Things That Make You Go

hmm.

Staff Chooses "Hmm" as Theme

Why would a staff choose "hmm ... " as a theme for a yearbook? According to Chris Benning, "Alison Grad suggested it, and we all worship the ground she walks upon. (Heh, heh, heh)" But seriously folks, 1991-92 will be remembered as the year that made you go hmm. For students this year, one of the biggest changes was no pop in the building. Also, this was the first year that freshmen initiation wasn't, allowed. 1991 also saw the development of two new student organizations -Natural Helpers and the Captain's Club. More than ever, students were forced to consider the danger of drugs, alcohol, and sex. This was a result of the news that Magic Johnson tested positive for the HIV virus. The administration and the school board did their share of pondering this fall also. They decided, after three failed bond issues, to bupass voters and go ahead and build the new middle school. In contrast, the state has refused to make a decision on education. Until an alternate tax structure is found, Madison, along with other SD schools, will continue to face budget cuts. Hmm ... Budget cuts and recession cause Pres. George Bush problems as he continues to fall in popularity polls. No doubt about it, it's a hmm year, locally, statewide, and nationally. To find out what made other students go hmm, keep reading ... - Alisor Grad

ABOVE: Spirit of Madison High School Marching Band Director Dennis Hegg gloats with Band Parents Sandy Paul, Cecile Beecroft, and Ted Pederson after the Brooking's Optimist Club Marching Band Competition where the Spirit of Madison made people go hmmm by bringing home three sweepstakes, two first place trophies, and an award for the top wind line from the combined Madison/Brookings competition.

RIGHT: Mrs. Gia Gjesdal with her first cup of the day. Mrs. Gjesdal was chosen by students as one of four teachers to attend the Natural Helpers retreat at Inspiration Hills near Canton.

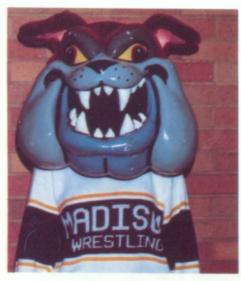

Give them enough rope Principal Dennis Germann holds the rope after the Homecoming tug-of-war.

Ooh la la. . . . Jason Jerke gets into MHS Homecoming '91 by showing his stuff(ing) on Opposite Sex Day.

Finally! A mascot that looks like a bulldog! The new suit was purchased this year. Just about everyone has gotten into the act including Dan Ziebarth, Emily Jensen, Gary Graff, Derik Kleibacker, Alison Grad, Cam Havlik, Gina Pederson, and the list goes on and on

Ever have one of those mornings? Deb Simon attends the Natural Helpers retreat. Natural Helpers is a growing national program designed to teach students and teachers how to bet-

ter help the people around them. The program operates on the idea that students are already helping each other and that with a little help students can solve their own problems. Among other things the Natural Helpers have tried to make students' birthdays a little brighter with cards and suckers and tried to help the community by holding a food drive.

MUE

Pop Quiz

One of the things that always makes students go hmmm is the dreaded pop quiz. We, therefore, offer you the current events pop quiz.

) Freshmen this year were
 a.) introduced kindly and gently into high school b.) allowed to sneak in the back door to avoid initiation c.) cruelly and unjustly denied their right to be initiated into the fine ranks of MHS.

2.) Mrs. Charlene Haar is a.) one of the new secretaries b.) one of the character witnesses for Clarence Thomas c.) a former teacher at MHS who resigned to run for the U. S. Senate.

3.) There was no pop in the hall this year because a.) health conscious students wouldn't drink such rot b.) the stingy, totalitarian administration forbade having pop or fun in school c.) budget cuts meant that janitors no longer had time to clean up the mess caused by spilled pop.

4.) The office would not accept deliveries of flowers this year because a.) the administration thought that students giving flowers to their boyfriend/girlfriend would be much more classy b.) the stingy, totalitarian administration forbade having flowers or any fun in the school c.) of a cutback in the number of secretaries.

5.) Sadaam Hussein was a.) a distant relative of Ghandi who vowed to bring peace to the world b.) an Iraqi military leader who got lost and accidentally wandered into Kuwait c.) the insane dictator of Iraq who thought that he could beat the U. S. and the U. N.

6.) Clarence Thomas is a.) a pitcher for the World Champion Minnesota Twins b.) editor for Playboy c.) a nominee to the Supreme Court who was appointed despite the accusations by Ms. Anita Hill that he sexually harassed her. — Chris Benning

ABOVE: Teachers of the Lake Central School District, Kitty Kringen, Rosemarie Brashier, Kevin DeCurtins, and Janie Rook, discuss the plans for the new middle school with architect Ralph Koch. Many teachers feel the new plans are already too small for the upcoming years.

RIGHT: Former MHS teacher Mrs. Charlene Haar is running for a seat in the U. S. Senate. She resigned her teaching position last year, leaving spaces open on the newspaper staff, the English Department, the French Department, and the gifted program.

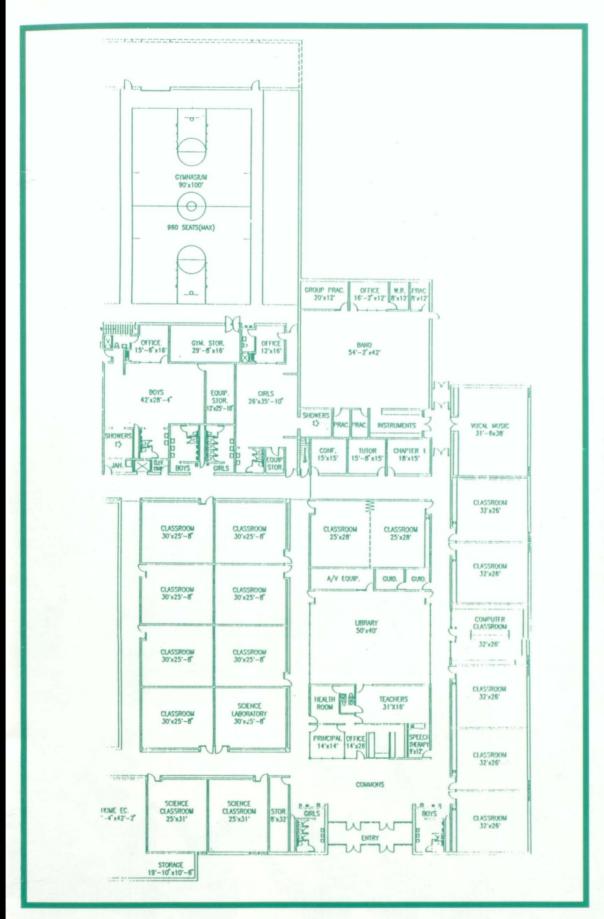

Jason Hanson, Josh Anderson and Mike Johnson contemplate the meaning of life.

Niko Muller Weihrich, better known as Niko Suave, is a "nice German student" in our exchange program. He really gets into Homecoming festivities; but "I cannot stand the drinking age." However, Niko does like having articles written about him.

Superintendent Mr. William Jiricek is retiring this year after serving the Lake Central School District 17 years. "The school board bypassed the voters this time because they felt the procedure was justified," he said of the decision to build.

Pages 4 and 5 by Randi Ayers and Laura Swier.

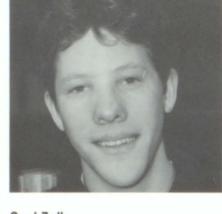

After three unsuccessful elections, the school board finally bypassed the voters and decided to build the new middle school. It will be added onto the existing high school on the east side, causing many parents to warry that their 6th, 7th and 8th graders will be corrupted by the high schoolers. The approximate cost of the new building is \$3, 250, 000, which will be paid for from the sale of capital outlay certificates and from money in the capital outlay fund. The building will open in 1993. This decision has caused tension in the school district between teachers, on the school board and in households.

MHS offers a wide variety of quality activities to please even the most closed-minded of students. This year was the first taste of what budget cuts really feel like — many activities were scaled back because of a tax freeze. Nevertheless, MHS students always make the best of what they've got and have a lot of fun.

Paul "Party Animal" Zeller tells the reason that he likes overnight Oral Interp trips and Richelle Holmberg explains why she's anticipating the end of the school year. I guess we know why most of us are in activities!

FHA member Carrie Puthoff excitedly tells about an activity in which FHA members can participate, in addition to the district meeting in January.

Cam Havlik, alias "Mr. President," actively persuaded the MHS student body to get more active, in response to a cut in the length of Homecoming Week. One major loss for the Senior class was the elimination of Freshman Initiation — presumably one of those "it's all fun and games until someone loses an eye" things. Said Mr. Joe Austin of such Homecoming activities, "Some things are fun, even if there's an element of danger in them." Kind of makes you go "hmmm" when teachers say things like that!!

Paul Zeller

661 love to stay overnight and order pizza at 3:00 in the morning.

Carrie Puthoff

Genthwise is a peer education group that focuses on the environment.

Richelle Holmberg

6 6 I'm looking forward to the trip after school's out.

Com Hovlik

The student council is trying to get the student body more involved with athletics, school spirit, and community activities.

Libby Miller and Spencer Hammer toast a fine performance at the Luverne Marching Band Competition. The band chose to remember

the quality of the show rather than the quantity of hardware.

At a Glance: MHS Activities

Total number of students in activities: 335

Estimated percent of students in activities: 75-85%

Activity with largest participation: Spirit of Madison Band (183)

Activity with smallest participation: FHA (15)

Activity with largest budget: Spirit of Madison Band (\$13530.00)

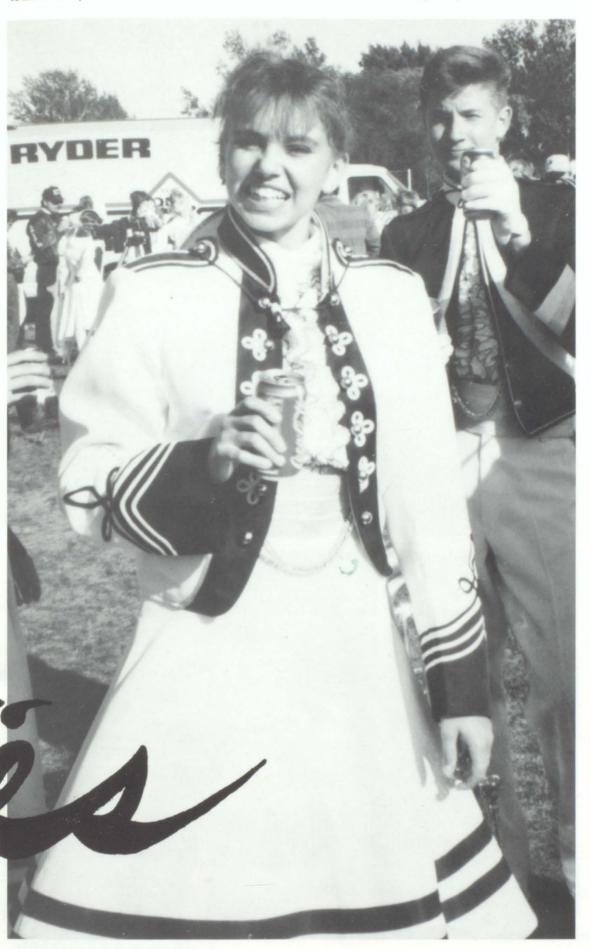

Activity with smallest budget: FBLA (\$500.00)
Average activity budget cut from 1990-91 school year: \$594.00

Activities not subsidized by Lake Central School District but worth noting:
Odyssey of the Mind
Knowledge Master Open
Computer Club
Foreign Language Club
Captain's Club

Students need to realize that the Student Council doesn't have the power that the students want because of the policies made by the Board of Education.

Mr. Ken Reitzel, Student Council adviser.

Student Council Faces the Issues of Pop in the School and Lengthening of the Lunch Hour ...

"STUDENTS WHO LEAVE THE SCHOOL GROUNDS IN A VEHICLE AT NOON: YOU ARE REMINDED THAT NO MATTER HOW HUN-GRY YOU MAY BE, YOU ARE STILL REQUIRED TO OBEY THE RULES OF THE ROAD AND COMMON SENSE. SPEEDING, ILLE-GAL PASSING OF OTHER CARS AND RECKLESSNESS MAY FORCE US TO LOOK AT CLOSING THE LUNCH HOUR. I WILL NOT WAIT FOR A TRAGEDY SHAPE UP NOW!" A promise made to students by assistant principal Mr. Mike Anderson in the announcements (October 3, 1991).

Gina Pederson rebels against the new pop policy at the Halloween dance.

Students Ask:

Students were upset by the new pop policy which states NO pop is allowed in the hallways. Last year students were able to carru it in after lunch and finish it before the bell rang and were able to buy it from the vending machines before or after school. Last year, a few students abused the privilege bu leaving cans in the halls and leaving messes caused by spilled pop. Many students ignored this new policy, such as Gene Lueders who was quoted as saying, "I don't care, I drink it anyway." Janitors, tired of cleaning up the messes, felt that the students were irresponsible, Janitor Mr. Dick Allgaier was guoted as say-

ing: "We don't need pop. We are in school to learn. And that goes for the teachers too." Others felt that it was very absurd because they were not the ones who abused this privilege. "It should be up to the students — they are punishing everuone for something that only a few people did. It's not fair," quoted student council president, Cam Hoylik. A lot of the students know that it is relatively easu to sneak it in the building when no one is looking. Heidi Donohue was quoted as saying, "It's creating more problems than it is solving. There are more constructive ways to solve this. We aren't in kindergarten." Even some teachers thought pop shouldn't

be banned completely from the school: Mr. Dennis Hegg, band director, said, "I don't see a reason for banning it totally." Another issue faced by student council was lengthening the lunch hour. Students for a long time have saidthat a longer lunch hour would result in less after-lunch tardiness and better di gestion of food. Many students mindlessly speed through the back parking lot to get back to school on time, not even noticing the MAXIMUM SPEED 10 sign. Although students have slowed down after Mr. Anderson's threat, they still felt that the lunch hour should have been lengthened. -Kelli Hughes

WE LOVE

The students and faculty would like to give Dave Heim and the Pizza Hut staff a very BIG thank you for the pizza that they have donated. It began when Dave brought sunglasses and t-shirts to the band members at the 3-day band camp. After the camp, Dave gave senior band members free pizza for working so hard. When Homecoming came, he threw a pizza party for the royalty. So, next time you see Dave, just tell him "Thanks!".

