Independent Auditor's Report

The Board of Directors
Pioneer Memorial Hospital & Health Services and Pioneer Memorial Foundation
Viborg, South Dakota

Opinion

We have audited the consolidated financial statements (financial statements) of Pioneer Memorial Hospital & Health Services and Pioneer Memorial Foundation (Organization), which comprise the consolidated balance sheets as of December 31, 2022 and 2021, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pioneer Memorial Hospital & Health Services and Pioneer Memorial Foundation as of December 31, 2022 and 2021, and the results of its operations, changes in net assets, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the Company has adopted the provisions of FASB Accounting Standards Codification Topic 842, *Leases*, as of January 1, 2022, using the modified retrospective approach resulting in an adjustment at the beginning of the adoption period. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Organization and Significant Accounting Policies

Organization

Pioneer Memorial Hospital & Health Services (the Organization) consists of a 12-bed critical access hospital, a 46-bed nursing facility (licensed 3 beds during the year ended December 31, 2022, increasing from 43 to 46 beds), a 20-unit senior housing facility, a 10-unit assisted living facility, and clinics located in Viborg, Parker, and Centerville, South Dakota. The Organization is a South Dakota nonprofit corporation and has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3).

Management services are provided to the Organization by Sanford Regional Health Network (Sanford) under a management services agreement (Note 14).

Foundation

In September 2007, Pioneer Memorial Foundation (Foundation) was formed to support the Organization. The sole member of the Foundation is the Organization. The Foundation has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3).

Principles of Consolidation

The consolidated financial statements (financial statements) as of and for the years ended December 31, 2022 and 2021, include the accounts of Pioneer Memorial Hospital & Health Services and the Pioneer Memorial Foundation. All significant intercompany accounts and transactions have been eliminated in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

The Organization has determined the fair value of certain assets and liabilities in accordance with generally accepted accounting principles, which provides a framework for measuring fair value.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Consolidated Financial Statements
December 31, 2022 and 2021

A fair value hierarchy has been established, which prioritizes the valuation inputs into three broad levels. Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. Level 3 inputs are unobservable inputs related to the asset or liability.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding assets limited as to use.

Patient and Resident Receivables

Patient and resident receivables are uncollateralized customer and third-party obligations. Payments for services are generally required partly in advance and partly upon receipt of the bill after payment by insurance, if any. Unpaid patient and resident receivables, excluding amounts due from third-party payors, with invoice dates over 90 days old have interest assessed at 1.0% per month. Due to the uncertainty of collecting private pay accounts, these interest charges are recognized as income when received. Payments of patient and resident receivables are allocated to the specific claims identified on the remittance advice or, if unspecified, are applied to the earliest unpaid claim.

Patient and resident accounts receivable are stated net of any contractual and implicit price concessions and then further reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the Organization analyzes accounts for adverse changes in a patient's or third-party payor's ability to pay that may have occurred subsequent to recognition. Management regularly reviews specific data about receivable balances and its past history with similar cases to estimate contractual and implicit price concessions, and any allowances for uncollectible accounts.

The Organization's January 1, 2021 patient and resident receivables and other receivables balances were \$1,069,211 and \$110,636, respectively.

Notes Receivable

The Organization issues notes to employees and physicians as part of its recruitment process. Notes are repayable over a three to ten-year period and are issued at current interest rates of 5.25%. The notes are issued with forgiveness provisions over the life of the note to encourage retention. Based on historical analysis, it is anticipated that the balance of the notes will be forgiven. At December 31, 2022 and 2021, notes receivable from physicians and employees totaled \$-0- and \$70,000, respectively.

Supplies

Supplies are stated at lower of cost (first-in, first-out) or net realizable value.

Notes to Consolidated Financial Statements
December 31, 2022 and 2021

Investments and Investment Income

Investments in equity securities with readily determinable fair values are measured at fair value in the consolidated balance sheets. Investments in certificates of deposit are recorded at cost plus accrued interest. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the performance indicator unless the income or loss is restricted by donor or law.

Assets Limited as to Use

Assets limited as to use include assets set aside by the Board of Directors for future capital improvements, over which the Board retains control and may subsequently use for other purposes at its discretion, and assets limited as to use by donors for special projects, capital improvements and endowments. Assets limited as to use that are available for obligations classified as current liabilities are reported in current assets.

