## SCHOOL IMMUNIZATIONS - STAY ON TRACK THIS SUMMER!

Summer vacation is a great time to schedule your child's well-child visit and stay on track with required school immunizations. Routine assessments of your children's medical needs and personalized recommendations from our providers will help prevent illness and ensure a healthy start to the school year this fall. With a little preparation before school begins, you can avoid some of the stressful days and frenetic running around that characterizes back-to-school time.