Seniors choose Derik Kleibacker, Gary Graff, Paul Schamber, Mike Greene, Melanie Iverson, Cori Frederick, Sarah Snow, Jenny Gross, Susie Collignon, and Dan Ziebarth as royalty candidates. The student body crown Dan and Susie as King and Queen.

661'm anxious, nervous,
and excited!
Melanie
Iverson

Second place talent winners, Orion, featuring Al Tunheim on guitar, Telly Mikel on bass guitar, King Dan Ziebarth on drums, and Jay Weatherill on six string guitar rocked the house performing "Still of the Night", "Voodoo Child", and "Enter Sandman". Taking a stand and battling the "no pop in school" issue, Al's guitar says it all in white letters: "We want pop in school."

Smiling here is the first place talent winner Teresa Sims who entertained the crowd with two fiddle solos. Accompanied on the piano by her mom, Delora, Teresa fiddled "Orange Blossom Special" and "Devil Went Down to Georgia". Playing violin since she was seven years old, Teresa won the admiration of the Coronation crowd.

Anticipation Makes

King Dan Ziebarth sang and accompanied the choir, performed in the talent show, was crowned King, and helped the Bulldogs to a 49-7 victory over Chamberlain. "Being crowned King topped off an exciting week," com-

mented Dan.

No less involved was Queen Susie Collignon who as senior class representative was in charge of Homecoming decorations, played tennis, and was crowned Queen. As Susie said, "I found myself hard-pressed for time."

THE GOOD TIMES ROLL

Anticipation. . . the excited thoughts that flow through your mind before the anticipated event happens. Preparation for the various festivities of Homecoming are almost as fun as Homecoming itself.

THINK OF THE THRILL!!...
Jeremy Kruel and Justin Eich spent seven hours filling 500 water balloons. They bought 24 rolls of toilet paper, six cans of shaving cream, and a water balloon launcher that could throw balloons 100 feet.

Fear accompanied the anticipated thrill for freshmen. Frosh Heather Feige recalled a bit of advice from senior sister Melissa: "Don't roll down the windows or get out of the car." When asked about Homecoming horror stories, Lindsay Rheault said, "I was scared to go downtown because freshmen are hauled to the cemetery." Some were. Just ask Jeremiah Blake, Corey Strom, and Donny Bruns.

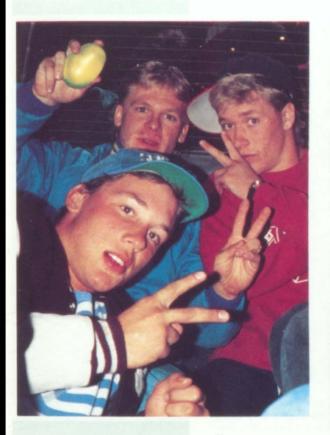

Sewing was a part of the preparations for art teacher

Fear accompanied the anticipated thrill for freshmen. candidate Cori, Mrs. Fred frosh Heather Feige recalled spent "the entire night a bit of advice from senior sewing sequins on THE sister Melissa: "Don't roll DRESS." The count had it at down the windows or get approximately 250.

Anticipation was less stressful for faculty member Kitty Kringen. As Homecoming coordinator for the last 14 years, she gloated, "I have this down to a science."

Anticipation. . . made the "Good Times Roll" for Homecoming '91.

Jennifer Blake

LEFT: Looking mischievous, Dan Ziebarth, Paul Schamber and Mike Greene are prepared to engage in the traditional water ballooning Homecoming festivities..

ABOVE: Dave Heim, the local manager of Pizza Hutt, throws a special pizza party for the royalty candidates: Susie Collignon, Melanie Iverson, Cori Frederick, and Jenny Gross. LEFT: Created by Dakota Rose, this pizza pan of goodies symbolizes the spirit of Homecoming '91. When taking a main, lock your car doors and tightly roll up uour windows. Outside the safetu of your car, water balloons will be soaring through the air, toilet paper will be matted to anything possible, and a shaving cream war will be raging.

turns to RAAAAH!

Administration curtails freshman initiation and cuts one day of homecoming activities, but ... aaaaargh

As homecoming week approached, students were on the verge of rebellion due to recent mandates. However, the negative mood soon turned positive starting with increased participation in the coronation night talent show. The spirit continued when the varsity girls' basketball brought home a win against Hamlin Thursday night. Friday was the highlight of a surprisingly exciting week. At 2:00, school was dismissed for the pep rally. Students assembled in the auditorium to hear second place band Orion, watch a group of freshman initiation skits, and take part in various cheers. Following this, the student body proceeded outside to

watch the traditional tug of war. Despite the fact that the teams were fixed so that the seniors could win. there were surprising upsets. Both the senior guys and the senior airls lost to the respective junior teams, despite a challenge match from the senior girls. To top the night off, the varsity football players beat Chamberlain 49 to 7, winning the first homecoming game in manu uears. The whole week was filled with subversive acts of freshmen initiation, like freshmen fire drills, and seniors greeting freshmen at the door with, "Drop and give me twenty." The administration thought that initiation would be detrimental to freshmen.

However, when asked if she was offended by the hazing, freshman Jenny Gosmire replied, " No. 1 thought it was funny." Mrs. Larson, on the other hand, disagreed saving, "Sometimes it is taken to extremes and becomes revenge." When asked what the highlight of homecoming week was, Amy Riedel, a senior, responded, "The night of coronation when we went up town afterwards and went water ballooning." Mr. Jim Miller, sophomore English and speech teacher. summed up the week best by saying, " Who really comes home for homecoming?" — -Lisa Stamm

ABOVE: These two freshmen girls, excuse me, guys Mike Bulick and Ross Olson are showing the latest trends at MHS on sex reversal day. Contrary to popular senior beliefs, many fresh-

men showed how cool they could be by taking part in many of the Homecoming activities. RIGHT: Thanks to Mr. Bud Postma and his vo-ag class, the student body has an outrageous outhouse topped with a monstrous "C" to burn at the

annual bonfire. After the girls' basketball game on Thursday, many students gathered to celebrate the girls' victory, Homecoming, and the anticipated win Friday night at the football game.

LEFT: Here Mike Johnson is showing his school spirit and team dedication with this stunning new haircut. This year almost all of the varsity football players cut their hair in strange ways before Friday's game as a way to get hyped up and show some style. Despite receiving some strange looks, most players said they would do it again for the team.

When asked about his parents' response to his haircut, Mike stated, My parents thought it was funny. My dad called me 'Colonel Klink'.

LEFT: On toga day, the school travels back to ancient Rome where our wandering photographer finds Aaron Doblar hobknobbing with his favorite ancient super hero, Batman, alias Mike Greene.

ABOVE: Tim Hulscher grasps for every inch to help the junior guys defeat the senior guys and bring them much embarrassment in the annual Homecoming tug of war.

Debate is the art of making someone think you know more than you do. 99 — - A m a n d a A m e r t (RIGHT)

Forensics
leave me speechless. 22 — Nathan Grimm
(LEFT)

Extemp is all about thinking about what you're going to say — after you say it. 99 — -Steve White (RIGHT)

66 Why am I in debate? Because it's different! 99 — -Cindy Heidelberger (ABOVE)

Another year, another coach. Head Debate Coach Trudi Nelson was back for her second season, but her assistant was newcomer Mr. Dave Johnson. Mr. Johnson proved a valuable asset to the oral interp team, helping Alison Grad and Cindy Heidelberger earn Excellent ratings and Chris Benning to earn a Superior rating at the state interp meet.

Debaters are, ROW 1: Coach Trudi Nelson, Amy Hassan, Amanda Amert, ROW 2: Cindy Heidelberger, Chris Benning, Alison Grad, Phil Germann, ROW 3: Grant Olson, Steve White, Jennifer D. Johnson, Mandy Even, Nathan Grimm, Paul Zeller, Julie Hansen, Jessie Moe, Jona Moose NOT PIC-TURED: Kim Neville and Lynelle Lindsay.

One quote from the movie Listen to Me was posted on the debate room wall. It captured the spirit of the debate team: "Debate, as practiced here, is meaner than ice hockey, rougher than football, more strenuous than wrestling, and, because women can play just as down and dirty as men, perhaps the most frightening and fascinating sport on the face of the

planet."

forensics students do what they do best

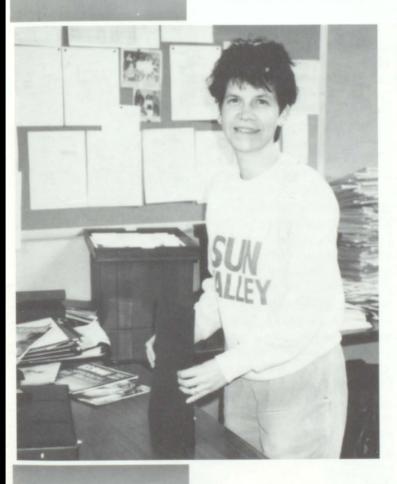

TALK ... TALK ... TALK

At this deadline, December 1, the debaters are looking forward to a great season. Preparations started in July, when Amanda Amert and Alison Grad attended debate camp at SDSU. In August, the whole team started coming into the debate room to work, beginning with the creation of a good working environment. The walls of the debate room were plastered with all sorts of Top Ten Lists, posters, and quotes. Some were political ("George Bush: Vegetable or Noxious Weed?"), some gave advice ("The Top Ten Ways to Lose a Round"), and some were competitive ("Down with Watertown!").

This year's topic for traditional debate was increased

social services for the homeless, and the Lincoln-Douglas topic for the first semester was genetic engineering. MHS fielded a large team this year, with seven new debaters joining the team of nine veterons. On her first debate, Kim Neville commented (several times): "We went three and one!" Three seniors will graduate from the debate team this year. Phil Germann and Chris Benning have been varsity debaters since their freshman year. In the past few years, frequent coaching changes have often put them in the roles of coaches as well as debaters. Paul Zeller, whose easygoing style and "partnerhopping" have earned him the nickname of "The Eternal Novii" among the trad debaters, put in his fourth year as a Lincoln-Douglas debater.

There have been some memorable moments at the interp and debate tournaments already this year. There was the time a certain senior interper left behind the third page of his piece on his desk, and the time an orator spoke in a room with two snakes. Then there were the efforts by some team members to make themselves more colorful. There have been several suppers at the Ram Pub in Brookings, complete with extremely grateful waitresses, and instances of leaving freshmen at home. Check the closing pages for the yearend results. — -Amanda Amert

LEFT: Mrs. Trudi Nelson puts in extra hours one more time amidst a sea of extemp file fallout. RBOVE: Oral Interp state

qualifiers Chris Benning (prose), Alison Grad (oratory), and Cindy Heidelberger (humorous) pose for one more picture.

Deb Simon after the Spirit brought home all this hardware from the Madison/Brookings competition.

The Spirit members know Director Dennis Hegg for his quote, "I don't

care how much you know; I want to know how much you care!"

"I liked our music and our drill, but I thought we should have gotten higher scores." Stacy Peters

"We have to do whatever it takes."
Mr. Jim Miller, the voice of the Spirit of Madison.

Musical Class

The Spirit Plays Weber

Director Dennis Hegg wanted to bring a touch of class to the football fields this year, so the Spirit of Madison Marching Band set to work early to bring the music of Andrew Lloyd Weber to Life.

The Spirit of Madison Marching Band's season started with Rookie Camp the 1st, 2nd, and 3rd of August for freshmen, percussionists, and flags. Full band camp was held August 12, 13, and 14. Director Hegg said, "I think that the three day camp helped the band to have a positive mental approach about the marching season, and the camp will be used in the future."

The Spirit attended 5 field competitions and 3 parade competitions. At the first Spirit of Madison Invitational

Band Competition the Spirit received sweepstakes honors on the field and second place in the parade. At the **Brookings Optimist contest** the Spirit was named sweepstakes winner on the field. The Spirit was also named Combined Sweepstakes winner for both the Madison and Brookings competitions. The band received 3rd place at Luverne field and parade competitions. At the Festival of Bands in Sioux Falls theu received 5th in the field and 3rd in the parade. The band finished off the season with 2nd place at Quad State in Vermillion. A special award won during the season was the outstanding wind line at the Madison competition.

The guard instructor was Amy Bullis. The percussion instructor was John Guenther. Drill instructors includ-

ed Michelle Glanzer, Jenny Graham, Angie Plack, and Becky Glynn. Drum majors were Deb Simon, Libby Miller, and Nathan Moore. Heidi Donohue was the quard captain. Dennis Hegg, son Jeremy, and Jim McKinney, SDSU instructor, arranged music from five of Weber's best-known musicals to be performed in a dramatic and exciting field show which contrasted with the loud, up-tempo street piece, "Cordoba". Hegg "I'm extremely pleased with the band's performance. All the performances were high quality, and I was never anything but proud when the band come off the field. Trophies are a nice reward for all the work the band does, but trophies will gather rust and dust. The feeling of doing a person'a best will last foreyer." - Amu Koch.

"Even from a distance they sounded big and impressive."

RIGHT: At the basketball game, pep band member Collin Welbon is dressed as the Grim Reaper.

Gold, Maroon, and Wind Ensemble

Hegg implements change: New Bands at MHS include ... This year the school went from two band classes to three. The reason for the change was that director Mr. Dennis Hegg felt he would be more successful with three smaller bands because they would play more cleanly and with more precision than two larger bands. The bands changed from the Sumphonic and Concert bands to the Gold and Maroon bands and Wind Ensemble. Another change in this year's agenda was that instead of holding the annual Turkey Band Dinner as a fundraiser at the high school, the band held a pork dinner at the Dakota Prairie Plauhouse. This new type of dinner went very well and had a large attendance.

The Augustana Band Festival was held on November 22 and 23. Scott Appelwick, Kelli Hoff, Anne Brewer, Philip Germann, Chad Martin, Jamison Meyer, C. J. French, Amanda Amert, and Stacy Peters attended the festival. Students from South Dakota, Minneosta, Iowa, and Nebraska were in attendance. The students were put into two bands. There were auditions held for first chair positions, and C. J. French and Melissa Glanzer won first chair positions in their sections.

South Dakota All-State band auditions were held on January 10th in Mitchell. Of twenty band members auditioning, seven students were selected to the All-

State band. They were Anne Brewer, Chad Martin, Stacy Peters, C. J. French, Melissa Glanzer, Zachary Beecroft, and Kelli Hoff.