Property and Equipment

Property and equipment acquisitions in excess of \$1,500 are capitalized and recorded at cost. Depreciation is provided over the estimated useful life of each depreciable asset and is computed using the straight-line method. The estimated useful lives of property and equipment are as follows:

Land improvements5-20 yearsBuildings and fixed equipment5-25 yearsMajor movable equipment3-30 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as additions to net assets without donor restrictions and are excluded from revenues in excess of expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when donated or when acquired long-lived assets are placed in service. The Organization considers whether indicators of impairment are present and performs the necessary analysis to determine if the carrying values of assets are appropriate. No impairment was identified for the years ended December 31, 2022 and 2021.

Income Taxes

The Organization and Foundation are organized as nonprofit corporations and have been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Organization and Foundation are annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization and Foundation are subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. The Organization files an Exempt Organization Business Income Tax Return (Form 990T) with the IRS to report its unrelated business taxable income.

Notes to Consolidated Financial Statements

December 31, 2022 and 2021

The Organization and Foundation believe that they have appropriate support for any tax positions taken affecting its annual filing requirements, and as such, do not have any uncertain tax positions that are material to the financial statements. The Organization and Foundation would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Resident Trust Funds

The Organization acts as a custodian for the funds of the residents. These funds are included in cash and trade accounts payable in the accompanying financial statements. Resident trust funds totaled \$8,468 and \$5,587 at December 31, 2022 and 2021, respectively.

Net Assets with Donor Restrictions

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Performance Indicator

Revenues in excess of expenses is the performance indicator and excludes transfers of assets to and from related parties for other than goods and services and contributions for long-lived assets, including assets acquired using contributions which were restricted by donors.

Patient and Resident Service Revenue

Patient and resident service revenue is reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing patient and resident care. These amounts are due from patients or residents, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews and investigations. Generally, the Organization bills the patients or residents and third-party payors several days after the services are performed and/or the patient or resident is discharged from the facilities. Revenue is recognized as performance obligations are satisfied.

Pioneer Memorial Hospital & Health Services and Pioneer Memorial Foundation Notes to Consolidated Financial Statements December 31, 2022 and 2021

Performance obligations are determined based on the nature of the services provided by the Organization. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Organization believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations related to patient and resident services are satisfied over time as the patients or residents receive inpatient acute, outpatient, clinic, or nursing care services. The Organization measures the performance obligation associated with inpatient acute services from admission into the hospital to the point when it is no longer required to provide services to that patient, which is generally at the time of discharge. The Organization measures the performance obligation for outpatient and medical clinic services over the patient encounter, which is generally short in duration. The Organization measures the performance obligation associated with residents receiving skilled nursing services from the beginning of the performance period generally admission or the beginning of the month, to the sooner of completion of services to that resident, discharge or the end of the month. Revenue for performance obligations satisfied at a point in time is recognized when goods or services are provided, and the Organization does not believe it is required to provide additional goods or services to the patient or resident.

The Organization determines the transaction price based on standard charges for goods and services provided, reduced by contractual price concessions provided to third-party payors, discounts provided to uninsured patients and residents in accordance with the Organization's policy, and/or implicit price concessions provided to uninsured patients and residents. The Organization determines its estimates of contractual price concessions and discounts based on contractual agreements, its discount policies and historical experience applied to a portfolio of accounts. The Organization determines its estimate of implicit price concessions based on its historical collection experience with the respective class of patients and residents.

Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Organization's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews and investigations.

Consistent with the Organization's mission, care is provided to patients and residents regardless of their ability to pay. Therefore, the Organization has determined it has provided implicit price concessions to uninsured patients and residents and patients and residents with other uninsured balances (for example, co-pays and deductibles). The implicit price concessions included in estimating the transaction price represent the difference between amounts billed to patients and residents and the amounts the Organization expects to collect based on its collection history with those patients and residents.

Notes to Consolidated Financial Statements

December 31, 2022 and 2021

The Organization provides health care services to patients and residents who meet certain criteria under its charity care policy without charge or at amounts less than established rates. Since the Organization does not pursue collection of these amounts, they are not reported as patient or resident service revenue. The estimated cost of providing these services was \$109,193 and \$72,275 for the years ended December 31, 2022 and 2021, respectively, calculated by multiplying the ratio of cost to gross charges for the Organization by the gross uncompensated charges associated with providing charity care to patients or residents.

