motion by Reinicke, second by Johnson, to move forward with DeCurtins & Sons contingent upon meeting with the insurance adjuster and the contractor. Motion carried. Hare also told the board the roof on four buildings at the 4-H grounds were damaged during the storm. Insurance will pay \$6,686.23 to patch the buildings. The companies that quoted all new shingles on the 4-H Barns were Dietterle Construction, Madison, at \$92,989.03 and River City Roofing, Sioux Falls, at \$104,109.02. ACS, Madison, quoted patching open areas only at \$2,040.82. The board believes more money should be received from the insurance claim to repair the damages. Hare was asked to set a meeting up with the state's attorney, insurance adjuster, and the insurance agent.

CHANGE ORDER/HWY DEPARTMENT:

Dave Hare, Buildings & Grounds Superintendent, told the board a change order was needed on the repairs to the garage at the highway department. It was found that new footings were needed on the truck shed (cold storage shed) before the garage doors could be installed. The additional amount for the footings would be \$7,500. Motion by Reinicke, second by Johnson, to approve the change order for \$7,500. Motion carried.

UTILITY OCCUPANCY APPLICATION/PERMIT:

CAO Gust presented utility occupancy application 2022-20 of Sioux Valley Energy, Jim Kuyper, PO Box 216, Colman. Work to be done-install new underground electric cable into Gracevale Colony. The project will run across 238th St (CR36), approximately 420' east of the 446th Ave intersection. Supt. Nelson has reviewed and recommended this for approval. Motion by Johnson, second by Reinicke, to approve the Utility Occupancy Application 2022-20 of Sioux Valley Energy and authorize the chair to sign. Motion carried.

APPROVE AMENDMENT #1 ARPA AGREEMENT (BETHEL):

Bethel Lutheran Home would like to change the name of the representative associated with their ARPA agreement. The previous representative has retired, and the new representative is Jonna Schmidt. Motion by Reinicke, second by Johnson, to approve Amendment #1 to the ARPA Agreement with Bethel Lutheran Home and authorize the chair to sign. Motion carried.

APPROVE AMENDMENT #1 ARPA AGREEMENT (FOOD PANTRY):

CAO Gust has received notice from the Food Pantry that they are changing their scope of their ARPA request. Initially ICAP was going to build a new building, but it is no longer feasible due to current economic conditions and construction costs. ICAP is instead purchasing the current headquarters

building that it has been leasing. Funds will be used as a contribution to aid in the acquisition and modification of the current Interlakes Community Action Partnership (ICAP) headquarters building so that the Food Pantry may upgrade, expand, and relocate to this new location to meet increasing demands due to the COVID-19 pandemic. This does not impact the original purpose of the ARPA grant request. Motion by Slaughter, second by Leighton, to approve Amendment #1 to the ARPA Agreement with the Lake County Food Pantry and authorize the chair to sign. Motion carried.

APPROVE CHESTER FUNDRAISERS/SCHOOL YEAR 2022-2023:

CAO Gust told the board Chester School District has reached out to let the county know they will periodically be holding raffles, contests, or games of chance this school year. Motion by Reinicke, second by Johnson, to acknowledge receipt of written notice from the Chester School District of fundraisers to be held periodically by the school and its affiliated organizations throughout the remainder of the 2022-2023 school year. Motion carried.

ELECTION DATE/NEW OLDHAM-RAMONA-RUTLAND SCHOOL DISTRICT:

Auditor Barrick told the board since Oldham-Ramona School District has consolidated with Rutland School District as a result of the May 10th election, now an election will need to take place to elect the school board. Barrick proposed to hold the school board election on Tuesday, November 29, 2022, 7 a.m.-7 p.m. Absentee voting will take place at the Auditor's Office. There will be a polling place in Rutland and one in Ramona. Motion by Leighton, second by Slaughter, to set the election date on Tuesday, November 29, 2022, for the special election of the school board for the new Oldham-Ramona-Rutland School District 39-6. Motion carried.