For the near future the band has sent in an application to attend the Midwestern International Band Clinic held in Chicago, Illinois. The convention takes place in December of 1992 and the wind ensemble hopes to attend it. — Amy Koch

"A nice addition to our choir second semester was senior for eignexchange student Isa Mendes from Brazil."
Richelle Holmberg

CHOIR ENDS ON HIGH-NOTE

As the year opened we were proud to sing for coronation. Dan Ziebarth played the drums as we sang "Show Me The Way".

On December 17 we had our Christmas Concert where Teresa Sims played the violin for "Silent Night". The Junior High Chorus and Director Ginny Ziebarth opened up the night for us. It was a great success!

The Concert Choir numbered 30 students this year. Although the number was down, the chorus worked harder than ever. There were 28 students out of the 30 who

went to Solo and Ensemble Contest on March 10. Out of these 28, 23 came back to school with a superior rating. They worked hard and were dedicated!

The greatest privilege was when the Sioux Empire Youth Symphony asked the Madison High School Choir and the Madison Master Singers to join them in the song "Hallelujah" at their concert held at the Prairie Repertory Theatre, March 15.

As the year progressed we worked on fund raisers for an end-of-the year trip to Shokopee, Minnesota and to

go to Valley Fair, Chanhassen Theatre and the Art Gallery. The fund raisers were a chili feed and catering the Sioux Valley Electric company supper.

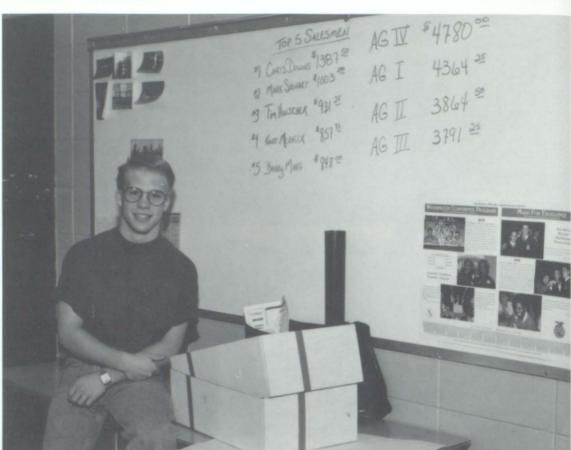

In the last three months of school we were very busy. We had our spring concert April 10th and Large Group Contest on April 8th. In August Madison High will be well represented by students at Honors Choir in Sioux Falls.

And as the saying goes, 'The Show must go on!" — Richelle Holmberg and Aimee Paul TOP RIGHT: FFA members are, ROW 1: Dan Johnson, Terry Moldan, Treasurer Corey Maxwell, President Chris Downs, Robin Norman, Melissa Kulp. Melissa Kulp takes top honors in Creed Speaking and Barry Magg takes top honors in Salesmanship at a leadership contest in Brookings.

FRUIT SALES FUND FFA

The annual fruit sales for the Lake Central FFA were a big success with the local folks. All of the fruit was from a local supplier and the FFA members boxed and delivered the fruit, checking each box and getting rid of the spoiled fruit. Adviser Mr. Bud Postma always says, "One rotten apple spoils the bunch." The senior class sold a total of \$4,780.00 worth of fruit and

their reward was a free pizza party. The grand total of sales was \$16,000.

National FFA Week was February 16th-22nd. Each morning before the end of second period, an agriculturerelated question was read over the loud speaker. On the 18th, a cherry pie feed was held in the ag room for the high school staff. The school guessed the weight of a calf on the 19th. On the 20th the officers went down to the Junior High to talk about Mr. Postma's classes and FFA.

Events to come are Little International on April 3rd, State Convention on April 6th and 7th in Brookings, and the FFA Banquet in May. — Daphne Johnson

A COLOR

Melissa Kulp represents our jr. high members as the State Representative.

Kim Moldan serves on the March of Dimes PEP Squad which promotes healthier babies.

Carrie Puthoff is a member of the new peer education group €arthwise Teens. She strives to inform people about various environmental problems.

Alison Grad is not only our District Chairperson but also serves as a State Officer.

1st Time Ever - 4 Members

Hold State Offices!

This year FHA had an exceptional year. With two district and state officers, two peer educators, and a chapter full of members who are outgoing and highspirited we can only expect the best. Several members went to the Cluster held in Minneapolis. In November we held a potluck dinner which honored our parents and all the businesses who donated to our recycling project. At the dinner we

raffled three gingerbread houses. From this raffle we raised \$31.00 that we used to buy a gift for the Angel Tree. On January 25 Madison hosted the District III meeting. At districts, chapter members participated in a variety of events: Candy Lund was elected the new District III Co-chairperson, Carrie Puthoff won the Beef Cook-off, and receiving superiors on their AAE's were Carrie Puthoff, Melis-

sa Kulp, and Candy Lund. The day after the District Meeting, Carrie Puthoff and Kim Moldan traveled to Pierre with Mrs. Goldammer for a peer educators' training session. All peer education groups were introduced to the Senate and House. Afterwards, PEP Squad members had a reception at the Governor's mansion. The state meeting was held in May. — Carrie Puthoff

FHA members are, ROW 1: Chelsea Kommes, Melissa Kulp, Jessie Moe. ROW 2: Adviser Carolyn Goldammer, Amy Downs, Alison Grad, Kim Moldan, Carrie Puthoff, Veronica Dahl, Candy Lund. ROW 3: Carrie Materese, Corey Maxwell, Jennell Barrow. Carrie Puthoff, Adviser Carolyn Goldammer, Kim Moldan, and Carol Flynn are hosted at a reception by Linda Mickelson (center).

When asked to make a prediction about State, Adviser Mrs. Carolyn Goldammer soid

FHA'ers and believe they will do their best in the areas in which they are competing. They will do very well! FBLA members are, ROW 1: Linette Hulm, Danelle Aus, Stacey Mader, Lori Larson, Heather Severson, Meranda Reese, Michelle Nelson, Ramie Shoenrock, Susie Collignon, Kerry Herder. ROW 2: Jennifer Gosmire, Sara Graham, Lori Brace, Kelli Ostrem, Melissa Feige, Heather Kreul, Amy Koch, Heather Feige. ROW 3: Angie Johnson, Deidra Pearson, Teresa Sims, Shaun Howell, Kandy Even, Gina Cecil, Erin Jankord, Courtney Schlisner, Adviser Mr. Don Hulm.

Future Business

FBLA

Leaders of America

Linette Hulm won first place in Who's Who in FBLA, Public Speaking, Shorthand I, Machine Transcription, and Job Description Manual; and she received second place in Information Processing Concepts, and Ms. Future Business Leader. Finally, she received third place in Office Procedures and Business Calculations.

Gina Cecil won a first place award in Key-boarding Applications — Advanced.

The MHS FBLA Chapter had 31 students involved in the program this year. Local officers were President, Linette Hulm; Vice President, Susie Collignon; Secretary, Lori Brace; Treasurer, Kerry Herder; Co-reporters, Gina Cecil and Teresa Sims; Historian, Deidra Pearson; and Parliamentarian, Courtney Schlisner. Susie was also SD FBLA State President.

29 FBLA members from MHS attended the State Fall Leadership Conference which was held at Lake Area Vocational School in Watertown.

23 FBLAers attended the State Spring Leadership Conference in Pierre on April 5-7. Awards and scholarships were presented during the Awards of Excellence Banquet. During the three

days the members took tests and participated in the general sessions, workshops, and team activities.

An installation ceremony for the 1992-1993 State Officers was held following the Awards of Excellence Banquet on Tuesday. Lori Brace was elected to the office of FBLA State Historian.

Lori Brace, Gina Cecil, Linette Hulm, and Lori Larson will be representing MHS at the National Leadership Conference in Chicago, Illinois, in July. — By Amy Koch

Lori Brace received a first place award in Shorthand I and a second place in Office Procedures.

Lori Larson received a second place award in Accounting I.

Whitfield Challenges National Honor Society To Do More Than Excel ...

"I challenge you to take the mot with the best wrestler at MHS," said Dr. Patricia Whitfield, dean of the College of **Education at Dakota** State University. "You may not beat him, but you will be that much closer to becoming a state champion just for trying." Dr. Whitfield dared the 23 new inductees to take the challenge and do something that they did not already excel at.

The challenge was not made to just any group of students, however. The requirements that these students fulfilled to become members of the National Honor Society included achievements in leadership, scholarship, service, and character. The selection for this group was made by a committee that chose these students from among all junior and senior students that maintained a 3. 4 grade point average for 3 consecutive semesters. — by Deb Simon

New National Honor Society members are, ROW 1: Emily Jensen, Amy Hassan, Gary Graff, Tammy Jo Fiegen, Anne Brewer, Lori Brace, Randi Ayers, Amanda Amert. ROW 2: Laurie Westall, Laura Swier, Sarah Snow, Stacy Peters, Wendy Sterling, Aaron Tonsager, Telly Mikel, Collin Welbon, Amy Schuurmans, Libby Miller, Greg Sanborn, Alice Meyer, Lynelle Lindsay, Lana Lienemann, Lori Larson.

Still Going ...

Like the Energizer Bunny, The Maroon just won't die. Since 1933, it has entertained Madison students and published their views. The Maroon survived proposed budget cuts, and moving into a new office didn't hinder publications. When Charlene Haar resigned to run for Senate and two rookie advisors took her place, the Maroon carried on. When Co-Editor Stacie Johnson graduated, the Maroon welcomed All-State Journalist Stacy Peters to take over.

Through controversial editorials and headlines, public ridicule and corrections by teachers, the Maroon lived. We went through it all this year - just ask Mrs. Lora Milne or Mr. Norman Johnson. They really had a job set up for them, and they did it. Thanks go out to everyone who wrote articles, submitted Jokes of the Month and gave us Letters to the Editors. - by Randi Avers

RIGHT: These two do it all! Co-Editors Stacy Peters and Randi Ayers.

Maroon staffers include, FRONT: Amanda Amert, Cindy Heidelberger. BACK: Advisor Lora Milne, C. J. French, Stacy Peters, Randi

Ayers, Gina Pederson, Lisa Stamm and advisor Norman Johnson.

Stacy Peters shows off only one of the many benefits an All-State Journalist 99 receives: the compli-

Newcomer to the Maroon and Madison High School, Lora Milne takes the role of advisor.

Norman Johnson went through even more changes this year, as he also went from teaching freshmen English to senior English.

mentary T-shirt.

Annual Staff recruits students to meet the deadlines and cover the year ...

Three advisors in three years and changing staffs and jobs required members to share job responsibilities. The advantages of this situation: People helped! Patt Germann, last year's advisor and a reporter for the Madison Daily Leader, provided the staff with many photos. After Aimee Paul had organized the yearbook and found her afterschool job encroaching on her time, Amanda Amert stepped in to proofread all copy. When the yearbook had no members to cover certain aspects of the uear, we recruited some really quality people like Deb Simon, who helped with writing and proofreading. When asked if they would help with cross country and bous' basketball, Krisann and Derik Kleibacker said, "Yeah, we can do those pages." Sara Graham stepped in to do gymnastics; Sean Hughes became the computer expert-in-residence. Thank you, staff! The plan is to award the workers with a pizza party after the April deadline. We hope to add pages and increase the size of pages next year. THIS PROJECT IS UNDER CONSTRUCTION! ... hmmmmmm ... '92-Advisor Crystal Benning

This year's annual staff includes FRONT: Daphne Johnson, Lisa Stamm, Aimee Paul, Amy Johnson, Randi Ayers, Casey Downs, Jodi Jung. BACK: Heidi Donohue, Lisa Dyce, Corey Maxwell, Brett Aker, Amy Koch, Kelli Hughes, Jodi Brown, Carrie Puthoff, Laura Swier, Stacy Peters, Angle Johnson, Amanda Amert, Nicole Chilson, Alison Grad, and Phil Germann.

Patt Germann, our trusty local paper reporter/photographer. Without her there would only be fuzzy photos here.

Deb Simon stepped in at the last minute to write articles, do pages and entertain us.

Jenny Blake, who didn't make it in the staff photo, did many, many pages, including the Homecoming and Sweetheart sections. She sure loves her green beans.

If your name is spelled wrong in this annual, see Amanda. Amanda Amert proofread all articles before sending them to the publisher.

Brett Aker won the 'Design a Cover' contest, therefore winning the privilege of doing ALL the annual's artwork.

ABOVE: The mysterious tech crew includes Lisa Stamm, Heidi Donohue, Lynelle Lindsay, student director Wendy Sterling, and Julie Hanson. These are the indispensable people who work behind the scenes to make the production run smoothly. The crew handles every-

thing from costuming and make-up to sound effects and lighting. RIGHT: Here, Eve tries to fight off the temptations of an evil spirit as he tries to persuade her to eat of the forbidden fruit in the Garden of Eden. Joseph Boldt and Anne Brewer are cast members.

An angry and frustrated Cain (Chris Benning) finally gives in to the temptation of the evil spirits and turns on his own brother, Abel (Phil Germann). Isabelita Mendes, a member of the higher order, watches condescendingly. In a conversation with Phil right before the performance, Lisa Stamm said to him, "Well, this is the last time we get to do this because we're seniors and stuff."

Yeah, this is the last time I get to die,

replied Phil.

Hard Work Earns a

SUPERIOR!

1992 One-Act category is drama ...

MHS takes the challenge with Genesis! Every one-act season brings a new project. This year <u>Genesis</u> was that project. The play traced the story of the book of <u>Genesis</u> from God creating the Universe to Cain killing Abel. This play took on a unique perspective because there was no Adam, and the story was told as Eve saw it.

The tech crew certainly had their work cut out for them this year. Their tasks included live sound effects, complete face make-up for the evil spirits, and body make-up for Cain, Abel, and Eve. Thankfully, the elaborate costumes

were either borrowed or rented, saving the tech crew valuable time that might have otherwise been spent sewing.

This year the cast and crew traveled to Pierre for the state festival. They had the pleasure of staying at the Ramkota Inn and Convention Center Thursday and Friday night. Entertainment was not a problem because of the indoor pool and spa. The pool closed at 10, but that didn't mean everyone went to bed. Nathan Grimm held everyone's attention by hypnotizing a few willing subjects,

and, of course, there were the midnight gossip sessions.