Other Revenue

The Organization participates in the 340B Drug Pricing Program (340B Program) enabling the Organization to receive discounted prices from drug manufacturers on outpatient pharmaceutical purchases and enter into certain contracts with unrelated pharmacies who provide certain prescription drugs to patients who receive rural health clinic and outpatient services. This program is overseen by the Health Resources and Services Administration (HRSA) Office of Pharmacy Affairs (OPA). HRSA conducts routine audits of these programs at health care organizations and monitors program compliance. Laws and regulations governing the 340B Program are complex and subject to interpretation and changes. During the years ended December 31, 2022 and 2021, respectively, the Organization recognized \$586,902 and \$562,241 of other revenue from operations related to its 340B Program contract with an unrelated pharmacy. Other revenue also includes income from public health and contract therapy services, rentals, cafeteria and meals sales, operating grants and other operating transactions.

Other revenue is recognized when obligations under the terms of each contract are satisfied, at an amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing the goods and services. The majority of the other revenue sources are earned by the Organization over time, with the exception of cafeteria and meal revenues which are earned at the point in time that the goods are provided to the customer.

Donor-Restricted Gifts

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of changes in net assets as net assets released from restrictions.

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Advertising Costs

The Organization expenses advertising costs as incurred. Advertising costs of \$23,050 and \$26,477, were incurred during 2022 and 2021, respectively.

Pioneer Memorial Hospital & Health Services and Pioneer Memorial Foundation Notes to Consolidated Financial Statements December 31, 2022 and 2021

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash, money market accounts and investments with financial institutions believed to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the Organization has not experienced losses in any of these accounts. Although the fair values of investments are subject to fluctuation on a year-to-year basis, management believes that the investment policies and guidelines are prudent for the long-term welfare of the Organization.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in Note 13, which presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, such as depreciation, interest and other occupancy costs, are allocated to a function based on a square-footage or units-of-service basis. Allocated healthcare service costs not allocated on a units-of-service basis are otherwise allocated based on revenue.

Change in Accounting Policy

Effective January 1, 2022, the Organization adopted the new lease accounting guidance in Accounting Standards Update No. 2016-02, *Leases* (ASC 842). The Organization elected to apply the guidance as of January 1, 2022, the beginning of the adoption period. The comparative financial information and disclosures presented are in accordance with the legacy standard, ASC 840. The standard requires the recognition of right-of-use assets and lease liabilities for lease contracts with terms greater than 12 months. Operating lease costs are recognized in the consolidated statements of operations as a single lease cost and finance lease costs are recognized in two components, interest expense and amortization expense. The Organization has elected the package of practical expedients permitted in ASC 842. Accordingly, the Organization accounted for its existing leases as either finance or operating lease under the new guidance, without reassessing (a) whether the contract contains a lease under ASC 842, (b) whether classification of the operating lease would be different in accordance with ASC 842, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in ASC 842 at lease commencement.

As a result of the adoption of the new lease accounting guidance, the Organization recognized on January 1, 2022, the beginning of the adoption period, no cumulative effect adjustment to net assets, an operating lease liability of \$131,481, and an operating right-of-use asset of \$131,481. The adoption of the new standard did not materially impact the Organization's consolidated statements of operations, changes in net assets or cash flows. See Note 12 for further disclosure of the Organization's lease contracts.

Subsequent Events

Subsequent events have been evaluated through February 17, 2023, the date the financial statements were available to be issued.

Note 2 - Community Benefit

The Organization maintains records to identify and monitor the level of community benefit it provides. These records include the amount of charges foregone for services and supplies furnished under its charity care policy, and equivalent service statistics.

The Organization also provides services to the community free of charge as follows during the years ended December 31, 2022 and 2021.

	 2022	2021
Charity care - charges foregone Cash and in-kind donations	\$ 184,864 1,409	\$ 111,541 312
Total community benefit	\$ 186,273	\$ 111,853

Note 3 - Patient and Resident Service Revenue

The Organization has agreements with third-party payors that provide for payments to the Organization at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare – Hospital and Clinics: The Organization is licensed as a Critical Access Hospital (CAH). The Organization is reimbursed for most acute care services under a cost-based methodology with final settlement determined after submission of annual cost reports by the Organization subject to audits thereof by the Medicare Administrative Contractor (MAC). The Organization's Medicare cost reports have been audited by the MAC through the year ended December 31, 2019. Clinical services are paid on a fixed fee schedule or on a cost related basis for rural health clinic services.

Medicare – **Nursing Home**: Under the Medicare program, payment for resident services is made on a prospectively determined per diem rate that varies based on a case-mix resident classification system.

Medicaid – Hospital and Clinics: Inpatient acute care services rendered to Medicaid program beneficiaries are paid on a percentage of charges basis. Outpatient services rendered to Medicaid program beneficiaries are reimbursed under a percentage of charges or fee schedule methodology. Clinical services are paid on a fixed fee schedule for rural health clinic services.