Friday's performance went very smoothly, and the show received a spectacular critique. At first the only words the judges could use to describe the show were "Wow!" and "Great!" These wonderful comments set spirits high. The cast was not disappointed the next day when the show received a superior, and Chris Benning received an outstanding actor award. — Lisa Stamm

The cast includes, Row 1: Alison Grad, Emily Jensen, Amanda Amert, Joseph Boldt. Row 2: Christopher Benning, Phil Germann, Amy Hassan, Melissa Glanzer, Carmen Callies. Row 3: Veronica Dahl, Nathan Grimm, Cindy Heidelberger, Steve White, Isabelita Mendes. These are the people who brought things together to earn a superior at the State Festival in Pierre.

(BELOW) To the hot-tub with you! Paul Zeller and Chris Benning are on their way upstairs, much to the surprise of Amanda Amert. (TOP RIGHT) Is this the face of a sane man? Chris Benning tries to con-

vince Nathan Grimm and Amy Hassan that it is. (CENTER RIGHT)
"Poor mother — was he a young man?" queries Melissa Glanzer as Joseph Boldt fans Amanda Amert with a cushion.

People get run over by trucks all the time. Why can't something like that happen to Uncle Elwood?

— Melissa Glanzer (As Myrtle Mae Simmons) to Amanda Amert

Now we know there must be a man around here somewhere with

a big, white rabbit ... Steve White, Nathan Grimm, and Amy Hassan would just love for Anne Brewer to tell them exactly where he went.

Harvey Arrives at MHS

In search
of a big
white
rabbit ...

The lights in the gum flickered ominously. Chris and Anne were running lines. Nathan was muttering to himself and practicing his trademark hand gesture. Joseph and Melissa were reminding one another which cues not to forget. Amy and Jennifer were truing to break the world's record for the most bobby pins jammed into one hairdo. Amanda was pacing ... and pacing ... and pacing ... The door opened. "Places!" Cindu called. Hugs were exchanged. Lips were bitten. The cast of Harvey walked out onto

the stage, and Randi pulled the curtain open.

But the real story of the MHS drama department's Spring Production started three months before the curtain went up on opening night. Auditions were held in February, and the cast dedicated most of their lives during March and April to practice and set construction, with the help of the tech crew. (Although at times it was hard to tell who was helping whom, or even if the actors were anu help at all.)

Director Jim Miller faced just about everything this year, from pneumonia to walls that refused to stand and a set with an urae to go west, but with the help of Dr. Orville Van Deest it all came together in the end. At the final performance, the seniors presented both Mr. Miller and Dr. Van Deest with Nicky's Gift Certificates as thanks for all their hard work. The cast and crew have also nominated both men for sainthood. - Amanda Amert

(TOP) Everyone has a favorite scene ... is this Paul Zeller's or Melissa Glanzer's? (ABOVE LEFT) The cast and crew of Harvey consisted of ROW 1: Phil Germann, Randi Ayers, Alison Grad, Cindy Heidelberger, ROW 2: Paul Zeller, Wendy Sterling, Amy Hassan, Melissa Glanzer, Julie Hansen, Amanda Amert, ROW 3: Harvey,

Chris Benning, Heidi Donohue, Nathan Grimm, Joseph Boldt, Chris Stearns, Steve White, Anne Brewer, and Jennifer Johnson. (ABOVE RIGHT) Chris Benning makes friends with Anne Brewer. (LEFT) Have you met Harvey? Chris Benning introduces him to Jennifer Johnson as Amanda Amert and Melissa Glanzer pray for the floor to open up.

Jenny Gross:

at the Prairie Rep Theatre. I was very happy to have my senior Sweetheart there.

Libbu Miller:

bit too big and spacious.

Holly Davis:

a nicer place to go than the school lunch room.

Theme for '92 Sweetheart:

Love of a Lifetime

Quiet sparkling candlelight, harsh white fluorescent lights, and the greasy, thick air of fast food, or perhaps the safety of your home... How do the students at MHS dine to "set the mood" for the magical evening of Sweetheart? Reed Timmer and date Kelli Ostrem dined at the Mexican restaurant ChiChi's. While attempting to eat, Reed drenched his new 100% silk shirt in salsa sauce.

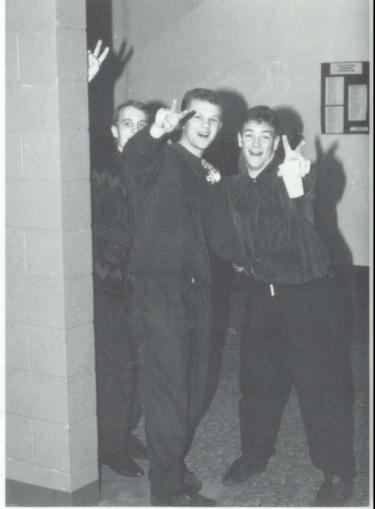

After traveling fifty miles to Sioux Falls in formal dress and

standing in the Red Lobster lobbu for one hour and fortufive minutes, Shannon Wise and her date settled for Bonanza. Susie Collignon and Marlo Natwick chose candlelight and reheated Pizza Hut pizza on china as their magical combination to serve Kurt Merager and Wayne Nightpipe. A more traditional approach, Krisann Kleibacker prepared lasagna for her date Damon Fuger. The most unique method to "set the mood" and my personal favorite was shared by Kely

Heuer, Dannu Graff, Cori Frederick, and Donny Bruns. These two couples enjoyed the atmosphere that Big Macs, Chicken McNuggets. and frenchfries at McDonald's created. For the first time ever. Sweetheart was held in the Prairie Rep Theatre. Most people really liked the space and unfamiliarity of the building. Whatever ways the students chose to "set the mood", all were successful making Sweetheart '92 a very memorable evening. -Jenny Blake

ABOVE: Collin Welbon, Betsy Parent, Shannon Wise, and Corey Gerry take a break from dancing. RIGHT: Chris Johnson and his date Jason Hansen make their entrance into the dance followed by Chris Drew.

TOP: A record number of students attend Sweetheart '92. A disc jockey provides the music. LEFT: FLBA sponsors Sweetheart and decorates senior hall every year.

Danelle Aus, Carli VanHove and Linette Hulm decorate the wall with this year's theme 'Love of a Lifetime.' ABOVE: Mike Becker and his date Misty Jung.

BELOW: Watching the Grand March are Laura Swier and her date; Gene Leuders and his date, Kelli Hoff and her date Tim Hulscher, and Scott Schmidt and his date Deb Simon. RIGHT: Brett Pierce and Lori Ihler walk through the last of the pillars during the Grand March. Couples were announced both upon arrival and at the concluding Grand March.

Arriving Prom night is like arriving at the Academy Awards - valet parking, Mr. Jim Miller announcing the couples, and Jack Vickmark videotaping.

Pictured here are Deb Sample and her date Rob Hanson.

Couples (Deb Simon and Scott Schmidt; Chad Holsworth and date;

Josh Anderson and Emily Jensen; and Brett Pierce and Lori Ihler)

enjoy dancing to the music that Sonic Boom DJ'ed.

PROM IS UNFORGETTABLE!!

"Prom was okay, but the after-prom party was more fun!". Jason Havlik

"I like it better there (Prairie Repertory Theater)." Kandy Even

"It was FUN!" Stefanie DeSchepper Prom 1992 really was unforgettable. This year was the first year that prom was held in the Prairie Repertory Theater. It was decorated with metallic moons and stars and adorned with black, silver, and marble balloons. When guests arrived, their cars were parked for them as they walked to the doors. A crowd of parents watched the couples as they were announced. Passing through

the doorways, couples were led into the ballroom by a path of balloons. Mr. David Sanford was the photographer for the evening.

Music was by Sonic Boom, a sound-mixing DJ group. Prom concluded with the Grand March.

Once again, the after-prom party was held at the Elks Club. The theme was "Wild Wild West". Upon entering, each person was given \$200 of script money to spend gambling. Again, Dave Sanford took photos; this time with an optional backdrop of hay stacks. There were tables for black jack, bingo, horse races, craps, and a bank. Guests used their money to buy prizes at the mercantile. The night, or shall I say morning?, was concluded with the hypnotist, Scott McFall.

- Kelly Hughes

LEFT: Shawn fieseler and date Lynelle Lindsay walk through the path of balloons upon arrival to Prom. RIGHT: A DJ from Sonic Boom wonders if he should ask the chaperons what music they want to

hear. NOT! Pictured here are Martin Connor and wife Joan, Kitty Kringen with her mother to the left, and school board member Jack Meyer with his wife.

The 1991-92 school year brought a host of successful athletic seasons to MHS. The following is my own reflection upon what stood out in the year.

The fall season found the boys' cross country team running away with the regional championship, the football team with its best-ever playoff finish, the girls on the court scoring a Cinderella championship at the Big Sioux tournament, and boys' golf driving home a conference championship.

The winter sports also fared well. Coaches Collignon and Postma pushed the wrestlers to stay in the top ten all year and send eight men to state. The boys' hoopsters, backed by some unique crowd support, chalked up a winning season and gave number-three ranked Howard quite a run in the district finals.

Spring brought a large group of students out for track and field, a full tennis team (with some reserves), and a state title for the MHS powerlifters.

The support for our athletics here at MHS has been outstanding the last few years — I thank all who supported the things I was in, and I hope I returned the favor. Perhaps the scope of how successful our crowd support this year really was can be found in what one girl from West Central said following the boys' basketball game here in Madison: "Those *&#@\$?!* cowbells drove me nuts!!"

- Phil Germann

Melanie Iverson prepares her game face as Coach DeCurtins gives the team a pep talk.

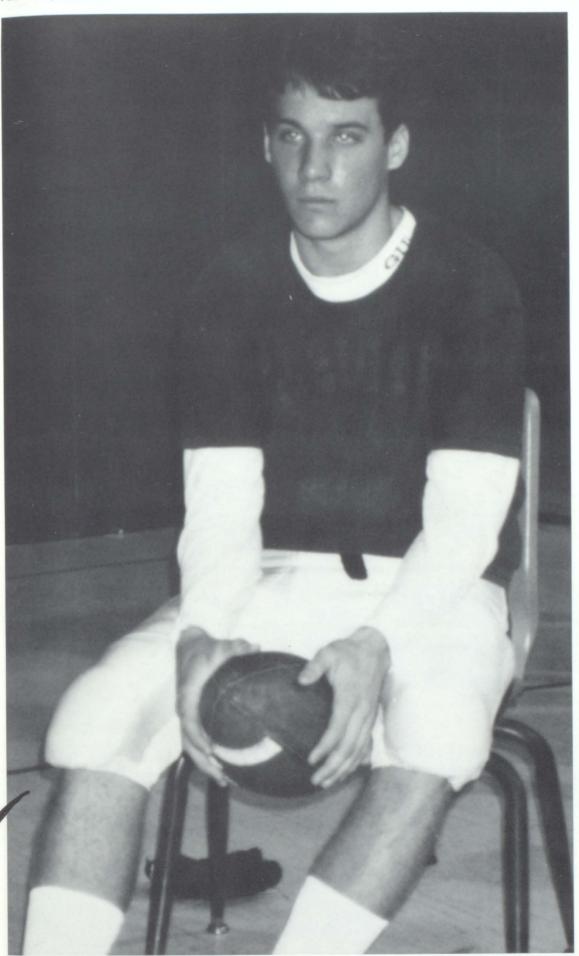

Coach Jerome Garry, although incapacitated for a few weeks, helped the MHS powerlifting team earn a state title. Lana Boetel prepares to pound the volleyball back at the opponent.

Heith Janke likes to run because it gets him sympathy from the women crowding around him.

Sporta

At A Glance: MHS Sports

S pirit

Cheerleaders, Mascots, Pep Rallies, Pep Band

School spirit is an elusive phantom that every school wants, but very few schools get. The cheerleaders' primary responsibility is to bring school spirit to their school.

There are many ways for cheerleaders to bring school spirit to their schools. The cheerleaders go to camps in order to learn new cheers and dance routines. The cheerleaders need to keep their routines new so that the student body will not become bored with them.

Pep rallies are also a good way to cultivate school spirit. Pep rallies excite the student body and pump the players up for the game.

The pep band is also a source of school spirit for the school.

The pep band helps the cheerleaders by providing songs to do routines to and instilling pride in the players.

Mascots work hard to keep the school spirit up. The mascots are very special and important, bringing a lot of school spirit to the games and pep rallies. The mascots are also entertaining.

Because of the hard work and dedication of the cheer-leaders, mascots, and the pep band, the phantom of school spirit will continue walking the halls of Madison High School. — by Stacy Peters.

Waiting in line on Parents' Night are Susie Collignon, Gina Pederson, and Angie Jones.

The Girls' Basketball squad, made up of Stacy Peters, Deb Sample, Bulldog Emily Jensen, Kelli Ostrem and (not shown) Heidi Donohue, intently watch the freshmen initiation.

The football squad consists of Kerry Herder, Sarah Snow, Danelle Aus, Lori Larson, Libby Miller, Carmen Callies, and Bulldog Alison Grad.

TOP LEFT:Cheering for the wrestlers are Marlo Natwick, Randi Ayers, Kelli Hughes, Angie Jones, Brooke Postma, Brittany Postma, and Bulldog Gina Pederson. TOP RIGHT: Lori Larson, Danelle Aus, Sarah Snow, Kerry Herder, Lori Brace, and (not shown) Libby Miller cheer for the winning boys' basketball team. LEFT: Everyone has seen the cheerleaders hard at work making posters in senior hall. Poster making is the most time-consuming aspect of cheerleading because there are only about two cheerleaders who have any artistic ability. The rest of us are lucky if we are able to draw believable stick men! Deb Sample and Heidi Donohue are prime examples of cheerleaders hard at work. BOTTOM: Lori Larson performs the school song during a pep rally. Cheerleaders need to learn the school song flawlessly for pep rallies and games. — Stacy Peters

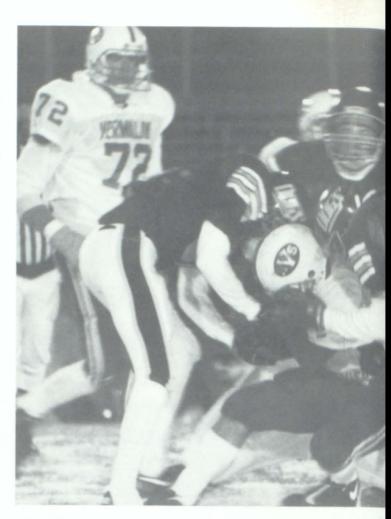

Gets it Done

This year the football team entered the season with great optimism. Numerous hours were spent in the summer and off-season getting in shape by pumping iron, running, and a three week gerobics workout with the cheerleaders. Their realistic goal set for the year was to be the first football team in over a decade to have a winning record. Six wins were needed to match the victory output set back in the 1970's. The theme for this year's team was "It will get done in '91!"

Highlights during the year included a crushing Home-coming win over Chamber-lain and consecutive shutouts

against Sioux Valley and archrival West Central. The Bulldogs entered the 1991 playoffs and won their first game, but the year ended with a second loss to Vermillion, who went on to become the State Champion.

The team marked several MHS "firsts" this year, including the first playoff game ever won. It was also the first time Madison ever hosted a playoff game. And this was the first year since 1979 that a season above. 500 was posted at MHS. So, according to Coach Jerome Garry, "It DID get done in '91." By Randi Ayers

Gary Graff, Paul Schamber and Dan Ziebarth are named Class 11A All-Staters.

HATEVER IT TAKES

... Midway during the year the Lady Bulldogs pulled off the surprise of the Big Sioux Tournament. The upset of the tournament came when Madison defeated Dell Rapids. After pushing past Dells, the girls went on to beat Beresford and take the

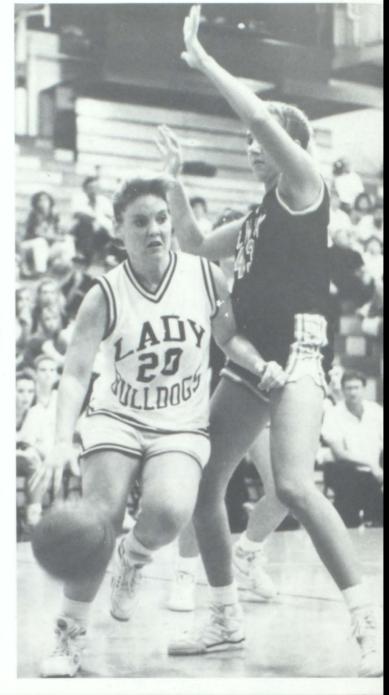

tourney championship, thus proving they were a team to be reckoned with. Coming off these two wins, the girls played a respectable game against Lennox (41-48), and also racked up a second win against Flandreau.

"As two of the seven graduating seniors, we are going to miss the five girls we've played hoops with since junior high."
Jenny Blake #32
Deb Simon #22

The season ended disappointingly in the first round action of districts. The final record of ten and ten does

not reflect the team's unity and strength.

S earching for a Sweet Spot

GIRLS: Look in last year's annual on the Girl's Tennis Game, and you'll find a lot of zeroes in the "We" column. This year, the girls were determined not to let that happen again.

BOYS: Even though the boys team enjoyed giving the girls a hard time about their record, they didn't have any more right to brag than did the girls. They, too, were determined that this year was going to be different.

GIRLS: The season looked bright from the beginning: the girls were finally reaping the benefits of having a

young team for two years. With one senior, five juniors, and three sophomores, the team drew on hard work and experience to overcome some tough rivals. Only one team was able to hold them scoreless, compared with last year's eight goose-eggs.

BOYS: Things also got better for the bous, who managed to trounce Pipestone playing by Minnesota rules. After a winless 1991 season, the boys were feeling good about their wins.

GIRLS: The girls ended their season on a positive note, with the doubles team of

Anne Brewer and Amy Hassan taking the third-flight consolation championship. After everything was said and done, the girls voted Susan Collignon Most Valuable Player and Deidra Pearson Most Improved, and they promised to have an even better season in 1992.

BOYS: The bous also looked good at the state tournament and are planning on a big 1993 season. They ended the year by awarding Most Valuable honors to Derik Kleibacker and Most Improved rights to Lars Johnson. — Amanda Amert

Amy Hassan will be a returnin senior on the girls' tennis team.

This year's Boys of Tennis are, ROW 1: Kelly Conrad, Lars Johnson, Troy Randall, Matt Gross. ROW 2: Chris Mortin. Ben Thielbar, Niko Mueller-Weihrich, Jesse Alfson, Martin Pape. ROW 3: Derik Kleibacker, Wayne Night Pipe, Jason Thuringer, Phil Germann, and Coach Doug Sims.

Weather Dampens Seasons, Not Spirit

Derik Kleibacker practices his form in preparation for the state tournament.

The Madison women's and men's linksters both completed up and down seasons on a positive note. The Bulldogs fought through wind, rain, and snow to put together successful seasons. In the fall the men repeated as conference champs with a huge margin over the second place team, Vermillion. Ben Thielbar shot a 78 on his home course to give him meet medalist honors. Derik Kleibacker and Mike Hart finished with scores of 80 and 84, giving them second and fourth places respectively.

However, Madison struggled at the regional meet at Elmwood Golf Course in Sioux Falls, qualifying only two golfers for the state meet. Ben Thielbar and Derik Kleibacker represented the 'Dogs in Mitchell at the state meet, placing 25th and 26th respectively.

The lady linksters, coached by Joyce Farrell, geared up for spring only to find that snow and freezing conditions would eliminate part of their season. That did not impair the Lady 'Dogs, however, when the regional

meet rolled around. All five women qualified for the state tournament in Spearfish, giving Madison the opportunity to compete as a team. While not placing with the top teams, the Lady 'Dogs made a good showing with freshman Sheri Ellis among the top golfers in the state. Said senior MVP Jenny Gross, "By going to the state meet and getting to know each other better, Deb and I discovered that freshmen aren't so bad after all!" -- by Deb Simon

Women Golfers are, ROW 1: Molly Eastman, Hillary Donohue, Tana Thompson, Andrea DeBoer, Jody Swier, Kristin Sanford, Heather Halverson. ROW 2: Brandi Begeman, Trina Walker, Kely Heyer, Jenny Gross, Deb Simon, Sheri Ellis, Laura Swier, Amy Koch, Lori Ihler.

eith Wins State

The boys' team had an excellent season. They all worked very hard as a team and even shaved their hair and eyebrows to match! Madison has had the number one runner in Class A for the last two sophomore, one freshman and four seventh graders, the girls had a very young team. They improved as the season progressed and placed third in the regional meet, and four girls qualified for the State

Nearly undefeated, Adam Ericsson led the Bulldogs throughout the season. Ericsson was beaten only at the Big Eight Conference Meet and at State, where he was hindered by illness. His season best time was 16:15 on a 5000m course.

years; Adam Ericsson in 1990 and Heith Janke in 1991. Both of them will be returning next fall. Next year should be another excellent season for the boys, and they will be looking for top finishes in the State Meet.

Starting one senior, one

Meet. If the young girls return, they will have a much better team and should look for good things to happen in the future. — Krisann Kleibacker

RIGHT: Heith Janke wins the boys state A meet with a time of 16:11. He is 5th out of 370 runners in three divisions. According to Janke, "We should win state next year."

Members of the cross country team are, ROW 1: David Sample, Mike Russell, Kester Dahl. ROW 2: Heith Janke, Meranda Reese, Krisann Kleibacker, Heather Severson, Travis Zingmark, Cam Havlik. ROW 3: Coach Bob Miller, James Carder, Adam Ericsson, Jason Havlik, Carl Stearns, Chris Downs, and Phil Germann.

Krisann Kleibacker, Brandy Vilhaur, Heather Severson, and Meranda Reese all qualify for the state meet in November. The meet was post-

poned one week and moved to Mitchell because of bad weather conditions. The girls ran through snow and ice at state.

LEFT: Heather Severson is the girls' top runner with a season best time of 16:28 on a 4000m course. ABOVE: The band, as well as the football team, showed their sup-

port for the cross country team this season. All home meets are held at the Madison Country Club and could be better attended.

Coach Bob Miller's thoughts on retiring as cross country coach: "I think it is time for me to retire and to enjoy some free time. I will miss cross country and the association with the runners. I have been blessed with many excellent runners and others that have made coaching very enjoyable. I will be leaving a very good group of boys and girls that will have much success in the future. I wish them the best and I also would like to thank all those who have run for me."

reshmen Go To State

The MHS gymnastics team was led by Captain Maridee Wiese. They had an excellent season for such a young team. Two high school students earned the right to participate in the state meet in Watertown: Maridee Wiese and Brandi Begeman. "I felt nervous at first," Wiese stated, "but after we started having fun, I forgot about the butterflies." Begeman felt that the experience was the best thing about state. Future goals are to make state as a team and stay as a "family". This year the gymnastics team practiced and had meets in

the Prairie Repertory Theater.
The team and coaches thought it was a wonderful change not to have to move equipment and to have a constant practice schedule.

Team awards were given to Brandi Begeman and Lisa Bickett for Most Valuable Player and to Dawn Smith and Summer Meehan for Most Improved. — Sara Graham.

BELOW: After three years of hard work, Brandi Begeman goes to state competition for the beam. RIGHT: Maridee Wiese goes to state for floor and vault.

Wiese said, "Our coaches, Head Coach Linda Collignon and her assistants Sara Collignon and Julie Kirkpatrick, had good positive attitudes which made our team spirit even better." Begeman adds, "The college students were easy to get along with and were a nice addition to the team."

Gymnasts are, ROW 1: Summer Meehan. ROW 2: Maria Kommes, Amber Goth, Becky Thuringer, Dawn Smith, Kristen Standford, Michelle Bickett. ROW 3: Lisa Bickett, Kelly Thayer, Brandi Begeman, Maridee Wiese.

nell Barrow, Krista Johnson, and Cori Frederick look on.

ulldogs Win Big 8

The 15-10-1 record was good enough to give the Madison Lady Bulldogs their best season in six years and a first time ever Big 8 Conference championship. "The girls worked very hard at overcoming their differences to pull together and make this one of our most successful seasons," said coach Joyce Farrell.

The Lady Bulldogs were led this year by seven returning seniors and a junior Most Valuable Player, Kelli Hoff. Hoff said of the season, "The loss at the district tournament was disappointing, but we had a great season and I'm looking forward to another shot at the state tournament next year."

— Deb Simon

D

ogs Pick up the Pace

What the Bulldogs lacked in height this year, they made up for in quickness, defensive pressure and shooting accuracy. With the departure of the Blase brothers, came a new style of "run and gun" play to the Bulldogs. Pacing the 'Dogs on the court were senior guards, Gary Graff and Brad Bastian. Gary posted the best lifetime three-point shooting percentage in Bulldog Basketball history, 44%, and was named this year's Mr. Clutch and MVP. Brad was named as this year's Hustler. Joining them on the starting five were Senior Jason Jerke, Junior Telly Mikel, and Sophomore Kule Stratton. Telly was voted Mr. Defense and Kule received Most Improved honors. Playing reserve roles, Jason Thuringer, Lars Johnson, and Adam Ericsson all received Unsung Hero Awards. Also, Derik Kleibacker was named an Academic All-Stater.

The 'Dogs finished at 12 and 9, losing 7 games by less than ten points. Madison played

competitively with the best teams in the state, narrowly losing to Lyman in the Sioux Falls Classic, nearly upsetting second rated Harrisburg in the Big Sioux Tourney, and playing down to the wire with Howard who would later take third in the state tournament. The 'Dogs placed second in the Big Eight, beating all conference foes except Lennox. It was a year of exciting, fast-paced ball, mixed with great wins and frustrating defeats. There was one constant this year, however. Whenever the Bulldogs took the court, the other team was in for a fight. Looking ahead, with the loss of three of the starting five due to graduation, the returning players will have work to do in the offseason, but the winning tradition set down in the past two seasons should continue.

Hungry Men

Wrestling, a tradition of brave, strong-willed, and always hungry men. Seven seniors, five juniors, thirteen sophomores, and seven freshmen accepted the challenge this year, under the supervision of coaches John Collignon, Bud Postma and Chris Waba. Last year's undefeated season proved difficult to live up to, but these guys did an admirable job. Nine men were sent to state, with

Aaron Doblar and Travis Zingmark placing 5th, Mike Greene and James Carder at 4th, and Aric Stien at 2nd. Wrestling, especially coaching, can be hard on a body; therefore Mr. Collignon announced to his wrestlers at the end of the year, that this season was his last. "I'm sure," he said, "that our winning tradition will continue." RIGHT: Aric Stien is posed to attack.

M

HS: 2nd in State

The Bulldog Track Team got off to a rocky start this year because of the uncooperative personality of Mother Nature and injuries to key people. "We had to work through a series of injuries, both boys and girls, but the kids have worked hard and competed well," said Head Coach Frank Guenther.

The girls brought home eight trophies from the Pipestone Invitational and a team trophy from the Big 8 Conference. The boys' track team was even more successful; they brought home two relay trophies and a team trophy from the Flandreau Invitational, 24 trophies from the Pipestone Invitational, and a team trophy from the Big 8 Conference meet.

Both the Girls' and Boys' track teams placed second at the State Track Meet held in Sioux Falls on May 30.

Erin Jankord was the big pointgetter for the girls, taking second in the 100 and 200 meter dashes and second place in the 800 meter relay and fourth place in the 400 meter relay. Other members of those two relays were Heather Severson, Gina Moose and Tracy Alber. Tracy Alber was fourth in the 400 meter dash; Gina Moose came in second in the 300 meter hurdles.

The boys' 3200 meter relay team of Adam Ericsson, Scott Schmidt, Heith Janke, and Travis Zingmark placed second. Adam Ericsson was first in the 1600 meter run and third in the 3200 meter run. Heith Janke placed first in the 3200 meter run and second in the 1600 meter run. Josh Anderson was sixth in the pole vault. Paul Schamber placed third in the discus and fourth in the shot.

Coach Guenther is looking toward next year: "I think there is a good nucleus returning to make for a very competitive team, both boys and girls, and they will continue the strong track tradition at MHS." — Stacy Peters

Heith Janke powers past Milbank to win at the Dan Barker Relays. Carl Stearns is hot on Heith's trail.

The boy's track team members are, ROW 1: Mike McIntyre, Daron Olson, Erik Nelson, Josh Anderson, Kelly Warren, Heith Janke, Nathan Moore, Andy Johnson, Travis Zingmark. The HMMM ...

Vol. 52 No. 1 Madison High School

Experience Leaves MHS

Mr. Bob Miller will retire after 34 years of teaching biology at MHS.

For the past 34 years, Mr. Bob Miller has taught biology at Madison High School. This spring Mr. Miller will retire to enjoy some relaxation. He plans to be married on May 30, 1992, and then travel and take up some new activities. "Now that I have time, I can golf," Mr. Miller said.