Pioneer Memorial Hospital & Health Services and Pioneer Memorial Foundation Notes to Consolidated Financial Statements

December 31, 2022 and 2021

Medicaid – Nursing Home: Resident service revenue for Medicaid beneficiaries is recorded at prospectively determined rates per day. These rates vary according to a resident classification system that is based on individual care needed.

Blue Cross: Inpatient services rendered to Blue Cross subscribers are paid based on prospectively determined rates per discharge. Outpatient services rendered to Blue Cross subscribers are paid at prospectively determined rates per ambulatory encounter or visit.

The Organization has also entered into payment agreements with certain commercial insurance carriers and other organizations. The basis for payment to the Organization under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

Concentration of revenues by major payor accounted for the following percentages of the Organization's patient and resident service revenue for the years ended December 31, 2022 and 2021:

	2022	2021		
Medicare	32%	33%		
Medicaid	14%	13%		
Blue Cross	15%	16%		
Commercial insurance	13%	15%		
Other third-party payors, patients and residents	26%	23%		
	100%	100%		

Laws and regulations governing the Medicare, Medicaid, and other programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Patient and resident service revenue increased by approximately \$61,800 for the year ended December 31, 2022 and decreased by approximately \$18,800 for the year ended December 31, 2021, due to removal of allowances previously estimated that are no longer necessary as a result of final settlements and years that are no longer likely subject to audits, reviews, and investigations. In addition, patient and resident service revenue for the year ended December 31, 2022 increased by approximately \$150,000 as a result of changes in the allowances for implicit and contractual price concessions, due to actual collection activity varying from that which was previously estimated, and by approximately \$86,000 as a result of a one-time payment increase approved by the South Dakota Joint Committee on Appropriations, during 2022, for Medicaid nursing home services provided in South Dakota, from July 1, 2021 through December 31, 2021.

The Organization's estimated third-party payor settlement payable balance as of January 1, 2021 was \$154,000.

Notes to Consolidated Financial Statements

December 31, 2022 and 2021

Generally, patients and certain residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Organization also provides services to uninsured patients, and offers those uninsured patients a discount, either by policy or law, from standard charges. The Organization estimates the transaction price for patients and residents with deductibles and coinsurance and from those who are uninsured based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual price concessions, discounts and implicit price concessions based on historical collection experience. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient and resident service revenue in the period of the change. The ability to estimate the collectability of uninsured and other self-pay patients or residents is contingent on the patient's or resident's ability or willingness to pay for the services provided. Subsequent changes that are determined to be the result of an adverse change in the patient's and resident's ability to pay are recorded as bad debt expense. Bad debt expense for the years ended December 31, 2022 and 2021 was not significant.

The nature, amount, timing and uncertainty of revenue and cash flows are affected by several factors that the Organization considers in its recognition of revenue. Following are some of the factors considered:

- Payors (for example, Medicare, Medicaid, managed care or other insurance, patient and resident) have different reimbursement/payment methodologies
- Length of the patient's and resident's service/episode of care
- Geography of the service location
- Organization's line of businesses that provided the service (for example, hospital, physician services, etc.)

Endowment earnings are shown in Note 11 and are included in net assets with donor restrictions at December 31, 2022 and 2021.

Note 5 -**Fair Value of Assets**

Assets measured at fair value and the related fair values of these assets at December 31, 2022 and 2021, are as follows:

	Total		Acti	ted Prices in ve Markets Level 1)	Other Observable Inputs (Level 2)		Unobservable Inputs (Level 3)

The fair value for mutual funds is determined by reference to quoted market prices. Market volatility of marketable investment securities may substantially impact the value of such investments at any given time. It is possible that the value of the Organization's investments has changed since December 31, 2022.

Note 6 - Property and Equipment

A summary of property and equipment at December 31, 2022 and 2021 follows:

	20	22			20)21

Note 7 - Pension Plan

The Organization has a 403(b) defined contribution retirement plan. The plan includes an automatic deferral feature, and accordingly, the employer automatically withholds a portion of the employee's compensation each payroll period unless the employee makes a contrary election. An employee becomes eligible for an employer contribution after completion of one year of service (832 hours). Effective January 1, 2022, a matching contribution provision was added to the plan in which the employer may make a discretionary matching contribution equal to a discretionary percentage determined by the employer for each payroll period of an employee's salary deferral. Employer contributions, of up to a three percent employer match in 2022 and a one percent annual contribution in 2021, are deposited with the plan trustee who invest the plan assets. Employer retirement plan expense for the years ended December 31, 2022 and 2021 was \$113,912 and \$45,810, respectively.