Mr. Miller enjoyed meeting the different students and finding out about their different capabilities.

The time a girl ate a grasshopper during dissection was the funniest experience in Mr. Miller's teaching career. The girl ate the grasshopper because someone bet her five dollars that she wouldn't.

The "King" [Mr. Ken Reitzel] and his court.

Mr. Ken Reitzel has been a common sight in the halls at MHS for 26 years. Mr. Reitzel worked in many other places before coming to Madison. He was once a principal, and in Colman he was a superintendent.

"I wanted to get back into the classroom," Mr. Reitzel said of his decision to teach in Madison.

Mr. Reitzel believes that the best part about teaching is being thanked by a former student for his help.

Mr. Reitzel intends to stay in Madison after he retires. He wants to visit with his grandchildren and travel a little.

The funniest experience that Mr. Reitzel had while teaching was when his students turned all their desks around to face the back of the room.

Student Visits Pierre

by Stacy Peters

On January 30 and 31, I went to Pierre as a student journalist to spend two days with Representative Jerome Lammers.

That morning I wandered around the Capitol building and got hopelessly lost. I saw the Eternal Flame. I also chased the geese.

That afternoon Rep. Lammers allowed me to sit on the House floor during the debates. That night I attended a discussion with Kevin and Terry Woster. The Wosters are brothers and journalists. They discussed various aspects of journalism.

The next day I attended a press conference with Gov-

ernor George Mickelson. Mickelson commented that the All-State Journalists asked more intelligent questions than the professional journalists.

After the press conference, I attended a hearing about a gambling bill and a bill to change the official nickname of South Dakota from the Sunshine State to

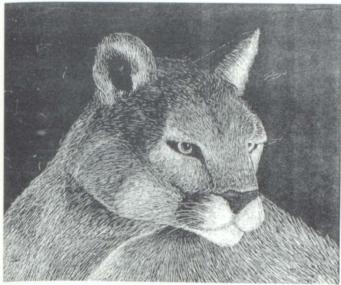

the Mt. Rushmore State.

My trip to the legislature made me aware of how our government works. Now I better understand why the government has so many problems. The legislators don't listen to each other. They vote for what their party wants and not for what they feel is right or wrong.

The Birth of Our Friendship by Staci Johnson

The day I became your best friend
I felt a little strange
Something happened inside of me
My heart began to change

I became a better person My smile grew wider, too Each time I held you in my arms

I felt fresh and new

I fell in love with the feeling The softness of your face I understood completely No one could take your place

Homework became less important

The pencil and paper stood

While my role as your best friend

Became my greatest thrill

I realize without a doubt
This friendship has made me
whole

Your sweet love has engulfed my heart

And touched my very soul!

The Hmm Pages1991-1992

THE YEAR

"Sax in the morning, Sax at night, Sax anytime makes me feel right. Sax is good And sax is fun, Sax is great For everyone."

Christopher Benning displays his Sax shirt.

Mark Olson and Tom Wiseman are dressed as their fantasy dates.

There were many interesting fashions walking down the corridors of MHS last year.

The first thought-provoking fashion was seen on the high school saxophonists. (Left) The back of the T-shirt listed the names of the saxophonists in marching band.

During Homecoming week, many bizarre costumes were worn. The strangest costumes were worn by the guys on Opposite Sex Day. Let's hope that their costumes don't depict the looks or physique of their ideal women.

Homecoming also inspired some mind-boggling hair-cuts. Members of the football team shaved different pictures and words into their hair. Many of the female football fans shaved the bottom of their heads to show their support of the football team.

The next fashion has been around for awhile. Many students wore their overalls with only one strap buttoned. This fashion must have been inspired by Elden, the painter on Murphy Brown, because he always wears his painter's overalls with only one strap.

Josh Anderson pads himself before football practice.

Paul Schamber wears his furry Russian hat with earflaps.

IN FASHION

The cooler weather of late fall inspired another fashion: the Baja shirt. The Baja shirt is more commonly known as the rug. The rug looks like a car seat cover that was made into a shirt.

The football players tried other fashions that were not as widely accepted as their haircuts were. Furry, Russian hats with earflaps may be warm on the windy football field, but the hats are too hot to wear inside.

Another football fashion that didn't catch on with the rest of the students was padding themselves. The padding helps to protect the football players against tackles, but it is rather awkward and cumbersome to wear in school.

Senior girls had their own fashion in shoes. The favorite shoe was the big ADIDAS shoe in bright colors like blue, green, red and maroon.

The last set of fashions celebrated Christmas. Many students wore sweaters and sweatshirts with Christmas designs on them.

There were many different fashions this year. Some of the fashions were flattering; some were not as flattering and some were just plain weird.

Randi Ayers and Jim Harmon are followers of the Elden cult.

Niko Muller-Weihrich, a foreign exchange student and

Melanie Iverson and Deb Simon are Homecoming fashion plates.

Angie Jones gets into the spirit of Christmas with her Santa Claus sweatshirt.

Cindy Heidelberger keeps warm at a cross country meet.

Academics have always been the principal focus of the efforts in this institution (snicker, snicker). The pursuit of excellence in academics has made the exceptional learning environment so many students at MHS enjoy today (chuckle, chuckle). In fact, Mr. Joe Austin, ever-reliable speaker of wisdom, puts into words the very attitude upon which academics here at MHS have been built: "Well. do you have any questions on this garbage I assigned for today?"

The seven-period school day, it seems, can never pass quickly enough, even for those who are warped enough to find school fun. And for those who don't enjoy school it doesn't matter anyway, because they/we sleep through it.

The Madison Alternative High School, AIM (Achievement Is Mine) High, is a different environment for "at risk" students. Students who have attendance, disciplinary, domestic, or chemical dependency problems have the opportunity to attend AIM High if MHS does not suit their needs. School counselor Mrs. Diana Larson commented about AIM High's success in meeting its goals: "Success is hard to measure, but it has been successful in meeting the needs of a particular group of students."

No matter how small or large, boring or exciting, MHS is still one of the most typical schools in the state. Kids in Sioux Falls still say, "school stinks," just like we do here in Madison. So it seems that no matter where you go, school is always school.

Phil Germann

Heather Wood experiences the jous of motherhood. (Thankfully, it ends when 🦏 🖣 the bell sounds, huh?)

66 What does origami have to do with government, Joe? (Joe Melcher) "

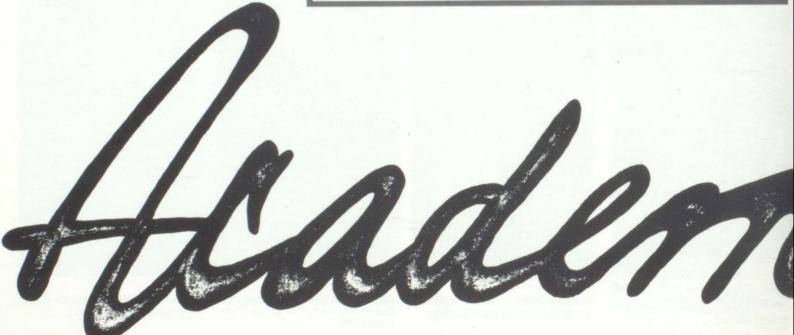

how to do it. (kinda makes

Art Adds Dimension to Academics

To fulfill the 1/2 credit needed for fine arts, many students take an art class. The class most students take is Art-1. This class teaches basics in colorconcepts, terminology, and negative space drawing. With each progressive level, students experience more in depth study in different art fields and are required to do more independent work.

This year, the art students had a special treat. Dick Termes, a very talented South Dakota native, visited with some of the classes about his very unique form

of art. His "thermospheres" are actually six-point per-

Mr. Termes is nationally known and has been com-

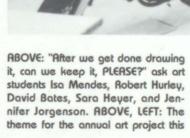

"Being a firm believer in learning by doing, Mrs. Frederick has motivated me in more than just my leadership skills. "Mrs. Fred", as she is affectionately referred to by her students, has stimulated me to enhance my artistic ability." Heidi Donohue

spective imposed onto a sphere. His form of perspective is different in that he actually has a patent for it. missioned to do many pieces in and out of South Dakota.

Another exciting prospect for the art students is a trip to the Walker Art Center in Minneapolis, MN. The trip will actually be a combination for the art and charus classes. This way the students will have the opportunity to not only go to the art center, but also to Chanhaussen Dinner Theater, All in all, the trip promises to be a cultural experience for all involved. But, of course, there will be an afternoon spent at Valley Fair, so it won't be purely education-

by Heidi Donohue

year is Christmas songs. Can you guess what these songs are? LEFT: Betcha you can't play basketball with that. Dick Termes holds up one of his 6-point perspective pieces.

Foreigners Invade MHS

What does the football team do when they're short a kicker? Import one! At least, that was this year's solution. Niko Muller-Weihrich, the team's kicker, was one of two exchange students this year.

Niko was a junior from Munich, Germany. Besides football, he has participated in Marching Band and Jazz Band and contributed to the Maroon. His host parents were Mr. and Mrs. Louis Pape. Back home, he left his parents, Stephan and Swantie, two sisters, Julia, 18, and Konstantine, 3, and his girlfriend, Vera.

Niko says that he enjoys America, but that things are very different here than they are in Germany. "The school seems to be easier to me, and sometimes it's Play and was a faithful Marching Band supporter during the school year. She was hosted by Dick and

Ask Niko what he wants written about him, and he'll say, "Tell about how nice those German kids are."

really fun. But I cannot stand the drinking age." (Germany has no drinking age.)

Isabelita Mendes was a senior from Brazil. She participated in the One-Act Mary Donohue and Roger and Nancy Moose.

Isa says that she likes the fact that Madison is small, yet it has stores, restaurants, and offices. She has found the people here

friendly. Still, she has noticed a lot of differences between the US and Brazil. For instance, Brazilian schools do not offer classes like band, chorus, typing, and home economics, nor do they have study halls. Also, they begin classes at 7:20 and are finished by 12:40. Students in Brazil only go to high school for three years.

It isn't often that MHS hosts two exchange students who make such a contribution to the school. We were all sorry to see Niko and Isa go home, but then, there's always next year.

BANG! The Evolving Cosmos

On October 1-2 a few of our students had a very special opportunity, the XXVII Nobel Conference held at Gustavus Aldolphus College in Saint Peter, Minnesota. Mr. Dick Bortnem accompanied the six seniors there.

The subject that the six professors lectured on was "BANG The Evolving Cosmos." All of the lecturers are well known in their fields and teach at such prestigious institutions as Harvard and the California Institute of Technology. Each speaker picked a different aspect and prepared approximately an hour long lecture.

Talented college groups

provided live musical interludes for entertainment. The first day ended with a speopen for viewing. The second day, William A. Fowler was cited for an honorary

"I couldn't have been more pleased to take such a fine group of students to the conference. We can all be very proud of their exemplary behavior." Advisor Dick Bortnem

cial Nobel Concert, performed by the Gustavus Aldolphus Symphony Orchestra. After that, an art exhibition at the newly constructed F. W. Olin Hall was degree as a Nobel Laureate. He also received the Nobel Prize in Physics in 1983.

The students were able to

attend all of the lectures but were also given plenty of free time to explore the beautiful college campus. Most of them found the game room with its miniature bowling alley, pool tables, and video games especially entertaining. Another way used to pass the time was browsing at the bookstore.

At the end of the two days, everyone had learned anything and everything they ever wanted to know about the universe, but of course they managed to have fun too. Some even managed to catch up on some sleep during the more "intellectual" lectures. — Heidi Donohue

OM: Doing It One More Time

What happens when you put together six girls, a lot of cloth, a few hunks of wood, several power tools and a challenge? Judging from MHS's lone Odyssey of the Mind team this year, good things. Sawdust and ideas fill the air (admittedly, sometimes in that order), scripts are revised (and re-revised), costumes are sewn, and a general state of chaos reigns for about three months.

There are tangible rewards. Between themselves, the girls have competed at six World Finals. Amanda Amert, Heidi Donohue, Amy Hassan, Emily

Jensen, Lynelle Lindsay and Amy Schuurmans are still playing to win, there's no doubt about that. This year, Odyssey of the Mind consists of two parts — one (long-term) prepared to certain specifications and one (spon-

Why do they put themselves through all of this? "We haven't quite figured that out yet," said Amanda Amert, one of the team's six juniors.

their goal was to surpass their own performance at World Finals in Ames, Iowa. "I think of that day as a high point in my life," says Amy Hassan. taneous) is on-the-spot brainstorming. The team has excelled at both areas over the years, earning several special creativity awards. With a few exceptions, these six students have worked together for seven years. While the makeup of Madison's winning teams has changed from year to year. its general philosophy has remained the same. They have striven, above all else. to be one step up from the rest. While their quest for perfection sometimes leads them into trouble, they all agree that it is the expression of the spirit that makes them winners — no matter what place they finish in. — Amanda Amert

In the morning before school, the people of MHS can be seen everywhere you look. Some stand in the hall next to their locker, some sit in Senior hall, some hang out in the library, and a few even go to class and wait for it to start. These figures we see walking to class every day are all part of a hierarchy which will never be broken.

As freshmen, we all were a little nervous about the first couple of weeks of school, inflated by tales of late-night rides to the graveyard and horror stories of "initiation." After the first month, we all realized that we probably wouldn't die if we walked through Senior Hall.

The sophomore year is one of attitudes. Because we were no longer freshmen, we were gods. Most of us turned "sweet sixteen" and really started to get into weekend life.

By our third year at MHS, the seniors seemed to gain a little more "humanness," because we knew them better than the other graduating classes. We actually started thinking about what to do after high school, and that maybe we had better shape up our academics.

The final year in our high school, the senior year, is highly overrated. I personally spent three years warming up for this most holy year. Picking on (oops ... excuse me) initiating frosh, we're the top of the heap — what could be better? In all actuality, the first half of the year was spent trying to figure out what to do after high school, and the last half was spent anticipating that magic date — May 24, 1992.

GRADUATION! Now we can take the classes we want and drink pop where we want. What could be better? Maybe the times we all had during our four years around the people of MHS.

- Phil Germann

New Spanish teacher Mr. Dave Johnson says that he is enjoying his classroom experience and that he is learning new things every day.

Isabelita Mendez
Here it is easier for the teachers to care for the students because the classes are smaller. The students are a little colder here than they are in Brazil, but that's just your culture. Seniors don't get privileges at home, either.

Mrs. Lora Milne says that she misses the closeness of a smaller staff and can't wait for next year, so she doesn't have as much nervousness when the year starts.

Cam Havlik is always happy to smile for a picture, even while he's letting the vampires from the clinic take his blood for the March 18th drive.

"You get what you pay for!" says phil Germann while pointing out the free Christmas tree, provided through the Natural Helpers, to Christopher Benning, Alison Grad, and Stacy Peters. This particular tree seems grown to fit our wall in Senior Hall.

At a Glance: MHS People

Favorite class: HA!

Favorite weekend activity: (censored)

Number willing to donate a piece of themselves to the blood drive: 58 (equal to about 4 1/2 whole people)

Percentage of MHS people in school daily: 96% (estimated)

Favorite movie: MHS is too diverse to tell

Music of choice: MHS is too diverse to tell

Favorite school activity: MHS is too diverse to tell

"We were very enthused and excited a man of his caliber and accomplishments is coming to our school district." -Carol Kleibacker, a teacher on the committee which hired Mr. John Sweet for the position of superintendent.

Administration makes you

At the heart of just about anything that made us go hmmm this year was the administration. Some tough decisions had to be made this year and when anything went wrong or was unpopular, it was generally the administration that got blamed. The major problems, however, did not have anything to do with pop or freshmen initiation; they had to do with the real business of MHS: teaching. With 3 1/2 teaching positions eliminated in recent years and with Ken Reitzel and Bob Miller retiring this year, it has been an increasingly difficult task to make sure the quality of teaching at MHS remains high. Furthermore, only one of the two positions opened by Mr. Reitzel and Mr. Miller is, under current plans, to

be filled. Also retiring will be Superintendent William Jiricek. In his place will be the former Superintendent of the Douglas School District, John Sweet. Mr. Sweet prepared for the position and in his own words, "It is with a great deal of positive anticipation that I look forward to beginning duties as superintendent of Lake Central School District in July."

Many tough decisions had to be made this year and the administration caught some heat for them, but when everything is said and done they still do their best to provide a quality education to us all.

Their Job Is

Coo the

One food service manager, 2 cooks, 4 helpers, 8 busdrivers, and 4 janitors are behind the scenes making the school operate smoothly.

The cooks start their jobs at 6:30 a. m. and work to 2:30 p.m. They serve 960-1000 students in all the public schools. Some of the favorite meals include turkey gravy and biscuits, chicken nuggets, hot ham and cheese sandwiches, pizza, and tacos. In addition to the regular hot lunch program, a new a-la-carte line was added this year. The menu includes hamburgers, fries, pizza, corn chips, corn dogs, chili dogs, and fruit.

The busdrivers start their routes at 6:50 a.m. and pick up their first passengers between 7:00 a.m. and 7:05

a. m. Extra-curricular activities have Bill Magnuson drive for most of them; the other bus drivers share the trips.

Marlin Williams starts his shift at 6:00 a.m. and works till 2:30 p.m. doing maintenance, etc. Dick Allgaier starts at 2:00 p.m. and works until 10:30 p.m. cleaning the classrooms and hallways. Don Dixon starts at 4:30 p.m. and works until 10:30 p.m. cleaning the lunchroom, library, auditorium, and the gym. Bonnie Hakeman does laundry, serves for the a-la-carte line, and cleans the offices, girls' bathrooms, and girls' locker room. The hours she works vary. — Jodi Jung, Kari Raethz

...struggle with restricted licenses...

...pick "best" and "worst" looking cars...

...survive accidents.

New Drivers at MHS

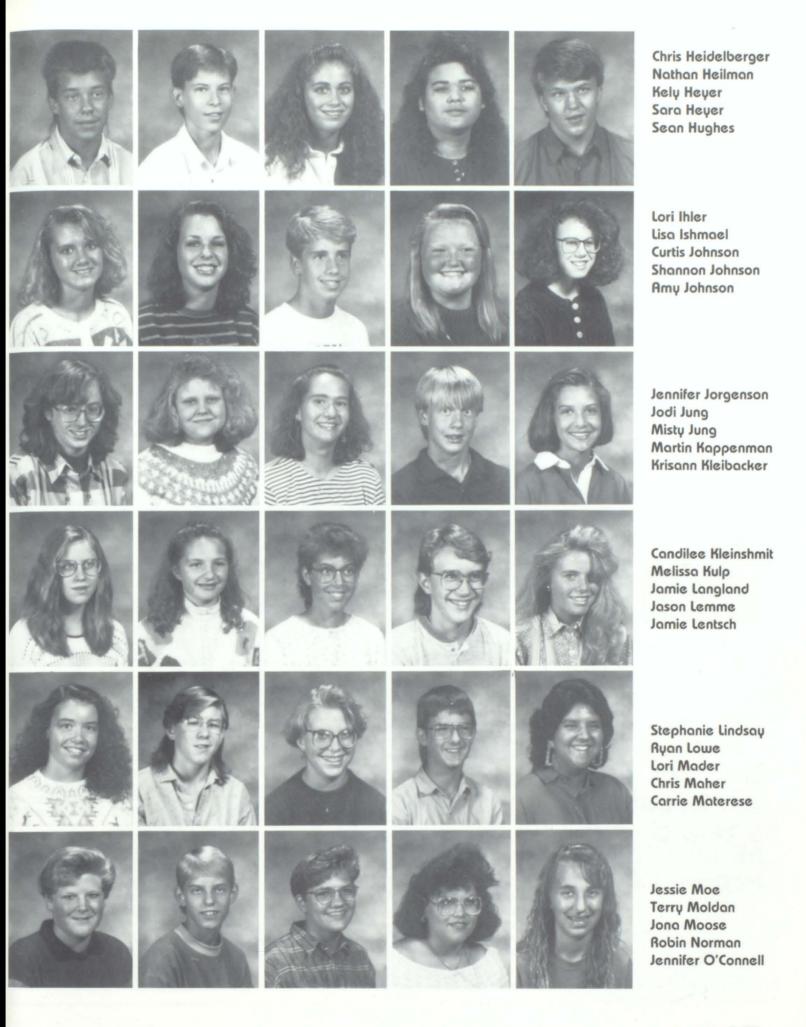

EEWAGEE

Driving before 8 p.m. causes problems in the lives of some freshmen with restricted licenses. Though some freshmen drive after hours, many parents make them keep within the driving limits.

While taking a survey to see who has the best and worst looking car we came up with these results: Corey Strom and Dan Graff for the best looking car and John Wingle, Donny Bruns, Corey Strom, and Dan Graff for the worst looking car. Notice that Corey Storm and Dan Graff are in both the best and worst looking category.

Freshmen had their share of accidents. Some of them involved Jammie Spotanske, Kelly Thayer, and Misty Jung. Jammie had a little fender bender, but no one was hurt. Kelly, as we all know, rolled a vehicle and went through the windshield. She wasn't seriously hurt. Misty went sliding on ice and slid into another car. All survived.

Even though 25-30 freshmen have parking stickers to park in the back lot, some park in it without a sticker. What happens to the students without the stickers? "No punishment is given unless something severe happens. It is used for informational purposes only," said Mr. Dennis Germann, principal. by Kari Raethz

Freshmen

participate in 1st ever rookie band camp, August 1-3.

"It helped a lot, I wasn't so confused." Misty Jung

"It was fun." Lisa Bickett

"We all felt very welcome and we learned a lot." Sara Eich

"Rookie camp was great because the freshmen worked very hard and by the end of the 3 days, they were part of the band. I don't know if I've ever worked with a better group of freshmen." Director Dennis Hegg

Some of the local businesses (Pizza Hut, Hardee's, Dairy Queen, and Taco John's) donated food to feed "The Spirit of Madison". Here Sara Eich and Jammie Spotanske get Taco John's potato oles, tacos, and

pop. On one of the really hot days the Spirit refreshed itself by running through the sprinkler system on the practice football field.

Freshmen, you are

THE EVILLY

What does it take to get a group of people with at least average intelligence to forget how to shout, walk, and remember which foot is their right and which is their left? You guessed it, the Spirit of Madison Rookie Band Camp. While those were long, hot, and frustrating days for everyone, they stand out as the most rewarding and fun days of my career as a drum major.

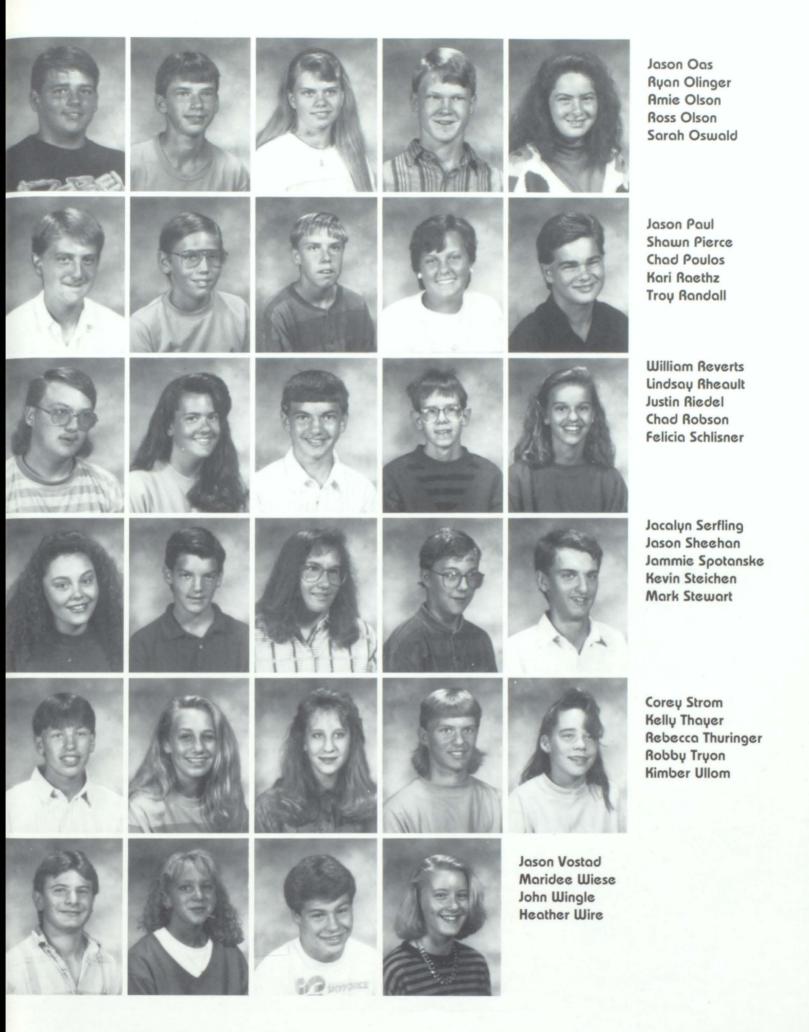

The first day I remember seeing scared and reluctant faces staring at me as I spilled out the vast knowledge I possess about marching and motivation. I often wonder how scared my face must have looked the first time I watched our fresh-

men try to march 8 to 5.

By the time the drill camp started, however, the freshmen were really looking pretty good. And although the marching season was exciting and fun, nothing ever felt quite like those days during Rookie Camp.

FRESHMEN BAND MEMBERS: YOU ARE THE SPIRIT. And in life, if you can remember to keep your feet together, stomach in, chest out, shoulders back, elbows frozen, chin up, and eyes WITH PRIDE, I have no doubt that the SPIRIT will live forever.

Beat Seniors in giving "real" food for people...

Christmas '91
The Natural
Helpers sponsored a food
drive for the
Madison Food
Pantry. The class
who donated
the most items
was to receive
pop at the
Christmas party.

The Sophomores complained about the Seniors' giving in the following letter ...

Heith Janke Erin Jankord Christopher Janssen

Jared Jensen Chris Jerlow Andy Johnson

Ben Johnson Daniel Johnson Jennifer Johnson

Larry Johnson Lars Johnson LeAnn Johnson

December 20, 1991

Dear Maroon Editor:

Regarding the Natural Helpers food drive for the Food Pantry: We as Sophomores would like to commend the Natural Helpers and their advisors for their efforts.

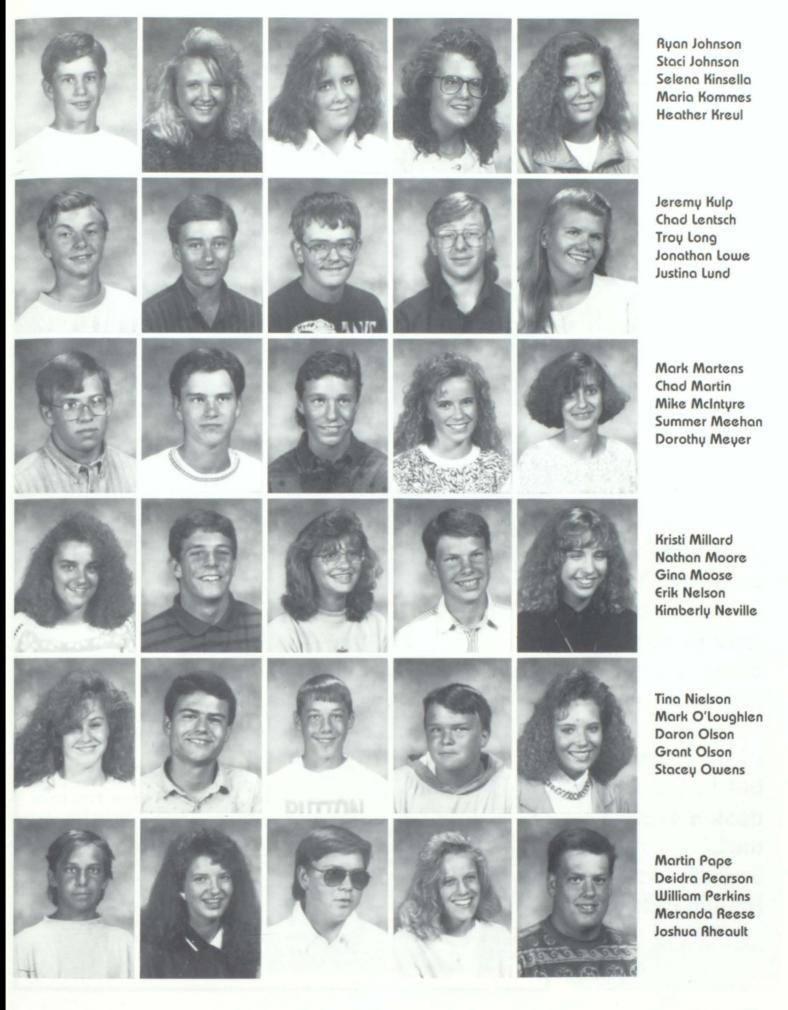

However, if you are going to have a contest, rules and regulations are to be adhered to and defined. If you are not going to set forth some sort of regulations, your contest will have no validity.