Note 8 - Concentrations of Credit Risk

The Organization grants credit without collateral to its patients and residents, most of who are insured under third-party payor agreements. The mix of receivables from third-party payors, patients, and residents at December 31, 2022 and 2021, was as follows:

	2022	2021
Medicare	35%	29%
Medicaid	8%	9%
Blue Cross	10%	12%
Commercial insurance	15%	20%
Other third-party payors, patients and residents	32%	30%
	100%	100%

Note 9 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the consolidated balance sheet date, are comprised of the following:

	2022	2021
Cash and cash equivalents Accounts receivable	\$ 6,541,992 1,421,907	
	\$ 7,963,899	\$ 7,432,362

Pioneer Memorial's goal is to maintain financial assets to meet 60 days of operating expenses (approximately \$2.0 million). As part of its liquidity plan, excess cash is invested in short-term investments, including money market accounts and certificates of deposit.

Assets limited as to use by the Board of Directors for capital improvement and by donor are not available for general expenditure within the next year and are not reflected as financial assets to be available; however, these financial assets could be made available, if necessary, for potential liquidity needs.

Cash and cash equivalents include funds received through the Coronavirus Aid, Relief, and Economic Security (CARES) Act Provider Relief Funds administered by the Department of Health and Human Services (HHS). These funds are subject to terms and conditions imposed by HHS, further discussed in Note 15.

Note 10 - Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes or periods at December 31, 2022 and 2021:

 2022		2021
\$ 74,586	\$	62,924
113,139		165,398
275,283		275,283
\$ 463,008	\$	503,605
\$	\$ 74,586 113,139 275,283	\$ 74,586 \$ 113,139 275,283

During 2022 and 2021, there were no net assets released from donor restrictions by incurring expenditures satisfying the restricted purposes.

Note 11 - Endowment Funds

The State of South Dakota adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with perpetual donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund consisting of accumulated investment gains is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund.
- 2. The purposes of the Organization and the donor-restricted endowment fund.
- 3. General economic conditions.
- 4. The possible effect of inflation and deflation.
- 5. The expected total return from income and the appreciation of investments.
- 6. Other resources of the Organization.

At December 31, 2022 and 2021, the Hospital had the following endowment net asset composition by type of fund:

	Without Do Restriction			th Donor strictions	Total	
December 31, 2022						
Donor-restricted endowment funds Original donor-restricted gift amount Accumulated investment gains	\$	- - -	\$	275,283 113,139 388,422	\$ 275,283 113,139 388,422

	\$	<u>-</u>	\$	440,681	\$ 440,681	

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor requires the Organization to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are reported in net assets with donor restrictions. There were no such deficiencies that were deemed material as of December 31, 2022 and 2021.

Investment and Spending Policies

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy the Organization's endowment assets are invested in a mix of cash and cash equivalents, certificates of deposit, and mutual funds. To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization's policy is to maintain sufficient financial stability for the operations of the Organization. Interest and dividends, net of investment expense, are added to net assets with donor restrictions and appropriated by the Board periodically.

Changes in endowment net assets for the years ended December 31, 2022 and 2021 are as follows:

	Without Restri		 th Donor estrictions	Total
Endowment net assets, January 1, 2021	\$	-	\$ 415,394	\$ 415,394

Note 12 - Leases

The Organization leases clinic space under a long-term, non-cancelable operating lease agreement. The lease expires on September 30, 2023 and provides a three-year renewal option. The Organization included in the determination of the right-of-use asset and lease liability the renewal option as it is reasonably certain to be exercised. The lease agreement provides for fixed increases in future minimum annual rental. Also, the agreement generally requires the Company to pay for insurance and repairs.

Notes to Consolidated Financial Statements
December 31, 2022 and 2021

The weighted-average discount rate is based on the discount rate implicit in the lease. The Organization has elected the option to use the risk-free rate determined using a period comparable to the lease term as the discount rate for the lease where the implicit rate is not readily determinable.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on a straight-line basis.

Total lease costs for the year ended December 31, 2022 were as follows:

Operating lease cost	\$ 28,596
Short-term lease cost	12,904

Total lease expense under noncancelable leases was \$48,478 for the year ended December 31, 2021.

The following table summarizes the supplemental cash flow information for the year ended December 31, 2022:

Cash paid for amounts included in the measurement of lease liabilities

Note 14 - Commitments and Contingencies

Professional Liability

The Organization has professional liability coverage to provide protection for professional liability losses on a claims-made basis subject to a limit of \$1 million per claim and an annual aggregate limit of \$3 million. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently, would be uninsured. The Organization is also insured under a claims-made excess umbrella insurance policy with a limit of \$5 million per claim and an annual aggregate limit of \$5 million.

Litigations, Claims, and Other Disputes

The Organization is subject to the usual contingencies in the normal course of operations relating to the performance of its tasks under its various programs. Management assesses the ultimate settlement of any litigations, claims, and disputes in process in determining whether a liability should be recorded, or a disclosure should be presented.

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations, specifically those relating to Medicare and Medicaid programs, can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Federal government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of regulations, which could result in the imposition of significant fines and penalties as well as significant repayments of previously billed and collected revenues for resident services. Management believes the Organization is in substantial compliance with current laws and regulations.

Management Agreement

On January 1, 2019, the Organization entered into an amended and restated management agreement with Sanford, for management services and information technology platform maintenance and support. Under the terms of the management agreement, the Organization is to reimburse Sanford for the salary and benefits of the Organization's Chief Executive Officer, who is an employee of Sanford. The management agreement requires the Organization to pay Sanford an annual base amount of \$45,000 per year, increasing annually based on the lesser of 3% or the increase in the consumer price index, for management services. The management agreement also requires the Organization to pay Sanford an annual base amount of \$243,842 per year, increasing annually based on the lesser of 4% or the increase in the consumer price index, for information technology platform maintenance and support fees. The amended and restated agreement is scheduled to continue through January 1, 2029. At that point, the amended and restated agreement will automatically extend for additional five-year terms unless either party notifies the other party in writing of its intent not to renew at least six months prior to the expiration of the then-current term. Management fees incurred from Sanford were \$50,020 and \$46,680, for the years ended December 31, 2022 and 2021, respectively. Information technology platform maintenance and support fees incurred from Sanford were \$266,437 and \$258,684 for the years ended December 31, 2022 and 2021, respectively.

COVID-19

The ongoing COVID-19 pandemic has caused an economic downturn on a global scale, disrupted global supply chains and created significant uncertainty, volatility and disruption across economies and financial markets. The Organization is closely monitoring its operations, investment portfolio, liquidity and capital resources and is actively working to minimize the current and future impact of this unprecedented situation. As of the date of issuance of these financial statements, the full impact to the Organization's financial position is not known.

Note 15 - COVID-19 Stimulus Programs

Provider Relief Funds

During the years ended December 31, 2022 and 2021, the Organization received \$-0- and \$683,813 of Coronavirus Aid, Relief, and Economic Security (CARES) Act Provider Relief Funds administered by the Department of Health and Human Services (HHS). The funds are subject to terms and conditions imposed by HHS. Among the terms and conditions is a provision that payments will only be used to prevent, prepare for, and respond to coronavirus and shall reimburse the recipient only for healthcare-related expenses or lost revenues that are attributable to coronavirus. Recipients may not use the payments to reimburse expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse. HHS currently has varying deadlines to incur eligible expenses, based on the date the funds were received. Unspent funds will be expected to be repaid.

These funds are recorded as a refundable advance when received and are recognized as revenues in the accompanying consolidated statements of operations as all terms and conditions are considered met. The terms and conditions are subject to interpretation, changes and future clarification, the most recent of which have been considered through the date that the financial statements were available to be issued. In addition, this program may be subject to oversight, monitoring and audit. Failure by a provider that received a payment from the Provider Relief Fund to comply with any term or condition can subject the provider to recoupment of some or all of the payment. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. As of December 31, 2022 and 2021, respectively, the Organization had total refundable advance balances of \$-0- and \$258,575, which included \$-0- and \$24,060 of cumulative interest earned on the funds received as of December 31, 2022 and 2021, and is included in current liabilities on the accompanying consolidated balance sheets. The Organization repaid \$856,977 of unused CARES funds to HHS as part of their Period 1 reporting submission, which was completed during the year ended December 31, 2021. During the years ended December 31, 2022 and 2021, the Organization recognized \$250,436 and \$2,915,741 as Provider Relief Fund revenue, included as operating on the consolidated statements of operations. The remaining \$8,139 of interest included in the refundable advance balance as of December 31, 2021, was recognized as investment income in the accompanying consolidated statement of operations during the year ended December 31, 2022.