The Sophomores entered this contest with high moral standards and the Food Pantry's interest at heart. The quality of our contributions were high and the spirit of competition was one of fairness!!

The seniors reduced the true meaning of the spirit of giving to a Twix candy bar. The sophomores responded with real food for real people.

It would seem the seniors were more interested in winning than in the spirit of giving.
Sincerely yours,
The Sophomore Class

1,949 items of food were donated, making the food drive a success.

ophomores

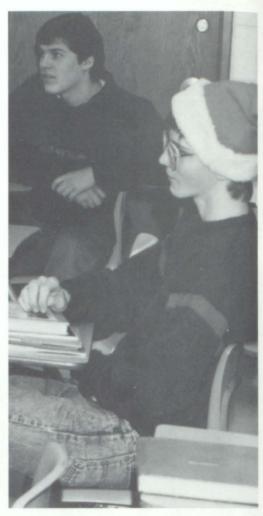

experience shaky knees, sweaty palms, and queasy stomachs ...

SPEECH

"Most students discover the value of speech class after they have left the hallowed halls of MHS. Many of the students have gone on to utilize the skills taught in class not only in a college program but in the business market as well." Speech teacher LEFT: Mark Martens and Joey Lund express their feelings in speech class with student teacher Mike Whit-

comb. RIGHT: Matt Jacobs and Travis Larson participate in a pre-Christmas speech class.

MHS Requires

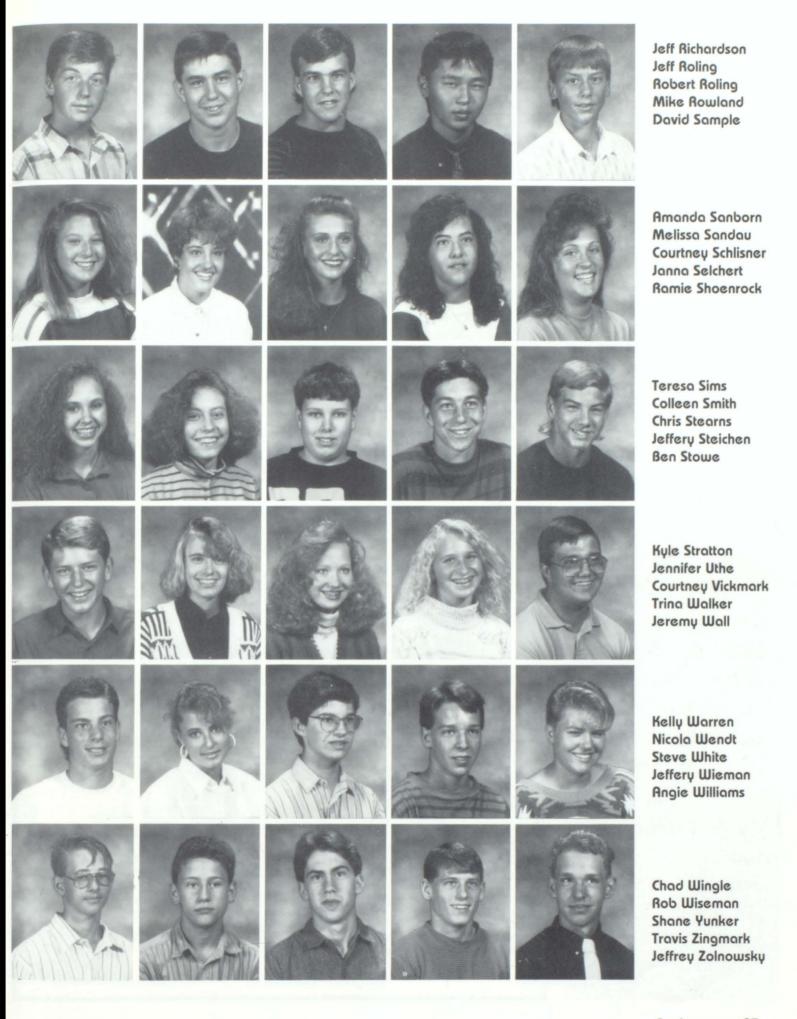

EVEELL

At the beginning of the year, most sophomores have a common fear-SPEECH CLASS! Even after being assured that the class has never caused a death, many still experience shaky knees, sweaty palms, and a queasy stomach when giving a speech. But, as many students have discovered, speech isn't really as bad as it seems!

There are other things that students don't like about speech, besides speaking in front of peers. Some detest dressing up, and others don't like all of the speech topics. First topic: How to get to your house from the high school and to 3 other places. Gina Moose said of the first topic, "I didn't want people to know where I live!" After taking speech, most students will agree that they benefited from the class, although, in some cases, it has caused some embarrassing moments!

Decorate Lockers

with ... pictures, clothes brands, wrapping paper, pop cans, snakes ...

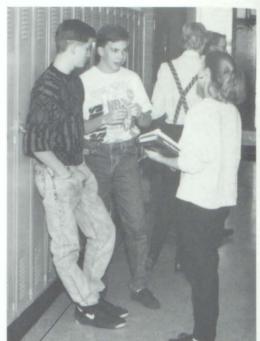

Randi Ayers' locker displays flowers, the characters from Bloom County, Far Side cartoons, and various pictures of Rich Stearns and Mark Hartman.

LEFT: Melissa Hultgren's checker-board locker is adorned with her favorite brands of clothing.

RIGHT: Juniors Spencer Hammer and Aaron Tonsager use their locker as a back rest while talking to Felicia Schlisner.

Home Away From Home:

For years students at MHS have taken a small pride in their "home away from home"- their lockers. It's a long-held tradition that no one thinks about, but it really is an art to be appreciated. It takes time, effort, money, and a little creativity to get some lockers to suit their owner's tastes.

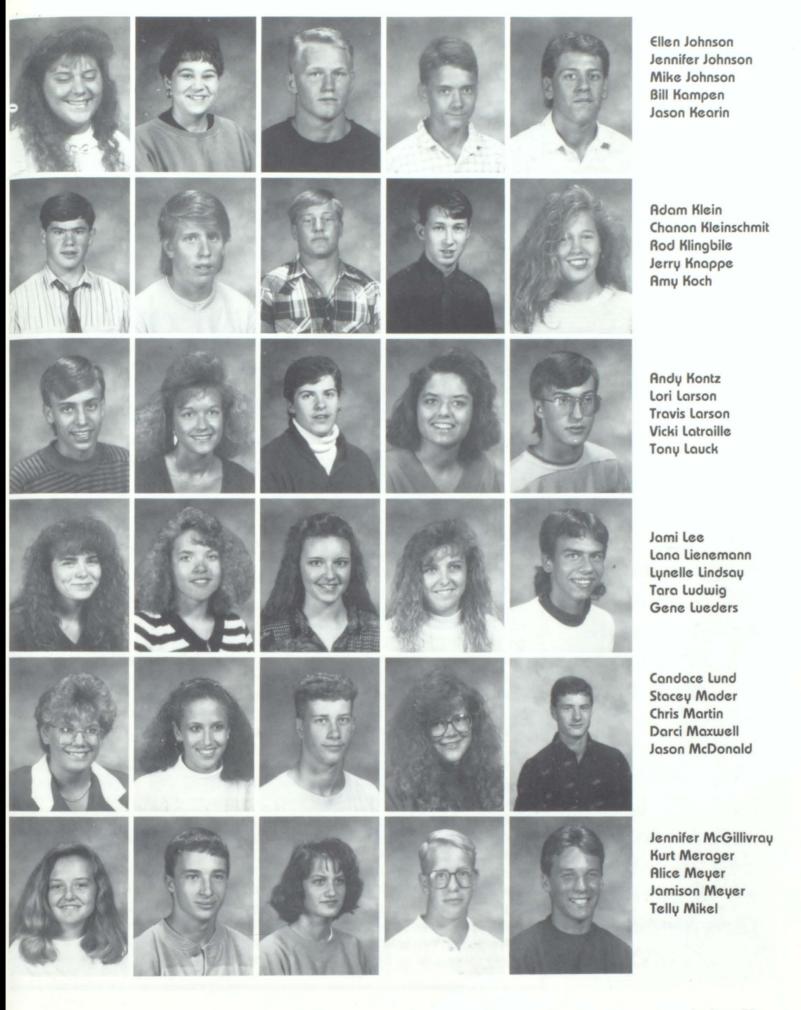

One of the most common ways to decorate a locker is wrapping paper. Then the door is ready for photos of friends, relatives, girlfriends, or boyfriends or even the family dog. Kelli Hughes calls her locker "Collage of Dave." Stars work nicely toosport stars, movie stars, rock stars, and even a country star like Garth Brooks. Labels of popular clothes brands like Guess?, Pepe, ESPRIT, and others do the job just as well. Another popular choice of interior is the collection of locker posters from cheerleaders. They are an inexpensive, effortless, and spirited way to bright-

en up a locker.

Wrapping paper and mag cutouts aren't the only way to give "life" to a locker, as Alison Grad found out when she discovered a gartersnake in her locker. The reptile was promptly removed by a nearby sophomore. This type of decoration is not recommended.

This year, with the new Pop Law, the practice of stacking pop cans was ended, although a pop can did manage to sneak in once in awhile.

I'm sure I didn't mention all the different ways to make a locker a better place to store books, but I hope I managed to shed light on the "elaborate and noteworthy art" of the decorated locker. by Randi Ayers.

Where will we be when our ten year reunion rolls around? Many will have families of their own and most will have a good start on their careers. Some of the families will have kids, while others will be too busy. Some will have prestigious jobs such as doctors, lawyers, professors, or maybe one of us will even end up being President? Will the majority of our senior class remain basically the same as we know them? We'll see at our ten year reunion in 2002!! Pages done by Kelli Hughes

Madison celebrates its 100th High School Commencement. Congratulations to After graduation, the graduate sees the world in a new light. For some, this new light is a four letter word, work. Three days after the commencement ceremonies, I spied Chris Benning, the class valedictorian, mowing a lawn. I asked him if mowing lawns was what life came down to after graduation. He snickered and replied, "No. It gets worse than mowing the lawn; I had to get a job

at Hardees."

Because graduation is like an emotional roller coaster ride of sad endings and exciting, new beginnings, Melanie Iverson described the day as "exhilarating." Marlo Natwick was filled with many mixed feelings too. She said, "I was sad before commencement began. It seemed like an ending. As I looked at all my classmates, I thought it

was the last time I would see some of them. But after commencement, it was like a new beginning, a celebration."

.. the Class of '92

ABOVE: Planning to join the U.S. Air Force, Cori Frederick is one of several who proudly advertises future plans on her cap. RIGHT: Senior Advisers, Don Hulm and Ken Winterton, help organize the processional. Anticipating the final moments are Krista Johnson, Gary Graff, Jason Jerke, and Mike Greene.

LEFT: Scott Appelwick. BELOW: The ten highest-ranking students academically are Heidi Donohue, Deb Simon, Linette Hulm, Chris Benning, Heather Carlson, Phil Germann, Derik Kleibacker, Gina Pederson, Jenny Blake, and Julie Cole. Eight

students were recognized as Regents Scholars for meeting requirements of the state Department of Education and Cultural Affairs and the Board of Regents. This Status allows them automatic entrance into any of the six state universities. They are Chris Benning, Julie Cole, Heidi Donohue, Krista Johnson, Derik Kleibacker, Joe Melcher, Deb Simon, and Lisa Stamm.

Retiring School board Chairman, Dennis Paul, gives Danelle Aus her diploma.

Chris Downs and Jeremy Kreul.

The Seniors choose class motto:

66 We come as strangers
We Leave as eternal friends.

Freshmen girls' basketball players are, ROW 1: Felicia Schlisner, Sheri Ellis, Kelly Thayer, Kimber Ullom, Candilee Kleinschmit, Jessie Moe. ROW 2: Coach Bill Thurow, Heather Feige, Kely Heyer, Jammie Spotanske, Lisa Ishmael, Kari Raethz.

Freshmen boys' track members are, ROW 1: Student teacher Rob Grady, Curtis Johnson, Jeremy DeCurtins, Martin Kappenman, Jason Brenner, Mike Bulick, Coach James Cordts. ROW 2: Donny Bruns, Corey Strom, Danny Graff, Kester Dahl, John Wingle, Nathan Heilman, Sean Hughes, Eric Traxler.

1991-92 In Review

We knew that this year was going to be a hmm ... year before we started, but we don't think anyone expected everything that's happened ...

First of all, MHS, like many South Dakota high schools and universities, had a bomb scare. The threat came right after lunch on April 22. Everyone went directly out the door and trekked the six blocks through the slush and mud to the DSU armory. The majority of students and faculty were unimpressed to say the least. As we all remember all too well, the lost school time was made up the next day after the last bell.

On a slightly happier note, the MHS Art students, with the help of Mrs. Jill Frederick, once again put on a phenomenal art show. The show opened May 3 in the Old Firehouse Gallery.

The debate team qualified Cindu Heidelberger to go to the National Debate Tournament in Fargo, North Dakota for Dramatic Interp. At the State Debate Tournament, the team of Germann and Benning took second place and the team of Amert and Grad took fourth in traditional debate. In Extemp, Germann took third on the Foreign side while Benning took third on the Domestic side. Amert also took fourth place in Original Oratory.

As anyone with classes on the the east side of the building would testify, the new middle school has been started. In the words of Mrs. Lora Milne, who teaches next to the construction, "It's given me a headache more than once!"

It has been a long year with lots of excitement, lots of laughs, and most of all, lots of memories.

— Chris Benning and Alison Grad Phil Germann, Dan Ziebarth, Chris Benning, and Deb Simon are the recipients of this year's music awards for band. Germann and Ziebarth received the John Phillip Sousa award. Benning received the Louis Armstrong award, and Deb Simon received the Spirit Award.

LEFT: Cindy Heidelberger qualifies for Nationals with her piece "My Friend Never Said Goodbye."

ABOVE: As Jennifer Uthe, Dorothy Meyer, Cam Havlik, and Nichole Barry tell us ... "We are outta here!!"
